Student Support Team (SST) members include deans, counselors, social workers and school psychologists. These multidisciplinary teams engage in a structured problem-solving process to identify students who need assistance, plan and implement academic and behavioral interventions, and monitor students’ progress. As part of this process, SST members analyze school-wide achievement data, discipline and attendance records, and social-emotional screening data. SST members consult on an ongoing basis with students, teachers, and families to ensure success for all students. If you would benefit from social-emotional, behavioral, or academic supports, please make an individual appointment with your counselor, social worker, dean, or school psychologist.

CONFIDENTIALITY:
Social workers, counselors and school psychologists, as well as supervised social worker, counselor, and school psychologist interns provide counseling services in accordance with several relevant federal and State laws. Before initiating a counseling relationship with a student, these SST members will discuss the nature and limitations of confidentiality. Information shared by a student to a counselor, social worker, school psychologist or supervised intern in the context of a counseling relationship is confidential except in situations where disclosure is necessary to prevent serious and foreseeable harm. Specifically, confidential information will not be disclosed without consent or as otherwise permitted by law unless the counseling service provider believes that (a) the student is in danger of seriously harming him/herself, (b) the student is planning or knows someone who is planning serious harm to someone else or (c) the student, other minor child, or elderly person is experiencing or has experienced abuse (including but not limited to sexual assault) or neglect by a parent, guardian, foster parent, or other individual living in the home or any person responsible for the student’s welfare.

Social workers, psychologists and counselors recognize that the primary obligation for confidentiality is to students. However, SST members value parental involvement and encourage communication between school and home. SST members strive to balance students’ rights to confidentiality with parents’ rights and responsibilities to guide and support their children. For more information regarding the limits of confidentiality, the interested reader should refer to the Family Educational Rights and Privacy Act, the Illinois School Student Records Act, the Illinois Mental Health and Developmental Disabilities Confidentiality Act, the Abused and Neglected Child Reporting Act, and their implementing regulations.

THE STEVENSON TRADITION

At the official dedication of Adlai E. Stevenson High School in November 1965, the superintendent observed that the school was “born of a conflict, nurtured by adversity and destined for greatness.” Nearly 60 years later, Stevenson is well on its way to fulfilling his prediction. Our school has earned numerous honors over the years, including five Blue Ribbon Awards for Excellence in Education from the U.S. Department of Education. We have been named one of the country’s top high schools by several publications and websites. Our teachers are among the very best in the nation, and hundreds of educators from around the country come to visit us each year to learn more about our professional learning community. None of this would have been possible without teachers and students devoting themselves to excellence. Although at Stevenson we always want to be forward-looking and seeking improvement, it is important to know something about the road traveled by the school to reach this point.

Stevenson had indeed been born in conflict. Prior to 1965, students from the area attended school at Ela-Vernon High School in Lake Zurich. In 1964, however, there was growing disagreement between the western (Lake Zurich) and eastern (current Stevenson) sections of the district about the direction the school should take. In 1964, the Ela-Vernon District voted to build a second high school in Prairie View for students living in the eastern half of the area. The conflict between the two sections of the district continued to grow, however, until June 1965 when the Lake Zurich area decided to create its own district. With less than three months before the opening of school, residents of the Stevenson area were left with an unfinished building, no school board or administration, and no faculty.

The new school faced its share of adversity. When school opened in September 1965, to 467 students and 34 teachers, the building was not carpeted, most classrooms were without desks, the library was empty, and athletic fields were nonexistent. Nevertheless, students, teachers, and community members rallied together to overcome the obstacles.

One of the first tasks facing the new Board of Education was naming the new school. Shortly before the school was to open, Adlai E. Stevenson II died of a heart attack. Stevenson, one of the area’s most prominent residents, had been the governor of Illinois, the Democratic Party’s nominee for president in 1952 and 1956, and the U.S. ambassador to the United Nations. He was widely considered to be one of the most eloquent and wittiest statesmen of his time, and the Board of Education decided to name the school in his honor. Other names and titles associated with the new school – the Patriots, the Ambassador, the Statesman, the Wit – flowed from the background and characteristics of this great man. The school colors – green and gold – reflect the colors worn during the Revolutionary War by a group of our nation’s earliest patriots, Ethan Allen and the Green Mountain Boys.

All of us at Stevenson High School — students, teachers and staff — owe a great debt to the women and men who came before us. They paved the way in creating a school that is highly regarded around the nation. During your time here, I hope you will reflect in gratitude upon all the resources that have been made available through the hard work of those who came before us.

Have an outstanding school year! Go Pats!

Eric Twadell, Ph.D., Superintendent
ADLAI E. STEVENSON HIGH SCHOOL
VISION STATEMENT

Our tradition of sustained excellence has been built upon a foundation of the search for continuous improvement and lifelong learning. This vision statement reflects what we hope to become as a school community. It is our vision for the future.

The following vision statement was approved in 2018. It follows earlier vision statements created in 1983, 1990, 1996 and 2010.

Our vision statement rests upon three pillars: curriculum; equity, access and inclusivity; and professional learning community. Each pillar is detailed below.

CURRICULUM

In order to ensure “Success for Every Student,” we will implement a guaranteed, viable and rigorous curriculum that meets the evolving needs of our students while prioritizing active engagement and reflective problem-solving. Our curriculum will encourage students to scrutinize evidence of their learning, challenge their thinking, and forge new understandings. We will help students gain confidence, discover their talents, and develop the skills they need to succeed in life.

EQUITY, ACCESS AND INCLUSIVITY

In order to ensure “Success for Every Student,” we will recognize every student as a valued individual. Students will learn in a safe, inclusive space, where they are taught to understand the value of their own experiences in relation to other, diverse perspectives. We will be relentless in removing barriers to full equity, access, and inclusivity in our curricular and co-curricular programming. We will establish high academic and behavioral expectations, and we will provide students with the supports required to help them meet or exceed those expectations.

PROFESSIONAL LEARNING COMMUNITY

In order to ensure “Success for Every Student,” we will sustain a culture focused on learning, collaboration, and results. Our culture of continuous improvement will be driven by collective inquiry, innovative instructional practices, and learning-centered assessment and grading practices. We will implement impactful intervention strategies that provide students with more time and support when needed in order to ensure learning and achievement. As a model Professional Learning Community, we will participate in state, national, and global initiatives focused on improving educational outcomes.

AN OVERVIEW

A. GENERAL PRINCIPLES OF THE CODE OF CONDUCT

For over fifty years Stevenson High School has been building a tradition of excellence. As a student of Stevenson, you are asked to help contribute to that tradition. This Student Guidebook includes a description of the characteristics of an excellent school; a description developed by the teachers, students, community members and Board of Education of Stevenson. This description explains the type of school Stevenson strives to be. By maintaining high personal expectations for success, utilizing open communication with staff and fellow students, and following the guidelines listed below, you both increase your opportunities for success and help make Stevenson an excellent school.

1. Accept responsibility for your education, decisions, words, and actions.
2. Act in a way that best represents your school, parents, community and self to promote a safe, healthy environment in which to learn.
3. Be active in the school and community.
4. Maintain a balance between academics, co-curricular activities, and community projects, continually giving your best effort to each.
5. Support your fellow students and their activities.
6. Respect cultural diversity, individuality, and the choices and rights of others.

These general principles form the foundation of the Code of Conduct of Stevenson High School as set forth in the Board of Education's policies and this Student Guidebook. If you act in accordance with these principles, you will be within the rules of the school and the Board of Education policies on student conduct, and more importantly, you will increase the likelihood of experiencing personal success in and satisfaction with school.

B. EXPECTATIONS FOR CLASSROOM BEHAVIOR

The classroom is certainly the most critical area of an educational institution, and your teachers will insist that your behavior and attitude in the classroom reflect the importance of the serious business of learning. More specifically, you are expected to:

1. arrive to class on time.
2. be prepared for class with all materials necessary for class that day.
3. be attentive to the task at hand until dismissed by the teacher.
4. show respect and consideration for others.
5. demonstrate care and consideration for school property and the property of others.

Each teacher is able to establish the rules and procedures for his or her classroom. You are expected to observe those rules and to respond promptly to the direction of your teacher.

C. STRUCTURING THE STUDENT’S DAY

Stevenson is organized on the premise that freshmen benefit from a highly structured school day in order to ease their transition into high school. Therefore, freshmen are either in a class or study hall the entire day with the exception of a twenty-five minute lunch period. However, sophomores who meet the stipulated criteria will be given the privilege of an extended lunch period. As you become an upperclassman, you are nearing a time in your life when you must begin to assume more responsibility for your decisions. Thus, an assumption is made that upperclassmen will benefit if they are given more responsibility to determine how they will use their lunch hours, free periods, etc. You should keep in mind, however, that the freedom to make these decisions is a privilege that may be removed by your Dean if you fail to observe the rules of the school.

D. CONSEQUENCES OF INAPPROPRIATE BEHAVIOR

If you violate the rules of Stevenson High School or the Board of Education’s policies on student conduct, certain consequences will follow. The specific consequences will be determined on a case-by-case basis and considering the nature, severity and/or frequency of the offense. Any final decision by the Board of Education concerning disciplinary action for gross disobedience or misconduct will be determined on a case-by-case basis and shall not be deemed precedential in effect.
The grounds for disciplinary action, as described in detail in this Student Guidebook, apply whenever a student's conduct is reasonably related to school or school-sponsored activities, including but not limited to: (1) on, or within sight of, school grounds before, during, or after school hours or at any time; (2) Off school grounds at a school-sponsored activity, or any activity that bears a reasonable relationship to school; (3) traveling to or from school or a school activity, function, or event; or (4) anywhere, if the conduct interferes with, disrupts, or adversely affects the school mission, instruction, activities, discipline, and/or operations, or is reasonably foreseeable that the conduct will interfere with, disrupt, or adversely affect the school mission, instruction, activities, discipline, and/or operations, including but not limited to conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; (b) endanger the health or safety of students, staff, or school property; or (c) otherwise impinges on the rights of other students.

