We Will Always and Forever Be Jaguars!

The mission of Mansfield Summit High School is to educate all students by providing a wide range of instructional programs in a positive environment. This environment promotes and celebrates success while offering interventions for all students, resulting in a high-ranking school in all indicators of campus performance.

“The students who shall be speaking at the graduation ceremony were selected based on neutral criteria to deliver messages of the students’ own choices. The content of each student speaker’s message is the private expression of the individual student and does not reflect the endorsement, sponsorship, position or expression of the District.”
