## **IPERC Host Families needed for international students**

Dear Hoban Families,

IPERC is currently seeking host families for the 2020-21 school year. We have placed several students with Hoban families and are currently accepting new host family applications for our incoming international students.

To qualify, we ask that host families are able to provide students with their own room, all meals excluding school lunches, and preferably transportation to and from school and extra-curricular activities. Through hosting, families have the opportunity to learn about the customs and languages of another culture, as well as build lifelong bonds between the family and the student.

Families will receive a monthly stipend of \$950 for hosting. If you are interested in opening your home and heart to an international student, here is the **host family application**.

Please see the **flier** for information. For additional questions, please contact local host family coordinator, Kileigh Su at **[kileigh.iperc@gmail.com](mailto:kileigh.iperc@gmail.com)**
