

2nd Grade Literacy Activities for the Week of June 1-5

In reading, we'll use the book [How and Why Do Animals Adapt?](#) to help us study nonfiction books. If you need more books to read try the [Abdo Digital Bookshelf](#) or [MyOn](#). In phonics, students will work on vowel teams and tricky endings. In writing, students will work on making their writing better by rereading and using charts and checklists.

On days where there is not a reading or writing lesson, we've suggested an amount of independent practice time that would be appropriate for most 2nd graders. Please adjust these to your child's learning needs.
