Summer is for Trying!

Dwight School Seoul Summer Academy Pre-School Program 2020

PRE-SCHOOL PROGRAM: LITTLE SCIENTISTS !
SESSION 1: JUNE 15 - 26

PROGRAM OUTLINE:

In this program, our Little Scientists will explore their learning to solve problems and complete a range of science experiments, all while improving their **reading skills**. The little learners will also explore the science of cooking, using their math skills to experiment with food. All students will also have a chance to participate in cooperative games and sport. A great way to expand on their learning, problem-solving skills, and extend their math, reading, and writing.

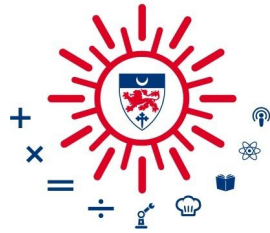

Grade K - 2 PROGRAM: IMAGINATIONS GO WILD!
SESSION 2: JUNE 29 - JULY 10

PROGRAM OUTLINE:

In this program, our young learners will continue to strengthen their reading, writing, and mathematical skills, as they explore art, imagination and creativity in new, messy experiments and activities. They will build on the skills learned in Session 1 as they work through creative projects and challenges. (Attending Session 1 is not a requirement to participate in Session 2).
