How can I help my child get ready for the test?

You are an important part of your child's education. Some things you can do to help your child are:

- Talk about the PFT with your child. Make sure they feel supported and not anxious.
- Tell your child that you and his or her teacher have high expectations and that you are both there to help every step of the way.
- Help make sure your child engages in 60 minutes of activity every day.
- Make sure your child gets a good night's sleep and a nutritious breakfast before testing.
- Look at your child's PFT results to help them child plan fitness activities to meet their goals.
