ST. MARK'S SCHOOL

St. Mark's School was founded in 1865 in Southborough, Massachusetts, as a residential college-preparatory school affiliated with the Episcopal Church. In 1977, it merged with the Southborough School for girls to form a small coeducational boarding and day school for a diverse community and faculty from the local area, from all parts of the United States, and from around the world.

Mission Statement

St. Mark's School educates young people for lives of leadership and service. Founded in 1865 as an intentionally small residential community, the School challenges its students to develop their particular analytic and creative capabilities by both inspiring their academic and spiritual curiosity and kindling their passion for discovery. We value cooperation over self-interest, and we encourage each person to explore his or her place in the larger world beyond our campus.

Diversity Statement

St. Mark's School seeks to reflect the increasingly diverse world in which our students presently live and will live in the future. We intend to provide our students with a superior education in a community of students, parents, faculty, and staff that represents a variety of racial, ethnic, cultural, and religious backgrounds. We strive to ensure respect for all regardless of sex, gender, gender identity, race, religion, sexual orientation, ability, family structure, or economic background.

Sustainability Statement

In valuing cooperation over self-interest and recognizing our role as global citizens, St. Mark's School actively fosters environmental stewardship and sustainable development in its education, planning, and practices.