For purposes of this Student Guidebook, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including but not limited to situations in which the item is: (a) on your person; (b) contained in another item belonging to you, or under your control, including but not limited to in your clothes, backpack, or purse; (c) in your school locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Stevenson High School complies with the provisions of the Individuals with Disabilities Education Act (IDEA), the Illinois School Code, and their respective rules and regulations regarding the use of behavioral interventions and the procedures for disciplining students with disabilities. See Board policy 7:230, Misconduct by Students with Disabilities, for detailed information.

Stevenson High School does not administer corporal punishment. The selection of the appropriate consequence is solely at the discretion of the Dean, Assistant Principal, Principal, and/or Superintendent. Your parents will always be informed of the disciplinary consequence you receive. Please note that all consequences must be completed before the end of the semester in order to take final exams as scheduled and, for seniors, to participate in graduation. Students who participate in extracurricular/co-curricular activities may receive extracurricular/co-curricular consequences in addition to school disciplinary action if their conduct violates the Extracurricular/Co-Curricular Code of Conduct.

1. ORAL/WRITTEN WARNING
   For first-time and/or minor violations, you may receive an oral or written warning to cease and correct your behavior. Written warnings will include an explanation of the misconduct and will be sent to parents/guardians.

2. NOTIFYING PARENTS/GUARDIANS

3. DISCIPLINARY CONFERENCE
   Stevenson is committed to using restorative practices in response to student misconduct when possible. These practices may include, but are not limited to, affective statements, questioning strategies, and impromptu conferences. Stevenson will utilize restorative conferences whenever harm has been done and the offense is deemed appropriate for a restorative conference. Successful participation and completion of a restorative conference may be used to restructure traditional disciplinary consequences.

4. SEIZURE OF CONTRABAND
   School officials may seize from you any item, including but not limited to personal items, which is prohibited or otherwise violates this Student Guidebook and/or Board policy. Seized items may be held by the Principal, Assistant Principal, or Dean depending on the nature and severity of the incident. Weapons, drugs, and other illegal items may be turned over to the School Resource Officer or other law enforcement officials.

5. TEMPORARY REMOVAL FROM CLASS

6. COMPLETION OF SUBSTANCE ABUSE/CORRECTIVE PROGRAM
   You may be required to participate in a recognized substance abuse or other corrective/education program before, during, or after school.

7. DETENTION
   You may be assigned a detention either before or after school. The sole activity permitted during detention is silent study. Failure to complete a detention within the allotted time will result in one week of LOP for sophomores, juniors and seniors, and Extended Detention for freshmen, for each unserved detention.
8. SATURDAY SCHOOL
You may be assigned a Saturday School. This program is an alternative consequence to an ADA and allows students the opportunity to fulfill disciplinary consequences without missing valuable class time. Saturday School is held from 8:00 - 11:00 a.m. on specific Saturdays. The sole activity allowed in Saturday School is silent study. Students are denied admittance if they do not bring sufficient study materials or if they arrive late. Failure to report to Saturday School or failure to follow the supervisor’s directives will result in LOP, including but not limited to driving/parking privileges and unscheduled time, and/or ADAs. If a student misses an assigned Saturday School, he/she will not be eligible to receive this alternative consequence for the remainder of the semester. Saturday School may be rescheduled, at the discretion of the Dean, one time during the semester if the request is made in advance of the assigned date. Students participating in extracurricular/co-curricular activities who are assigned to Saturday School during their activity time period/season must fulfill these obligations as scheduled. No participation of any kind, including but not limited to registration or participation in a practice, rehearsal, or meeting, is allowed on a Saturday prior to the completion of the Saturday School obligation. A student may participate in an extracurricular/co-curricular activity once all obligations are fulfilled.

9. EXTENDED DETENTION
You may be assigned a 2.5-hour detention after school as an alternative consequence to an ADA or Saturday School. The extended detention is held each week from 3:45-6:15 p.m.

10. LOSS OF PRIVILEGES (LOP)
Stevenson High School offers a wide variety of activities and events throughout the year, including but not limited to dances, Spring Fling, Senior Party and graduation exercises. All of these activities and events are privileges that must be earned. In addition, as you advance through Stevenson High School you may receive certain additional privileges, including but not limited to longer lunch periods, unscheduled time, permission to leave campus, and driving/parking on campus. Students will not be reimbursed for parking lost as a result of a consequence. You will forfeit these privileges and be assigned consequences when appropriate if you do not comply with school rules. Stevenson has the following continuum of LOPs, depending on the type, nature, and severity of a student’s conduct:

LOP 1= full lunch period loss of privilege  
LOP 2= free period loss of privilege  
LOP 3= parking and off-campus loss of privilege (juniors and seniors)  
LOP 4= attendance/participation in all school-sponsored events loss of privilege  
LOP 5= attendance/participation in all school-sponsored events loss of privilege for one school year

Note that for students who are not eligible for certain privileges, including but not limited to those listed in LOP 1 for freshmen and LOP 2 and 3 for freshmen and sophomores, 2 weeks of LOP is equivalent to 1 Extended Detention or 1 Saturday School.

Failure to report to LOP study hall may result in an Extended Detention, ADA or OSS. Half period LOP is assigned only during periods 4, 5, and 6.

Along with other privileges, students who violate the Stevenson High School Extracurricular/Co-Curricular Code of Conduct may lose the privilege of participating in extracurricular/co-curricular activities, including but not limited to competitions, performances, meetings, school dances, Spring Fling, Senior Party, and graduation exercises.

A student may earn back lost privileges by complying with requirements and/or participating in alternative activities as determined in the sole discretion of the Dean, Assistant Principal, Principal, or Superintendent. Examples of requirements/activities include, but are not limited to: meeting academic and/or behavior criteria for a designated period of time; successfully completing a substance abuse or other corrective education program; or successfully completing a designated amount of community service hours. Students who receive LOP 5 may not earn back privileges for a minimum of one school year unless otherwise indicated by the Superintendent.

Students become eligible for privileges beginning their sophomore year. SOPHOMORES, JUNIORS, AND SENIORS MUST RETAIN A SATISFACTORY DISCIPLINE, ATTENDANCE, AND ACADEMIC RECORD IN ORDER TO RETAIN PRIVILEGES.
SOPHOMORE PRIVILEGES
In order to be eligible for privileges, a second semester freshman must meet the following criteria:

Behavioral/Academic Criteria for Release from Sophomore Lunch Supervision
a. Freshmen who do not receive a Saturday School, Extended Detention, ADA, and/or OSS the second semester of freshmen year will be eligible to have a full-period lunch during Sophomore year.

b. Using Freshman second semester grades, a student who has a D or an F in any class may be required to attend lunch supervision. If a student retakes a class in summer school in which he/she previously received a D or an F, and gets a C or higher, he/she will no longer be required to have supervision.

c. The recommendation of Freshmen Advisory Teacher and Mentors.

Students Who Do Not Qualify
Students who meet the academic and behavioral criteria for the first six weeks of their sophomore year will earn the privilege of an extended period lunch. Those who do not meet the criteria will remain in lunch supervision for another six weeks, at which time they may earn the privilege by meeting the behavioral and academic criteria.

Retaining the Full-Period Lunch Privilege
Students must maintain the academic and behavioral criteria to retain the full-period lunch privilege. Sophomores who leave campus during lunch hours may lose the full-period lunch privilege and be assigned to lunch supervision for six weeks.

JUNIOR AND SENIOR PRIVILEGES
In order to be eligible for privileges, juniors and seniors must meet the following criteria:

Behavioral/Academic Criteria for a Free Period
a. Juniors and seniors who do not receive an ADA and/or OSS during the previous semester will be eligible to have a free period, including a free 8th period for seniors.

b. Using the previous semester grades, a student who has a D or an F in any class may be required to attend LOP study hall during any period that he/she does not have a class or extracurricular/co-curricular activity. If a student retakes a class in summer school in which he/she previously received a D or an F, and gets a C or higher, he/she will no longer be required to attend LOP study hall.

c. The recommendation of the student’s Dean.

Retaining the Free Period Privilege
Juniors and seniors must maintain the academic and behavioral criteria to retain the free period privilege.

Earning Back the Free Period Privilege
Students who lose the free period privilege may earn back the privilege by meeting the academic and behavior criteria for a period of time, determined at the sole discretion of the Dean, Assistant Principal or Principal.

11. ALTERNATIVE DAY ASSIGNMENT (ADA)
The length of an Alternative Day Assignment (ADA) may vary from one class period to ten school days. If you are given a full-day ADA, you must report to the ADA room no later than 8:30 a.m. and remain there until 3:25 p.m. or until the end of your last scheduled class. This includes during special events such as assemblies or pep rallies. The sole activity permitted in the ADA room is silent study. All of the provisions listed under “expectations for classroom behavior” apply to the ADA. In addition:

a. you will be allowed to leave the ADA room only during specified restroom breaks,

b. you must complete all assigned course work.

