20-21 School Year Survey

The safety of our staff and students continues to be our top priority. While we are seeing health restrictions begin to ease, there are still many considerations for how the school year will begin this Fall. As we continue to monitor and evaluate this health crisis, we would like to understand your readiness and comfort level surrounding the start of school on August 10th. Please take a moment to complete a brief survey on the type of instructional program that best meets the needs of your family, as well as your child's access to technology and connectivity. You can access the survey by clicking [HERE](#).
