**WORKERS COMPENSATION INSURANCE**  
Policy No. 454.5

Personnel who are injured while on their work assignment and who then qualify for workers compensation will be paid the difference between their normal salary and the amount paid by workers compensation until all sick leave and vacation time (for those who accrue vacation only) have been exhausted.

The percentage of difference between the normal salary and workers compensation will reduce a sick leave and/or vacation time by an equal percentage.

If there is no sick leave or vacation time accrued, the employee will receive workers compensation only.