Failure to comply with any of these provisions will result in a parent conference and an extension of the ADA, LOPs, including but not limited to parking, and/or an OSS.

NOTE: You are not allowed to participate in any extracurricular/co-curricular activity, including but not limited to any practice, rehearsal or meeting, on the day of an ADA.
12. OUT-OF-SCHOOL SUSPENSION (OSS)

A student may be suspended for up to ten school days for any activity that constitutes gross disobedience or misconduct. (See section entitled “Student Rights” for information on your rights in regard to OSS.) IF YOU ARE SUSPENDED FROM SCHOOL, YOU MAY NOT BE ON THE CAMPUS OR ATTEND ANY SCHOOL FUNCTION FOR ANY REASON UNLESS YOU HAVE MADE PRIOR ARRANGEMENTS WITH YOUR DEAN. Failure to observe this rule is considered trespassing and may result in additional consequences and/or criminal prosecution. You and your parents/guardians must have a conference with your Dean prior to your return to school after serving an OSS.

During the course of a student’s out-of-school suspension, students are entitled to earn full credit on assignments, work or other assessed activities. Upon returning from an out-of-school suspension, students are expected to have completed the work they missed. Students are expected to prepare and take assessments immediately upon return.

In the case of an out-of-school suspension, students are expected to contact (email) teachers to gather assignments, work, homework readings, etc. Students are encouraged to access teacher web sites, instructional teacher social media pages, etc. to ensure they are receiving any and all notes, work, lab information, reviews, etc. For the duration of the suspension, students are encouraged to connect with any of their student support team members, Counselor, Social Worker, School Psychologist, or Dean, if they feel they need emotional or academic support.

Upon completing an out-of-school suspension, students will participate in a re-entry conference. Optimally, the Parent/Guardian with the student and his/her SST Team will convene before school to discuss expectations, check in process, and the availability of any academic, social/emotional, or other supports the students may require to re-engage with school instruction, school activities or the school community.

A student who has been suspended for more than 20 school days may be immediately transferred to an alternative school program according to State law. A student will not be denied a transfer because of the suspension, except where the transfer is deemed to cause a threat to the safety of the students and staff in the alternative program.

See Board Policies 7:190, Student Discipline, and 7:200, Suspension Procedures, for more detailed information.

13. SUSPENSION OF BUS RIDING PRIVILEGES

A student may be suspended from riding the school bus for up to ten school days for any activity on the bus that constitutes gross disobedience or misconduct. The Board of Education may suspend a student from riding the school bus for more than 10 school days for safety reasons. See Board Policies 7:190, Student Discipline, and 7:220, Bus Conduct, for more detailed information.

14. POLICE REFERRAL

All known or suspected illegal acts will be reported to the police. School disciplinary action and extracurricular/co-curricular disciplinary action, if any, may be imposed for the same incident regardless of whether or not a police report is made.

15. REFERRAL TO THE ASSISTANT PRINCIPAL

If you continue inappropriate behavior despite efforts to correct it, or if you commit a serious offense that interferes with, disrupts, or adversely affects the school mission, instruction, activities, discipline, and/or operations, or is reasonably foreseeable that the conduct will interfere with, disrupt, or adversely affect the school mission, instruction, activities, discipline, and/or operations (including but not limited to conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; (b) endanger the health or safety of students, staff, or school property; or (c) otherwise impinges on the rights of other students), you will be referred to the Assistant Principal. The Assistant Principal will initiate a thorough review of your behavior and will determine the advisability of your remaining in school under your current program. In addition, the Assistant Principal will assign an OSS with possible recommendation for expulsion from Stevenson High School.

16. EXPULSION

In cases of gross disobedience or misconduct, the Superintendent, Principal, and/or Assistant Principal may recommend to the Board of Education that expulsion proceedings be initiated.
The Board has the authority to expel a student for up to two years.

A student who has been expelled may be immediately transferred to an alternative school program according to State law. A student will not be denied a transfer because of the expulsion, except where the transfer is deemed to cause a threat to the safety of the students and staff in the alternative program.

See Board Policies 7:190, Student Discipline, and 7:210, Expulsion Procedures, for more detailed information.

E. MONITORING AND SEARCHES
To maintain the health, safety, and well being of all, our campus is routinely monitored with video surveillance and inspected by school safety dogs. To maintain order and safety, school officials may search places and areas of the school such as lockers, desks, parking lots, and other District 125 property and equipment, as well as the personal items left in those places and areas by students, without the consent of the parents/guardians or student, and without a search warrant. School officials may search students, personal belongings in their possession, and their vehicles if they have a reasonable suspicion that the students have violated a school rule, Board of Education policies, or the law and/or have evidence of a violation of a school rule, Board of Education policies, or the law.

F. VISITOR POLICY
Stevenson High School is committed to maintaining and fostering a safe and secure campus and environment and we consider any and all violations of our policies to this end to be matters of dangerous conduct and gross disobedience.

Visitors who are not currently enrolled at Stevenson High School and who do not have a previously scheduled appointment with a staff member, student support team member, or member of the administration, will not be allowed on campus and may risk law enforcement intervention, with the possibility of facing a trespass violation.

Non-Stevenson students are also not permitted to be on campus at any time, including to use our facilities (ILC, ELC, QLC, tutoring services, etc) unless participating in a school-sponsored athletic or intramural club event for which they or their team have been officially invited to participate. Exceptions to this policy are as follows:

1) Students or adult visitors who wish to view and support their team within the context of an official school-sponsored athletic or intramural club event.
2) Members of the school community or neighboring towns who have been specifically invited to a public and school-sponsored event or festival.
SHS Alumni may visit our school, but only on an officially scheduled Alumni Day. Guests of alumni are never allowed to participate in this event.

Any Stevenson student found to be facilitating or having facilitated the arrival, to our school campus, of anyone who is not a currently enrolled Stevenson student, will be subject to consequences for dangerous conduct and gross disobedience.

G. HEALTH AND SAFETY PROTOCOLS
Employees, students, and visitors must comply with health/safety protocols implemented due to pandemic conditions or other circumstances that threaten public health or safety, including (but not limited to) requirements relating to face coverings, temperature checks and symptom screening, self-certification, hand hygiene, and social distancing.

The Superintendent or designee will notify employees, parents/guardians, and students of this policy and the governing procedures and protocols.

Exceptions and/or accommodations will be made when a face covering (or any other protocol) is medically contraindicated, provided that the individual supplies appropriate and sufficient medical documentation and complies with all other procedures relating to the exemption/accommodation process. Alternate health/safety protocols will be required.

Employees, students, and visitors who fail or refuse to comply with health/safety protocols may be excluded from district/school grounds and school-related activities until compliance is achieved. In addition, employees and students will be subject to discipline for non-compliance.

See Board Policies 4:180, Pandemic Preparedness and Health/Safety Protocols, and 7:190, Student Behavior, for more detailed information.
SPECIFIC RULES AND REGULATIONS

The overview of this Student Guidebook presented:

1. the general principles that form the foundation of the Stevenson Code of Conduct,
2. our expectations for your behavior,
3. the rationale for the differences in the way in which the school day is structured for students, and
4. the potential consequences of inappropriate behavior.

NOTE: The following listing of specific rules is not intended to be all-inclusive. You will be subject to disciplinary action any time your behavior is disruptive, illegal, insubordinate, or disrespectful to others and/or otherwise violates the Stevenson High School Code of Conduct. Specific consequences will be assigned by a Dean, the Assistant Principal, the Principal, or the Superintendent.

These rules apply at all times while you are on the school campus and/or in proximity to the campus, on school-sponsored field trips, on school buses, at school bus stops, while you are traveling to or from school or school bus stops, and while you are at school-sponsored events and activities, and at any other time or place that your conduct may affect the safety and/or well-being of other students and/or staff. These rules also apply, and you may be subject to discipline, for any conduct that takes place off-campus and/or outside of school if the conduct interferes with, disrupts, or adversely affects the school mission, instruction, activities, discipline, and/or operations, or is reasonably foreseeable that the conduct will interfere with, disrupt, or adversely affect the school mission, instruction, activities, discipline, and/or operations, including but not limited to conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; (b) endanger the health or safety of students, staff, or school property; or (c) otherwise impinges on the rights of other students. This may include your conduct through e-mail, the Internet, and/or social media, including but not limited to cyberbullying.

You are responsible for following all rules and regulations contained in the Board of Education’s policies and procedures and this Student Guidebook. Repeated violations of any portion of the Board’s policies or the Code of Conduct may be considered gross disobedience or misconduct and will be subject to discipline, up to and including expulsion.

For more detailed information about prohibited student conduct and student discipline, see Board Policies 7:190, Student Discipline, 7:220, Bus Conduct, 7:230, Misconduct by Students with Disabilities; 7:20, Harassment of Students Prohibited; 7:130, Student Rights and Responsibilities; 7:160, Student Appearance; 7:170, Vandalism; 7:180, Preventing Bullying, Intimidation, and Harassment; 7:310, Restrictions on Publications and Written or Electronic Material. You can find the Board of Education’s Policy Manual at the District’s Administrative Office or on the District’s website.

A. ATTENDANCE

1. ABSENCES/TRUANCY

You must attend all classes and study halls unless your absence is authorized by your Dean, the Assistant Principal, or the Principal. Not only is daily attendance required by law, it is essential for the successful completion of your courses. The most common cause of academic failure is absence. Since we sincerely want you to succeed at Stevenson, we will respond to every unauthorized absence from a class or study hall. An unauthorized absence for part or all of a school day constitutes truancy.

