Mansfield High School Mission Statement

MHS will create a positive culture of learning built on relationships and high expectations that will encourage students to take ownership of their education to reach their full potential.

Mansfield High School Vision

"Where every story matters"

"The students who shall be speaking at the graduation ceremony were selected based on neutral criteria to deliver messages of the students' own choices. The content of each student speaker's message is the private expression of the individual student and does not reflect the endorsement, sponsorship, position or expression of the District."
