

Welcome to AP Chemistry!

Hello Chemist!

I'm very excited that you have decided to join me in the AP Chemistry adventure at Apple Valley! We had a great year in AP Chem, and I am looking forward to the challenge of challenging you next year! We currently have 21 students enrolled and if you have any friends that are still thinking about it, twist their arm. We'd love to have more.

A brief bit about me... I have lived in Apple Valley for the last 15 years with my wife and my two girls, Marin (15... a Freshman at Eastview) and Piper (13... a 7th grader at Falcon Ridge). I love teaching at AVHS, I'm enthusiastic about being an Eagle. It feels good here.

As you move into summer, **I have a few tasks** for you that will help us get off the ground and running when we first meet in September. I can't wait to get to know you better.

1. ASAP, Please sign up for "Remind" using the instructions on the back of this letter.
2. Once you sign up, please send a text/message to me via remind that states your name and something you are looking forward to this summer.
3. I have added you to a Summer AP Schoology course. Please accept the invitation. I will be posting new assignments throughout the summer for you to work on before school starts that review basic concepts from your first year Chemistry Course.
4. A digital version of our textbook is located in the Schoology Course. If you would like a hard copy before school starts, please let me know.

In the meantime, if you have questions, you may contact me through the summer, at any time. I respond to Remind, Schoology, or email at Edward.murray@district196.org.

Till then...
