Those requiring these lessons may need to reduce their A level programme. →							

### Further Information

- Full course details are set out in the Sixth Form Courses 2020-2022 brochure.
- **Only one subject can be chosen in any one block.** Students will typically study 3 A level courses (or the equivalent curriculum loading). With the school's agreement, and depending upon prior attainment, aspirations, subject choices and co-curricular load, there are options to study more or less courses than this.
- The minimum entry requirement before embarking on a 3 A level programme (or the equivalent) is at least 30 points from the student's best 6 GCSE/IGCSE/BTEC courses.
- Where a subject has previously been studied at GCSE, at least a grade 6 (B) is typically advisable if the subject is to be studied as A level (please refer to the published 'GCSE Requirements' for full details).
- GCSE English and/or GCSE Maths must be selected by students yet to achieve a grade 4 (C) (or equivalent) in these subjects.
- Multiple A level equivalent BTEC courses are timetabled across three blocks. Single A level equivalent BTEC courses are available in one block only. All BTEC courses are modular, assignment based courses which are largely continuously assessed. The minimum entry requirement for each of these multiple A level equivalent BTEC courses is at least 20 points from the student's best 5 GCSE/IGCSE/BTEC courses.
- The WJEC Level 3 Certificate in Food Science & Nutrition is available in one block and is similar in approach and assessment to a single A level equivalent BTEC course.
- Preparation for university examinations in English is available for overseas students (IELTS).
- SAT (Scholastic Aptitude Test) for American Universities is available.
- BHS (British Horse Society Complete Horsemanship Certificate) can be taken by arrangement.

+ Limited places, must be approved by Head of Department.

#@ Further Mathematics must be chosen alongside Mathematics (i.e. two blocks used) and only as a fourth option.

\* Level 3 courses equivalent to 1 A level.

Although every attempt will be made to offer the courses listed above, the School reserves the right to limit places if demand is too high or close courses if numbers are too low.
