Don't know if they will be allowed in school prior to opening. Everything is on hold, but there are options being put in place.

Summit update - letter will be released with information on June 1st along with other jr high schools also starting Summit in Fall 2020.

Trustlands budget was approved. There will be a special legislative session in June to discuss education funding. Ms. Thompson doesn't believe that they can touch trustland funds, so expects we will have what we have budgeted for.

Council Members for next Year will happen in the fall. Ms. Thompson will send out a request and positions needing to be filled. Several current members have served 2 years and will not be returning next year. Lots of opportunity.
