

Hello Educators!

As things wind down in this unusual school year, we wanted to leave you with some resources the San Antonio Public Library has for children and their families. We continue to add more content regularly, with videos and curated materials produced by SAPL Children's Librarians!

Here are two places your families can go now for all kinds of story times, STEAM, and Play and Learn activities and more:

<http://guides.mysapl.org/here4u>

<https://www.youtube.com/user/mysapl>

And YES we are having a Summer Reading Program this year, from June 1 – August 31. It will have more of a virtual look this year. Kids Time (school age) activities will be videos produced by SAPL librarians and logging in reading may be done online. However, when we begin to open up, we hope to have physical service for books as well as a limited number of activity kits with supplies for our Kids Time activities. Here is the Summer Reading Program link which we are currently constructing. <https://guides.mysapl.org/srp> When we reopen, we will also be providing book bundles for babies and preschoolers with activities and ideas attached.

As always, the Libby app is easy to use for accessing our extensive e-book library.

We are anxious to serve you and salute your VALIANT efforts to keep the learning going with our most precious national treasures – our kids!

Let me know if you have **any questions** or **ideas** on how we can serve your needs as educators and keeping kids reading! I am happy to be a guest on any in house virtual meetings of students to talk about any of this. Just let me know.

Most sincerely,

Karen Braeuler
