To Novi Community School District Parents and Community Members:

I hope that you had a great weekend.

We are in the final stages of our school year. Thank you for all that you have done to support your children through this unusual experience.

We are working to develop guidelines for running our in-person summer school and summer CARE programs. These guidelines will focus on ensuring that we create a safe space for our students and staff. It will include social distancing protocols.

Once those are complete, we still would have to see if the state will allow us to run these programs as in-person experiences.

If they do not, we have Plan B for summer school.

I will keep you posted on our plans as they move forward.

Our teachers are committed to making the last three weeks of this school year meaningful. I recognize that stamina is now a problem. Working together we can make these last three weeks a success.

You will receive an email from your student's principal alerting you to when you can come to the school to pick up belongings and clean our lockers. This will happen the week of June 8.

Gratefully and Appreciatively,
Steve M. Matthews, Ed.D.
Superintendent

Students who are passionate, empowered, and prepared for their world and their future.
