

# Summer 2020 Spanish Assignments

Duolingo over summer

What we hope ever to do with ease, we must first learn to do with diligence.  
~ Samuel Johnson

This is what learning to speak another language is like! You're learning with diligence now so that later you can communicate with ease. So be diligent in continuing to learn Spanish this summer! Use Duolingo to help you do this.

- Complete 7 out of 9 weeks during June 15 - August 17.
- Weekly assignments run from Monday at noon to the following Monday at noon.
- Complete 100 XP each week.
- Be on time, but complete your late work if you need to (-20%).
- The work you complete is worth a 70-point homework grade (remember that most homework assignments are worth just 10 points).
