

ORANGE UNIFIED SCHOOL DISTRICT

DIRECTOR, TRANSPORTATION AND MECHANICAL SERVICES

DEFINITION

Under general direction, to plan, organize, coordinate and direct the functions and activities of the District transportation service operation; to plan, organize, coordinate and direct the maintenance and repair of the District motorized and other equipment; to plan, organize, and direct the pupil transportation bus driver training and safety program; to review, monitor, audit and coordinate the District's contract pupil transportation services; and to do other related functions as directed.

ESSENTIAL DUTIES

- Plan, organize, coordinate and direct the functions of the transportation operation, including bus route planning and assigning transportation personnel.
- Plan, organize, and direct the inspection, maintenance and repair of pupil transportation and other equipment.
- Confer with and advise mechanical service personnel and transportation personnel regarding unusual or unforeseen problems, and in the development of alternative problem solutions.
- Plan, review, monitor and direct the development of bus routing and pupil transportation schedules to ensure adherence to a cost effective operation and the appropriate utilization of personnel and equipment.
- Determine major mechanical repair time and material cost estimates, and set priority repair and maintenance schedules.
- Plan, organize, direct, and provide counsel and information to District personnel and the educational community concerning pupil transportation related problems, issues and concerns.
- Plan, organize, and direct the investigation of testing pupil transportation and vehicle service supplies, materials and equipment to ensure the maintenance of an appropriate inventory, and the development of a replacement schedule for obsolete motor vehicle and transportation equipment.
- Plan, organize, and participate in the budget planning process, and in the development, implementation and maintenance of expenditure control procedures.
- Plan, organize and conduct personnel orientation and in-service training programs.
- Plan, develop and implement policies, guidelines and operational procedures to ensure a cost effective and cost beneficial operational mode.
- Plan, develop, implement and maintain an automated data management, storage and retrieval system, including files and records pertaining to inventory and expenditure control, operational processes and preventative maintenance programs.
- Review, monitor, and audit accident investigation involving pupil transportation equipment and District owned vehicles and equipment, and prepare evaluative reports and take appropriate corrective action.
- Review, monitor, audit and evaluate the performance of transportation and technical service personnel, and assist them in resolving conflicts and personnel related problems.
- Plan, organize, coordinate, and participate in the recruitment and selection of transportation and mechanical service personnel.