FAILURE TO REPORT AN ABSENCE IN FORTY-EIGHT HOURS MAY RESULT IN AN AUTOMATIC UNAUTHORIZED ABSENCE.

If you accumulate excessive authorized absences, the Principal/Assistant Principal/Dean may require a doctor’s verification for subsequent absences. Any excessively large number of absences by groups of students may require doctor’s verification as well. Excessive absences and excessive number of students absent are determined by the Principal/Assistant Principal/Dean.

FINAL EXAMS - You will be expected to attend all final exams unless prior arrangements have been made with the Principal or designee. Failure to do so may result in a grade of “F” on the exam.

Unexcused absences are cumulative and an absence from ANY period will be counted when determining the appropriate consequence.

Students who exhibit excessive absence patterns will be referred to a member of the Student Support Team for possible referral to the Lake County Regional Office of Education Truancy Division. Chronic truancy will be reported to the Lake County Regional Office of Education and/or the Lake County State’s Attorney office. A chronic truant is a student of compulsory school age who is absent without valid cause for 5% or more of the previous 180 regular student attendance days. See Board policy 7:70, Attendance and Truancy, for more detailed information.

2. ABSENCES FROM TRANSPORTATION – LAKE CO. TECHNOLOGY CAMPUS

Students must use the transportation provided by the District to and from the Lake County Technology Campus. Any exceptions must be authorized by the Director of Applied Arts. Students who do not ride the District transportation without proper authorization will receive the following consequences.

3. LEAVING CAMPUS

Students may not leave campus at any time during the school day unless they:

- Freshmen and Sophomores may not leave the campus once they have arrived on school property unless they follow the proper procedure for leaving. *This includes days with special schedules.*

- Students who have off-campus privileges (eligible Juniors and Seniors only) and leave during their unscheduled or lunch period, assume responsibility for any missed classes due to a failure to return on time, including but not limited to car problems. Upperclassmen taking underclassmen off campus is prohibited. Violation of this rule will result in loss of driving/parking privileges.

- Any Freshman or Sophomore who leaves campus during a lunch period will lose the privilege of a full-period lunch.

4. TARDINESS

a. You are expected to arrive to all classes and study halls before the tardy bell rings.

b. If you arrive to class less than five minutes after the tardy bell, you will be considered tardy; if you arrive more than five minutes after the bell, you will receive an unauthorized absence for that period.

Tardies are cumulative and a tardy from ANY period will be counted when determining the appropriate consequence.

1. INSUBORDINATION/DISRESPECT

You are expected to respond promptly to the directions of staff members and to act respectfully toward staff members at all times. Refusal to do so is considered a serious breach of the Stevenson Code of Conduct. i. Walk through the hallways.

ii. Report to the cafeteria, commons and/or Learning Centers during your unscheduled time.

iii. Do not loiter in academic hallways, washrooms, music area, gymnasium areas, stairways or other non-classroom settings.

Students are not permitted to purchase and/or receive food deliveries while on campus from any outside vendor(s) or people other than their own parent/guardian. 5. VANDALISM AND THEFT

Vandalism, theft, damage or destruction of school property, and possession/sale of stolen property, or attempt to cause damage or steal, are inconsistent with a key concept in the Stevenson High School Code of Conduct (consideration for others) and is illegal. The consequence for these acts will depend upon the nature and extent of the incident. For purposes of disciplinary action, a loss/damage of less than $500 is a minor loss and a loss/damage of more than $500 is a major loss. The school is not responsible for personal property left unattended that is stolen.

NOTE: The school is not responsible for personal property stolen from lockers. Do not share lockers or give your combination to others. Report all locker malfunctions to room 2400. The school reserves the right to inspect and search lockers, desks, parking lots, and other school property and equipment owned or controlled by the school, as well as personal effects left in those places and areas by students, without notice to or the consent of the student or his or her parents/guardians, and without a search warrant.

6. IDENTIFICATION
You will be provided with an ID card and are expected to carry this card with you at all times. Please show or surrender the ID card whenever you are requested to do so by a staff member, school official, or school bus driver. If asked to further identify yourself beyond your ID card, you are expected to comply. Students may not alter their ID cards in any way. Lost ID cards must be replaced in the Attendance Office for $10.00.

11-8-5: PEOPLE ENTERING SCHOOL BUILDING: Teachers and other employees may request any person entering a public school building or the grounds which are owned or leased by the board and used for school purposes and activities to identify himself or herself and the purpose of entry. A person who refuses to provide such information and still enters the building or grounds is guilty of a Class A misdemeanor.

Refusal to identify yourself or carry or surrender your ID card, altering or defacing a school ID, or lying about your identity or carrying false identification, is insubordination and/or dishonesty. Lying about your identity will be dealt with according to the Dishonesty section of this Student Guidebook. Otherwise, the consequences for violation of these rules are as follows:

12. **OBSCENE AND LIBELOUS MATERIALS**
Distribution of material that is obscene or libelous is prohibited in school, on or adjacent to school property, or at school-related activities. Obscene material is that which an average person, viewing the material as a whole and applying community standards for children of a relevant age, would find depicts or describes sexual conduct in an offensive way, appeals to a prurient interest, and lacks serious literary, artistic, political or scientific value. Libelous material is that which tends to falsely depict the reputation of another. Students who distribute such materials or who write or publish such material for distribution engage in gross disobedience/misconduct. See Board Policy 7:310, Restrictions on Publications and Written or Electronic Material and the Section of this Student Guidebook on Student Rights and Responsibilities, Distribution of Materials, for additional information.

d. **BULLYING/HARASSMENT/HAZING/HATE SPEECH**

Every member of the school community is entitled to attend school free from bullying, harassment (including sexual harassment), hazing and hate speech.

“Harassment” means any unwelcome and/or offensive conduct that unreasonably interferes with a person’s work or performance; or creates an intimidating, hostile, or offensive work or school environment; or implies that submission to such conduct is an explicit or implicit term of employment/participation; or implies that submission to or rejection of such conduct will be used as a basis for decision-making affecting the person. Harassment includes, but is not limited to, name-calling, derogatory slurs, wearing or possessing items that depict or imply hatred, prejudice or ridicule, unpermitted touching, crude jokes or pictures, teasing related to sexual characteristics, demanding sexual favors, and subjecting a person to embarrassment, hostility, humiliation or intimidation because of their race, gender, religion or any type of derogatory speech in which the recipient is offended.

“Bullying” means any physical or verbal conduct, including but not limited to written or electronic communications such as e-mail, postings, or blogging, directed towards a student that may place that student in fear of harm to himself/herself or property, negatively effects the student’s physical or mental health, substantially interferes with the student’s academic performance, and/or interferes with the student’s ability to participate in or benefit from school, services, activities or benefits. Bullying includes, but is not limited to, harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, and retaliation for complaining about bullying.

Bullying includes cyber-bullying and means any service or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student that has or can be reasonably predicted to have the effect of one or more of the following:

i. placing a student in fear of harm.

ii. causing a detrimental effect on a student’s physical or mental health.

iii. interfering with a student’s academics; or

iv. substantially interfering with the student’s participation, or benefit from, school services, activities or privileges.

Cyber-bullying means bullying through the use of technology or electronic communication, including (but not limited to) transfer of signs, signals, writing, images, sounds, data, etc. transmitted by a wire, radio, electromagnetic, photo-electronic, or photo-optical system. Some examples include, but are not limited to, email, internet communication, instant message, text messaging and social media communication.
“Hazing” occurs when any person knowingly requires the performance of any act by a student or the acquiescence to any act performed to a student for the purpose of induction into, admission into, initiation into, affiliating with, holding office in, or maintaining membership in any group, organization, society, club, or athletic team whose members are or include other students. Hazing includes, but is not limited to, any verbal or physical action intended to degrade, humiliate, ridicule, harass, harm, embarrass or intimidate the recipient.

“Hate Speech” is speech that attacks a person or a group on the basis of attributes such as race, religion, ethnic origin, national origin, sex, disability, sexual orientation, or gender identity. Students will be subject to discipline for any hate speech used to bully, harass or intimidate, and any hate speech that interferes with the educational environment. Conduct may constitute hate speech even when the speaker is a member of the same protected class as the individual(s) to whom the speech is directed. Discipline may be imposed for any conduct that violates this paragraph.

If you or someone you know feel that they have been bullied or witnessed someone who has been bullied you are compelled by Illinois state law to report it. You may do so by:

1. Reporting it to any Stevenson faculty or staff member that you feel comfortable sharing such information with.
2. Reporting it to a member of your SST team; (counselor, social worker, psychologist, or dean).
3. Reporting it directly to one of the deans.

   - Dean Daryl Wallace - 847-415-4065 - dwallace@d125.org
   - Dean Carla Wood - 847-415-4062 - cmwood@d125.org
4. You may make an anonymous report by using the safety app which is available on your iPad. Click on the “Bullying Report” icon, and follow the instructions. You may also make an anonymous report online at www.d125.org/bullying. Any student found to have made a false report regarding bullying and/or harassment within our anonymous reporting mechanism may receive consequences for being dishonest with school officials.

Parents/guardians of witnesses, victims and offenders will be notified by the Dean of Students.

The effectiveness of Stevenson’s bullying policies will be evaluated every 2 years.

Bullying, harassment and/or hazing may be considered gross disobedience/misconduct. If you witness bullying, harassment, or hazing of another student and fail to report it to school staff, it is considered a violation of state law, and may also be considered a violation of the Stevenson High School Code of Conduct and Board policies.

