Hello Parkland Parents,

Here are some updates for the week:

Reminder to take the Parent Survey

We've had more than 5,000 responses to our [Return to School Parent Survey](#) that was sent earlier this week. If you have not yet taken the survey, please take it before it closes on Tuesday, June 9, 2020. We really want to hear from EVERYONE!

Safe2Say Ends for Summer

The statewide Safe2Say Something Program is shutting down for the summer today. It has not published a re-start date but it's normally in late August. If you ever need help, you may reach out to ParklandGuidance@parklandsd.org.

Internet Safety Resources

Students are encouraged to continue to use their learning devices during the summer for virtual learning opportunities. On this [webpage of the Parkland website](#), you will find some of the best online resources for parents regarding how they can play a role in their child's safety & success online.

Report Cards issued June 12 in Home Access Center (HAC)

All report cards for grades K-12 will be published in HAC by noon on June 12.
