**EXTRA CURRICULAR ACTIVITIES**  
Policy No. 602.7

The Board of Education believes that a dynamic program of student activities is vital to the complete development of the student. Such activities offer opportunities to serve the institution, to assist in development of fellowship and social good will, to promote self-realization and all around growth, and encourage the learning of qualities of good citizenship.

To assist in the administration of a student activities program, and to provide a framework of communication and review, a detailed structure of the activities program shall be developed by the administration and compiled in a student handbook.