Each parking permit clearly indicates the marking periods a student is allowed to park on campus. First semester final exams are part of marking period 3. Second semester final exams are part of marking period 6. You must have the appropriate parking permit to drive on campus during final exams. Students will not be reimbursed for parking lost as a result of a consequence.

Permits may not be sold or transferred. Juniors/Seniors without these parking permits are not allowed to drive/park on campus until 2:45 p.m. on regular school days or until 1:15 p.m. on final exam days. Space permitting, juniors/seniors may purchase a one-day parking permit for the Port Clinton lot. These one-day parking permits may be purchased from Room 2400.

Parking a vehicle on campus entitles the Principal or a designee to search that vehicle upon a reasonable suspicion that a school policy, rule, regulation, and/or law has been violated, or that there is evidence of a violation of a school policy, rule, regulation, and/or law in the vehicle.

Locking your vehicle is recommended. Although the parking lot is patrolled, parking is at the student’s own risk. Stevenson High School assumes no liability for damaged or vandalized vehicles. Stevenson High School reserves the right to tow unauthorized vehicles on school grounds at the student’s/family’s own expense.

REPORTING AN ACCIDENT IN THE PARKING LOT

If all parties involved in the accident are present, information among parties may be exchanged without police involvement. Notify outside security and/or the police if you would like a police report. If you hit an unoccupied vehicle, regardless of the amount of damage, immediately inform outside security and/or the police. Failure to report the incident may result in school consequences and/or an arrest. If you are a victim of a hit and run accident, report the incident to outside security and/or the police.
OBTAINING A PARKING PERMIT
Student parking permits are available to all seniors, but only for a specific number of grading periods. You may obtain an application for a parking permit from Room 2426. If your application is approved, you will receive a parking permit decal that will be affixed to the right front windshield of your vehicle. Juniors or Seniors who do not have a permit but have an extraordinary need for parking on a specific day, including but not limited to a doctor appointment or court appearance during school hours, may purchase a ONE-DAY permit in Room 2400. This one-day permit MUST be purchased at least one day in advance and is only valid in the Port Clinton parking lot. Parking on school grounds entitles the Principal or a designee to search your vehicle if there is reasonable suspicion that a Board policy, school rule, and/or law has been violated, or that there is evidence of a violation of Board policy, school rule, and/or law in the vehicle. Your car may be towed at your/your family’s expense if it is parked on campus without a valid permit.

GENERAL RULES FOR DRIVING/PARKING
a. Seniors with a valid parking permit must park in designated student areas found in Lot D, Lot E and/or Port Clinton. These areas are identified on a parking map distributed when students receive a parking sticker; however, parking lot signage supersedes this general parking map. Students may not park in any Staff parking area, Visitor/Reserved parking space, or No Parking area without the specific prior permission from the Assistant Principal for Operations.

b. Students with valid parking permits may not allow students without valid parking permits to drive/park their vehicles on school grounds. If this rule is violated, both students will be subject to the consequences listed below.

c. Students with parking privileges may only drive vehicles that have valid Stevenson High School parking permits.

d. All rules of the road must be followed on school property. Students are expected to drive/behave in an appropriate and safe manner.

e. Students may not use cell phones or smartphones, including but not limited to talking, texting, or e-mailing, while driving on school grounds.

f. Students may not loiter in the parking lots or in vehicles on school grounds.

g. If you have a valid parking permit and are unable to drive a personal/family-owned vehicle, you may not use another student’s and/or another family’s vehicle as a substitution.

h. Under no circumstance may a parking sticker be sold or transferred to another student.

i. Freshmen/Sophomores are prohibited from driving/parking on campus during the school day.

j. Juniors/Seniors are prohibited from driving underclassmen off campus during the school day.

k. Students are prohibited from using parking lots A, B, and C, and the District Office lot, which are reserved for staff and visitors.

l. Students are prohibited from parking in any electronic charging stations/spots located in Lot E.

Violation of these rules will result in the following:

**PROCEDURES**

This section of the Student Guidebook is designed to acquaint you with the appropriate procedures to follow for a variety of circumstances that may arise in a high school. You are expected to be familiar with these procedures.

A. **ABSENCES ARE CLASSIFIED INTO ONE OF FOUR CATEGORIES**

Please note that the school, rather than the parents, determines whether or not an absence is authorized. PLEASE NOTE THAT EXCESSIVE EXCUSED AND/OR UNEXCUSED ABSENCES MAY RESULT IN LOSS OF PRIVILEGES.

1. **Authorized Absences**
   
   If your absence is authorized, your teachers will allow you to make up the work you missed (see Make-Up Procedures below). Illness, religious observances, and pre-arranged absences are examples of authorized absences.

2. **Unauthorized Absences**
   
   An unauthorized absence results when one or more classes are missed without a valid and permitted reason. Some examples of unauthorized absences include, but are not limited to the following: Being in any learning center, commons area, or the testing center during a scheduled class, oversleeping, missing the bus, leaving campus without following proper procedures, working off-campus during scheduled classes, and being called out and choosing to remain in the building.

3. **Modified Absences**
   
   If your absence is modified, you will be allowed to make up the work you missed, but your teacher has no obligation to assist you other than advising you of the missed assignment. Examples of modified absences include family vacations and unintentional absences, including but not limited to your parent/guardian forgot to call in the absence, as determined by your Dean. Individual student vacations may be considered unauthorized absences.

4. **Suspension Absences**
   
   If you are placed in the ADA room, you are expected to complete all assignments, quizzes, and tests during the day, and submit completed assignments upon your return to class. If you receive an OSS, all assignments and written work must be completed upon your return to school. You are responsible for consulting your teachers regarding the scheduling of make-up tests/quizzes as soon as you return to school.

B. **REPORTING AN ABSENCE**

In order to receive an authorized absence, the following procedures must be followed:

1. **IF YOU ARE ILL:**
   
   a. The Stevenson Attendance Office has an automated voice mail system that operates 7 days a week, 24 hours a day. Parents should call 847-415-4000 and select the prompt for attendance. Parents/guardians need to provide the student I.D. number when reporting an absence. Absences should be reported before 3:00 p.m. If a student attends a class at the Technology Campus, the absence must also be called into the Technology Campus at (847) 223-6024, extension 0.
b. You may not come on the campus for any reason on a day that you have been reported as ill; otherwise your absence will be considered as unauthorized.

c. You are not allowed to participate in any evening or after school activities on a full-day absence.

2. IF YOU KNOW YOU WILL BE ABSENT (PRE-ARRANGED ABSENCES):
If you know in advance that you will be absent from school, have your parents contact the Attendance Office prior to the date of your absence. Prior to your absence you must make arrangements with your teacher to obtain homework assignments.

3. IF YOU REPORT LATE TO SCHOOL:
   a. If you are more than five minutes late, report to one of the Attendance Offices.
   b. If you check out and return the same day, you must report to one of the Attendance Offices upon your departure and your return.

4. IF YOU LEAVE SCHOOL EARLY:
If you must leave the building during the school day for any reason, including but not limited to a doctor’s appointment, you must sign out through one of the Attendance Offices, a call must be received from your parent prior to you leaving school grounds, and your parent must pick you up from school. If you are leaving school due to illness, you must receive authorization from the nurse. Failure to do so will result in an automatic unauthorized absence. A school official will provide you with a pass after he or she has contacted your parent. Failure to follow this procedure will result in disciplinary action.

5. IF YOU ARE EXCUSED FROM PHYSICAL EDUCATION:
Medical excuses are accepted from parents for up to three (3) days within each six (6) week grading period. Excuses of longer duration need to be written by a physician. Students with physicians’ notes will be assigned to our alternative program (see Alternative Physical Education). If you have an irresolvable schedule conflict and are unable to participate in an activity, or schedule Alternative Physical Education, you will be assigned to a study hall and may have written papers assigned, with the length of the assignments determined by the length of the medical excuse. If a Physical Education student is also a registered athlete participating in an interscholastic sport, any medical restrictions in Physical Education may also affect his/her participation in practices and competitions.

   FAILURE TO FOLLOW THESE PROCEDURES WILL RESULT IN DISCIPLINARY CONSEQUENCES.

C. MAKE-UP PROCEDURES
If you have a modified or authorized absence due to any reason other than an ADA or OSS, you must see your teachers immediately upon your return to school to determine make-up work and their deadlines. Each teacher/teaching team will distribute their make-up procedures at the beginning of each semester.

D. SCHOOL-WIDE MAKE-UP TESTING CENTER RULES AND REGULATIONS
1. Students have 24 hour, 7 day a week access on the Testing Center website (https://www.d125.org/students/testing-center) to sign up for an exam. YOU MUST SIGN UP BY 10:00 A.M. FOR A SAME DAY TEST.

2. Students taking a test during a study hall period will report directly to the Testing Center. After completing the test, students will be given a pass to return to the study hall. If the test requires the entire period to complete, the Testing Center Supervisor will excuse you from study hall.

3. Students must complete preparation for the test before entering the Testing Center. NO STUDYING WILL BE ALLOWED in the Center. Cell Phones must be powered off and stored.

4. You must SHOW YOUR CURRENT SCHOOL I.D. in order to receive the test or quiz. Drivers’ licenses are not acceptable for identification.

5. You are responsible for bringing necessary, permitted resources such as a pencil, pen, calculator, or dictionary.
6. Disciplinary action will be taken for any incident of academic dishonesty in the Center. Consult the Section of this Student Guidebook on specific Rules and Regulations, Dishonesty, for detailed information about disciplinary consequences.

