

Sticky Salt

By Brody Hammel

What is your invention or innovation?

My invention is salt but sticky. for example you are eating french fries and the salt falls off you can use Sticky Salt and the salt will stay on making your meal more enjoyable.

Describe your product or idea

It is salt but sticky.

What problem does it solve?

It solves your salt not coming off of your food.

Who does your product or idea help?

Everyone that eats food.

Why is your product or idea better than what already exists?

It is better because you can have all the salt on your food that you put on.

Why should the judges vote for your product or idea?

It makes salt easier to go on food so your food can be more tasty and memorable!

Anything else you want your judges to know? Make your ending memorable!

Sticky Salt will make your life easier than ever before!
