

Getting Started with Hoopla

To use hoopla, you will create your own account using your NWCC credentials (login and password). This is done to validate that you are a current NWCC student, faculty or staff member. You will create your account and assign an email address and password to it. It is recommended that use your NWCC email and NWCC password to make it easier to remember but you do not have to.

NOTE: If/when you change your NWCC password, you will need to go into "SETTINGS", then "LIBRARY SETTINGS" in your Hoopla account and update your "Library Card PIN" to match your new NWCC password. See step 8 below.

To get started with Hoopla:

1. Go to hoopladigital.com