7. NO PARTIAL TESTS WILL BE GIVEN. Students cannot take part of a test and then return to the Center later to finish the exam.

8. Students will not be excused from classes to take a quiz/test in the Testing Center.

9. Parents may not excuse students from classes to take a quiz/test in the Testing Center.

    TESTING CENTER LOCATION: ROOM 1200 - 1202
    TESTING CENTER HOURS: Monday - Friday 7:00 a.m. - 5:30 p.m.
    On late arrival days – 9:00 a.m. - 5:30 p.m.

E. OBTAINING ADDITIONAL ASSISTANCE WITH SCHOOL WORK
Students who would like to receive additional assistance with their schoolwork have several options available:

1. Contact teachers: You may ask the teacher for extra help during your study hall or free period, or before or after school.

2. Utilize Learning Centers: In each Learning Center paraprofessionals are available to assist students in academic areas. (See “Area Learning Center” under “Services for Students” for guidelines on using Learning Centers.)

F. HOMEWORK REQUESTS (Due to Illness)
1. When you are out of school for a short-term illness, communicate directly with the teacher regarding homework assignments. Suggested methods:
   a. Review assignment sheet, if available
   b. Review class web site, if available
   c. Email teacher
   d. Arrange a “homework buddy” in each class

2. If you are out of school with an illness expected to last longer than five days, contact your school counselor for assistance.

G. ARRANGING SPECIAL SCHEDULING PROVISIONS
1. Correspondence Courses: Senior students may apply for a maximum of two credits from an accredited correspondence school approved by Stevenson High School for elective credits required for graduation. Students must apply by completing the External Credit Form available online on the SHS website. Students must receive approval from the Assistant Principal of Teaching and Learning prior to enrolling in the course in order for the credits to count toward graduation requirements.

2. Independent Study: A student who wishes to undertake an independent study project must review the conditions for independent study listed in the Stevenson Coursebook and complete an Independent Study Form available online on the SHS website.

3. Early Graduation: Students wishing to graduate early must complete the Intent to Graduate Early Form available online on the SHS website. Any student considering early graduation must meet with his/her counselor to review the completion of graduation requirements.

H. REPORTING AN INJURY OR ACCIDENT
Promptly report any accident or injury that takes place at school or school-related activity to your teacher, the Nurse, or your Dean.

I. TECHNOLOGY CAMPUS
The Lake County High Schools Technology Campus is located adjacent to the College of Lake County in Grayslake, Illinois. The Technology Campus, which encompasses 203,000 square feet, is equipped with the latest equipment and machinery in order to provide students with valuable, hands-on experience. Students who choose to attend the Technology Campus earn high school credit and the opportunity to earn college credit in many programs. The traditional vocational concept of Learn by Doing is the underlying method of instructional experiences at the Technology Campus. Emphasis is placed on students participating in actual or simulated job and production situations.
Each day, busing is provided by Stevenson High School to and from the Lake County Technology Campus. The third session bus leaves at 12:30 p.m. with courses beginning at 1 p.m. These students return to Stevenson at approximately 3:15 p.m. Cosmetology students return to Stevenson at approximately 4:30 p.m.

Program description and updated course offerings are available on the web at www.techcampus.org. There is an application process to complete and individual course lab fees to pay in order to attend the Technology Campus. Please direct all inquiries to your counselor or the Applied Arts director.

Students earn three credits per semester. Cosmetology students earn four credits per semester.

Prerequisite: Junior or senior classification. All courses are classified as College Prep.

J. CHANGE OF ADDRESS
If your address or telephone number changes, please submit proof of residency and contact Student Services in room 2414.

K. REPORTING A THEFT
Immediately report any theft to your teacher and/or the Assistant Principal or Dean. Please note that Stevenson does not provide insurance against theft or loss of personal property and does not reimburse students/families for such losses. Do not bring valuables or large amounts of money to school. If your personal property is lost or missing, complete the report available on the SHS website.

L. REPAIRING LOCKERS
Report any problems with your locker to room 2400.

M. CLOSING OF SCHOOL ANNOUNCEMENTS
Announcements regarding school closings because of severe weather, power failure or other emergency conditions are provided on the Stevenson website (www.d125.org). The phone alert system will also be utilized to announce school closing information via telephone.

N. REPORTING NEGLECT/ABUSE
By law, school officials are required to contact the Illinois Department of Children and Family Services (DCFS) if they have reason to suspect that a student has been abused or neglected by a parent/guardian, other family member, unrelated person living in the home, or other persons responsible for the student's welfare. Examples of abuse include, but are not limited to, inflicting, causing, or allowing injury to be inflicted, creating a substantial risk of injury, or committing or allowing any sex offense to be committed. Examples of neglect include, but are not limited to, not being provided with adequate food, clothing, shelter, medical care, and/or supervision.

D. DUE PROCESS IN SUSPENSION

You are entitled to a conference with the Principal or designee prior to a suspension, unless your presence interferes with, disrupts, or adversely affects the school mission, instruction, activities, discipline, and/or operations, or is reasonably foreseeable that the conduct will interfere with, disrupt, or adversely affect the school mission, instruction, activities, discipline, and/or operations, including but not limited to conduct that may reasonably be considered to: (a) be a threat or an
attempted intimidation of a staff member; (b) endanger the health or safety of students, staff, or school property; or (c) otherwise impinges on the rights of other students. During this conference, the specific charges will be explained to you and you will have an opportunity to respond. If you are suspended, your parents have the right to request a review of that decision by making a written request to the Superintendent/Principal, after which a suspension review hearing will be scheduled. During the review process, the suspension remains in effect. See Board Policy 7:200, Suspension Procedures, for more detailed information.

E. DUE PROCESS IN EXPULSION
Prior to an expulsion, you are entitled to written notice stating the specific charges that resulted in the recommendation for expulsion. If requested, a hearing will be held by the Board, or a hearing officer appointed by the Board, during which you may be represented by legal counsel, offer evidence (including witnesses), cross-examine witnesses, and otherwise present reasons why you should not be expelled from school. The Board will decide the issue of guilt and take any action it finds appropriate. See Board Policy 7:210, Expulsion Procedures, for more detailed information.

F. CONFIDENTIALITY OF STUDENT RECORD INFORMATION
In accordance with the provisions of the Family Educational Rights and Privacy Act and its regulations, the Illinois School Student Records Act and its regulations, and Board Policy 7:340, Student Records, and its administrative procedures, each parent/guardian and student is advised as follows:

1. Directory information may be released to the general public without written consent from a parent/guardian, unless a parent/guardian requests that such information not be released. Any parents/guardians who do not want such information to be made public should check “I do not wish to release information” under the Request to Release Student Information when completing the Online Registration during the summer. Parents/guardians may also make such request by contacting the District office. Directory information is limited to:
   a. Student’s Name

2. District 125 maintains school records for each student. A school student record is any record that contains personally identifiable information of a student, or information that would link the document to a student, except for records kept in the sole possession of a staff member, which are destroyed no later than the student’s graduation or permanent withdrawal, and are not accessible or revealed to anyone other than a temporary substitute teacher; video or other electronic recordings created and maintained by law enforcement professionals working in the school or for security or safety reasons or purposes, provided the information was created at least in part for law enforcement or security or safety reasons or purposes; and electronic
recordings made on school buses. These consist of two types of records: permanent records and temporary records.

A student's permanent record consists of:
- a. basic identifying information, including the student’s name and address, birth date and place, gender, and names and addresses of the student's parent/guardian.
- b. academic transcript including grades, graduation date, grade level achieved, scores on college entrance examinations, and the unique student identifier assigned and used by the SIS,
- c. attendance record,
- d. health record,
- e. record of release of permanent record information,
- f. scores received on all State assessment tests administered at the high school level, and
- g. if not maintained in the temporary record, honors and awards received, information concerning the student’s participation in school-sponsored activities or athletics, or offices held in school-sponsored organizations.

NO OTHER INFORMATION WILL BE PLACED IN THE STUDENT PERMANENT RECORD. The permanent record will be kept by District 125 for sixty (60) years after graduation, a transfer, or permanent withdrawal.

A student's temporary record consists of all information by which the student may be individually identified but is not required to be in the student permanent record. A student’s temporary records must include:
- a. a record of release of temporary record information,
- b. scores received on the State assessment tests administered in the elementary grade levels (kindergarten through grade 8)
- c. information regarding serious disciplinary infractions (those involving drugs, weapons, or bodily harm to another) that resulted in expulsion, suspension, or the imposition of punishment or sanction,
- d. information provided under Section 8.6 of the Abused and Neglected Child Reporting Act,
- e. completed home language survey form,
- f. health-related information, and
- g. accident reports.

The temporary record may include family background information, intelligence test scores (group and individual), aptitude test scores, reports of psychological evaluations (including information on intelligence, personality, and academic information), elementary and secondary achievement level test results, participation in extracurricular activities, including any offices in school-sponsored clubs or organizations, honors and awards received, teacher anecdotal records, other disciplinary information, special education records, records associated with plans developed under Section 504, and any verified reports or information from non-educational persons or organizations of clear relevance to the education of the student. The temporary record will be destroyed five years after graduation, a transfer, or permanent withdrawal.

A summary of the types of records maintained by District 125 are listed below along with the officials or custodians of these records:

3. District employees and school officials who have a current, demonstrable educational or administrative interest in the student may have access to student records for the purpose of furthering such interests without parent/guardian consent. A school official is a Board member, attorney, auditor, insurance representative, independent evaluator, contractor, consultant, volunteer, or other person to whom District 125 has outsourced institutional services or functions for which District 125 would otherwise use employees.

4. Each parent/guardian of a student under 18 years old has a right to inspect and copy information in the student’s records. Such requests must be made in writing to the Principal. Access to the records will be given within 10 business days of District 125’s receipt of the request. Access will not be given with respect to confidential letters/recommendations concerning post-secondary institutions, including but not limited to a college/university. Where parents/guardians are divorced or separated, both shall be permitted to inspect and copy the student’s records unless District 125 receives a copy of a court order indicating otherwise. When a student reaches 18 years old, graduates from high school, marries, or enters military service, all rights and privileges accorded to the parents/guardians become exclusively those of the student and no one other than the student can request records or information in such records.

5. District 125 charges $0.35 per page for copies of student records. No parent/guardian or student will be precluded from receiving copies because of financial hardship.

6. Parents/guardians have the right to request a hearing to challenge the accuracy, relevancy, or propriety of their student’s records, except for academic grades and references to expulsions or out-of-school suspensions if the challenge is made at the time the student’s school records are forwarded to another school to which the student is transferring. Parents also have the right to insert a written rebuttal concerning the contents of such records.

7. Upon request for a hearing concerning the content of the student’s records, the Principal will arrange an informal meeting with the parent/guardian. If thereafter the parent/guardian wishes to proceed with a hearing, the parent/guardian must submit such request in writing to the Superintendent. The parent/guardian has the right to present evidence and call witnesses, cross-examine witnesses, legal counsel, and receive written statement of the decision and the reasons for such decision. The parent/guardian may insert a written statement of reasonable length describing their position on disputed information. The parent/guardian may appeal the decision to an administrative tribunal or official designated by the State Board of Education.

8. Parents/guardians have the right to file a complaint with the U.S. Department of Education concerning alleged failures by District 125 to comply with the requirements of the Family Educational Rights and Privacy Act (FERPA). The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue S.W., Washington, D.C. 20202-4605.

9. Upon graduation, transfer or permanent withdrawal of the student, District 125 will notify the parents/guardians and the student of the destruction schedule for the student’s permanent and temporary records and of their right to request a copy.

10. Requests for District 125 to release a student’s records to any person other than the parents/guardians (or student age 18 or older) must be in writing.

11. Upon receipt of a court order of protection, the Principal will file it in the records of a student who is the “protected person” under the order of protection. No information or records shall be released to the Respondent named in the order of protection. When a student who is a “protected person” under an order of protection transfers to public or private school, or as soon as possible, the

C. SPECIAL EDUCATION/CHILD FIND
District 125 provides a free, appropriate public education in the least restrictive environment to all eligible students with disabilities as required by the Individuals with Disabilities Education Act (IDEA), Article 14 of the Illinois School Code, Section 504 of the Rehabilitation Act of 1973, and their implementing regulations. Students with disabilities who do not qualify for an IEP may qualify for services under Section 504 of the Rehabilitation Act of 1973 if the child: (i) has a physical or mental impairment that substantially limits one or more major life activities; (ii) has a record of a physical or mental impairment; or (iii) is regarded as having a physical or mental impairment. The District's Special Education program is administered by the Director of Special Education, who may be contacted in the Special Education Office at extension 4800. The District's 504 program is administered by the 504 Coordinator, who may be contacted in the Student Services offices at extension 4500.

Students with disabilities may receive related services as part of their individual education programs (IEPs). The school district will maintain related service logs that record the type and number of minutes of the related service(s) administered to such students. Copies of any related service logs will be available to parents/guardians at their child's annual review IEP meeting. Parents/guardians of students with disabilities may also request copies of their child's related service logs at any time.

D. ANNUAL NOTIFICATION REGARDING SCHOOL DISTRICT ACCESS TO MEDICAID OR OTHER PUBLIC BENEFITS OR INSURANCE PROGRAMS TO PROVIDE OR PAY FOR IEP SERVICES
With a parent's written consent, the School District may access Medicaid or other public benefits or insurance programs in which the parent's child participates, and provide the child's personally identifiable information to Medicaid or other public benefits or insurance programs in order to pay for IEP services, to the extent permitted under the public benefits or insurance programs; such consent must include: (i) the personally identifiable information that may be disclosed, the purpose of the disclosure, and the agency to which the disclosure may be made; and (ii) a statement that the parent understands and agrees that the School District may access the child's public benefits or insurance programs in order to provide or pay for IEP services.

The School District may not require a parent to sign up for or enroll in public benefits or insurance programs in order for the parent's child to receive IEP services;

The School District may not require the parent to incur out-of-pocket expenses such as the payment of a deductible or co-pay amount incurred in filing a claim for services, other than any cost that the parent would otherwise be required to pay;

The School District may not use a child's benefits under a public benefits or insurance program if that use would decrease available lifetime coverage or any other insured benefit, or result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the child outside of the time he/she is in school, or increase premiums or lead to the discontinuation of benefits or insurance; or risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures;
A parent’s refusal to allow the School District to access Medicaid or other public benefits or insurance programs does not relieve the District of its responsibility to ensure that all required IEP services are provided to the child at no cost to the parent. Likewise, the withdrawal of consent or refusal to provide consent under 34 C.F.R. Part 99 and Part 300 to disclose personally identifiable information to Medicaid or other public benefits or insurance programs does not relieve the School District of its responsibility to ensure that all required services are provided at no cost to the child.

A parent has the right under 34 C.F.R. Part 99 and Part 300 to withdraw his/her consent to access Medicaid or other public benefits or insurance programs and/or to disclose his/her child’s personally identifiable information to Medicaid or other public benefits or insurance programs at any time.

K. HEALTH SERVICES
Stevenson High School has two Nurse Offices, one in the West Building (Room 2436) and one in the East Building (Room 6042) A nurse is on duty from 7:00 a.m. to 4:00 p.m. daily. Phone numbers are:

- Peg Cucci, RN, 847-415-4025
- Gracie Difiglio, RN, 847-415-4028
- Patty Fiore, RN, 847-415-4039
- Lisa Lau, RN, 847-415-4019.

If a student becomes ill at school, they should go to the nearest nurse’s office for care. Students should get a pass from the classroom teacher, unless it is an emergency. If it is medically advisable or required that a student leave school, the nurse will attempt to contact the parent/guardian first. If unable to reach them, the nurse will contact the designated emergency contact. If it is a true emergency, the nurse will call paramedics. Every effort is made to reach a parent/guardian. A school representative will accompany a student to the hospital in the event that a parent/guardian is not reached before transport.

If a student has a doctor’s note of any kind, they should bring it to the nurse for appropriate processing. It is important that parents and students update the nurses when a student has a change in medication and/or medical condition.

On Wednesdays and Thursdays, buses also leave the Forum Entrance at 4:30 p.m. The route each bus will take is determined by the destinations of the students riding.

RULES AND PROCEDURES FOR BUS RIDERS

Bus drivers are responsible for the lives of all students on their buses and will not be required to transport any individual who behaves in a disruptive, insubordinate, and/or unsafe manner. If a student’s behavior on the bus violates the Stevenson Code of Conduct and/or the procedures below, the privilege of riding the bus will be revoked and then the parent/guardian is responsible for transporting the student to and from school. School bus riders, while in transit, are under the supervision of the school bus driver. Students are expected to follow the following procedures:

1. As students enter and exit the bus, they are expected to scan their existing student identification card.
2. Be on time at the designated school bus stop; help keep the bus on schedule.
3. Stay well off the roadway at all times while waiting the arrival of the bus.
4. Do not move toward the bus until the bus has been brought to a complete stop. Be careful in approaching the place where the bus will stop. When entering the bus, use the handrail and move quickly to your seat.
5. Do not leave your seat, stand up or kneel in your seat while the bus is in motion.
6. Be alert for danger signal from the driver. He/she is in complete command of the bus.
7. Remain in the bus in the event of a road emergency until instructions are given by the driver.
8. Keep your hands and arms inside the bus at all times. Never throw things out the windows. Students are not permitted to lower or raise bus windows.
9. Avoid loud talking, laughing or unnecessary confusion which can divert the driver’s attention and result in serious accident.
10. Profanity will not be tolerated.
11. No smoking is permitted on the bus.
12. No additional bus stops are permitted. Do not ask the bus driver to stop at places other than the regular bus stop; the driver is not permitted to do this unless proper authorization has been provided from a school official.
13. Observe safety precautions at all discharge points. Where it is necessary to cross a two-lane highway only, proceed to a point at least 10 feet in front of the bus on the right shoulder of the highway where traffic may be observed in both directions. Then wait for a signal from the bus driver permitting you to cross safely.
14. A SHS student may request to ride an alternate bus. This request must be made in advance in any Student Services office. Written or phone verification from a parent/guardian is required.

GRADING PROCEDURES

The purpose of grading and reporting at Stevenson High School is to measure your student’s mastery of the essential standards and targets for a class, or how well your student understands the material in class. The final grade is a professional determination of the student’s body of work with consideration to their growth in each academic standard.

Our grading and reporting system uses proficiency scales (and not points) to collect accurate evidence of student performance and academic growth, students can reflect on and grow their knowledge and skills throughout the semester. At the end of the semester, the teacher reviews the evidence presented by each student, in each target, and converts said evidence into a traditional letter grade. In this model, student learning is based on, not points nor weights, but what it should be...a professional interpretation of evidence. The goal of this approach is to provide the teacher, student, and parent as accurate a picture as possible of the student’s learning and to encourage a dialogue about how the student can master the material for the class.
In particular, because learning is a process that takes place over time, each assessment will provide feedback for the student about what to focus on next, and the student will be allowed to retake assessments. If the new assessments indicate a higher level of mastery, that new score replaces the old one.

We work diligently to ensure that a student’s grade is reflective of his or her learning based on our course’s learning expectations. While traditional grading systems attempt to fuse feedback, achievement results, and performance expectations into a single percentage, the SHS model separately communicates the following:

1. The learning goals/targets that each student is expected to learn.
2. Each student’s level of proficiency in each target.
3. The progress each student is making toward proficiency in each target and standard.
4. Areas of success and areas for growth for each student.

How is student performance calculated?
At the beginning of every unit, the teacher will break down the standards for the unit into specific targets and criteria using a detailed rubric. During the unit, the student is assessed to see if they truly know the material using a variety of assessments, such as traditional pencil-and-paper tests, projects, discussions, or reports. The class grade will be based on all of the evidence the teacher collects demonstrating mastery of the essential standards.

Frequent on-going assessment of students’ progress in the target is essential. Formative assessments take place at regular intervals during the instructional stage to check for understanding and mastery of the course material. Throughout the semester, student performance is collected on each learning target based on the following proficiency scale:

- 4.0  Exceeds Expectations of Mastery of Learning Target
- 3.0  Demonstrates Mastery of Learning Target
- 2.0  Mastery of Learning Target is In Progress
- 1.0  Not yet making progress or making minimal progress toward Mastery of the Learning Target

Students will have the opportunity to present evidence of their achievement toward each learning target throughout the semester. The final exam is still a required portion of the course and will be used to verify the students’ proficiencies that have developed over the course of the semester. The students’ final grade for each standard will be based on a “modal” interpretation of their proficiency scores (presented in the gradebook). The first mode is the score (4,3,2,1) that appears most often in a given standard. The second mode is the score that appears second most in frequency. You can see your student’s scores on the individual standards by clicking on the overview page of the Infinite Campus Parent Portal.

Please visit myebrexperience.com for more details about how the final letter grade it calculated and communicated. To access course grades and other relevant learning information please go to the Stevenson website click on Grades link.

Some classes Stevenson High School are still graded in a traditional points based system.

**POINTS-BASED SYSTEM**

**A. COURSE DESCRIPTION**
Within the first five days of the semester, all teachers will provide students with a course description. This description will explain the general goals of the course, the specific knowledge and skills acquired as a result of the course, the activities that will be included, and the procedures for grading.

**B. GRADING PERIODS**
Each semester is divided into three grading periods of approximately six weeks each. At the end of each grading period, students will be assigned a grade that reflects their achievement solely for that grading period. In other words, the grade earned for one grading period does not carry over into the next.
C. CALCULATING COURSE GRADES
Final course grade will be determined by assigning twenty-five percent to each grading period and twenty-five percent to the final examination. An example of the steps to calculate a semester grade is listed below:

1. Assign the following point values to each letter grade:

<table>
<thead>
<tr>
<th>Grade</th>
<th>A+</th>
<th>A</th>
<th>A-</th>
<th>B+</th>
<th>B</th>
<th>B-</th>
<th>C+</th>
<th>C</th>
<th>C-</th>
<th>D+</th>
<th>D</th>
<th>D-</th>
<th>F</th>
</tr>
</thead>

<td>8</td>
<td>7</td>
<td>6</td>
<td>5</td>
<td>4</td>
<td>3</td>
<td>2</td>
<td>1</td>
<td>0</td>
</tr>
</tbody>
</table>

2. Total the points from the four grades: (Example)

<th>Total</th>
</tr>
</thead>
<tbody>

3. Determine course grade from the chart below:

<table>
<thead>
<tr>
<th>Grade</th>
<th>A+</th>
<th>A</th>
<th>A-</th>
<th>B+</th>
<th>B</th>
<th>B-</th>
<th>C+</th>
<th>C</th>

<td>21-18</td>
<td>17-14</td>
<td>13-10</td>
<td>9-6</td>
<td>5-3</td>
<td>2-0</td>
</tr>
</tbody>
</table>

   NOTE: Students who fail two of the reported grades must earn at least a “C-” average in the other two reported grades in order to pass the course. Students who fail the third grading period as well as the final exam will receive an “F” grade for the semester. Students who fail three of the reported grades will receive an “F” for the semester.

Second semester seniors who have an “A-” average and students in AP courses who took the AP exam and have a “C-” average may be exempt from final exams. If no final exam is taken, total the points from the three grades and find the final semester grade below. Two “F” grades mean “F” for the semester.

D. GRADE POINT AVERAGE
Both a weighted and an unweighted grade point average are calculated for each student at the conclusion of the first semester and again after summer school.

• Weighted grade point average is calculated using the weights assigned to the grades in the chart below.

• Unweighted grade point average is calculated by assigning College Prep grade points to all grades that are figured into the grade point average, regardless of their level.

All audition and performance dates are published in the eMinuteman, Daily Announcements, School and Fine Arts Website. Specific audition requirements for each production will be available prior to each audition date on the Stevenson website (www.d125.org/theatre) “Auditions and Rehearsals” page.

The Student Council also hopes to improve communication throughout the school. The Student Council has a student of its choice sit with the Board and express the general consensus of the student body. Representatives from each class will be selected, based on an application, to form the nucleus of the Council. The selection will take place once a year during the month of March to determine who will make up the Council. The whole school will elect officers.

ADLAI E. STEVENSON HIGH SCHOOL EXTRA-CURRICULAR/CO-CURRICULAR CODE OF CONDUCT

PHILOSOPHY:
Adlai E. Stevenson High School views participation in athletic teams, fine arts performance groups, student activities clubs, and other extracurricular/co-curricular activities as a privilege, not a right. Students who choose to participate in extracurricular/co-curricular activities accept additional responsibilities as representatives of Stevenson High School. The Board of Education, Administration, staff, and coaches of Adlai E. Stevenson High School believe that our students represent our highest standards, including our core principles: responsibility/accountability, integrity, acceptance, and empathy. Participation in extracurricular/co-curricular activities provides exceptional life-learning opportunities. This Code of Conduct specifically establishes high expectations and standards for all extracurricular/co-curricular participants. These expectations embody a total lifestyle approach with an emphasis on respect for self, others and property; loyalty to self, classmates, staff, coaches, sponsors, and school; ideals of true sportsmanship; and maturity to fully accept choices made and their consequences. The implementation and effectiveness of this Code of Conduct is dependent on a collective commitment from students, parents, and school personnel, along with a proactive approach to prevention and assistance.

PERIOD AND SCOPE:
The Code applies to all students who participate in voluntary, school-sponsored activities that are not part of an academic course. The Code requirements must be followed by these students on and off campus, 24 hours a day, seven days a week, 365 days per year. A student's Code record and consequences are cumulative, regardless of category, beginning with the student's and parent's/guardian's initial written/electronic acknowledgement of this Code during the registration process and continuing throughout the student's entire high school career. Students who violate the Code when their extracurricular/co-curricular activity(ies) is out of activity/season may have consequences applied during the student's next activity/season. This may also include consequences carried over and applied during the student’s next school year.

The Code provides a minimum guidance when addressing certain conduct of students participating in extracurricular/co-curricular activities. It does not enumerate every situation or conduct for which discipline may be imposed on a student. A violation of the Code, and any disciplinary consequences imposed for a violation, will be determined on a case-by-case basis, considering the particular facts and circumstances and egregious nature, if any, of the violation.

Supervisors/coaches will be provided with information about any disciplinary consequences imposed on a student participating in their particular extracurricular/co-curricular activity. Each supervisor/coach may establish additional rules for the particular extracurricular/co-curricular activity regarding curfew, traveling, attendance at meetings/practices/rehearsals and performances/competitions, personal conduct, and personal appearance.

Rule enforcement will be consistent for all students who participate in extracurricular/co-curricular activities.
EXTRACURRICULAR/CO-CURRICULAR TIERS:
Adlai E. Stevenson High School recognizes the diversity and uniqueness between the numerous athletic teams, clubs, and performance groups that fall under the Code. Therefore, a tiered system has been established to differentiate consequences for expectation and rule infractions.

<th>Tier A: Zero-Tolerance Clubs &amp; Honor Societies</th>

RULES, EXPECTATIONS & DISCIPLINARY CONSEQUENCES

### Attendance

**Participation on Days of Absence: Tier B & Tier D**
In order to ensure “Success for Every Student,” Stevenson High School establishes high academic expectations. To assist in accomplishing this goal, students are expected to be in attendance during the school day in order to participate in an after-school competitive event or performance activity the same day. For any student absence of more than one academic period, the student must receive clearance from the Athletic or Student Activities Office before the end of that school day to participate in the competition/performance.

**Out-of-School Suspension, & Alternative Day Assignment, & Saturday School Assignment: All Tiers**
If a student receives an Out-Of-School Suspension (OSS), he/she may not be on the school campus or attend any school function for any reason, including attendance at a school dance or participation in any extracurricular/co-curricular activity practice session, rehearsal, competition, or performance on the day of and/or during an OSS.

If a student receives an Alternative Day Assignment (ADA), he/she may attend, but may not participate in, any extracurricular/co-curricular activity practice session, rehearsal, competition, or performance on the day of an ADA.

A student who receives a Saturday School assignment must fulfill the obligation as scheduled. A student may participate in an extracurricular/co-curricular activity on a Saturday once all Saturday School obligations have been fulfilled.
