

Ranny Shibley 2020 Challenge Gift \$1000

Support your fellow WICers. Double your awesome!

Ranny Shibley, Class of 2001 has offered a challenge to WIC Alumni.

He will match all Alumni donations up to \$1000.

This is our chance to help WIC students today and into the future.

Here's why Ranny supports WIC:

"In a day and age with constant misinformation being spread over so many platforms, it has never been more important to have people think for themselves and stand up for what's right. WIC not only focuses on education, but the development of the whole child, resulting in extremely well-rounded individuals who make a positive impact on their community. Kids, who will one day lead their respective industries and give a voice to those who don't have one. As a parent of three small children, donating to WIC is not only an investment in their future, but a future we all want to live in."

The WIC of today exists because of the generosity and support of families and Alumni who have come before us. As a not-for-profit organization, WIC relies on the support of our community to provide resources which help make the College an even better place for all students. Your support makes it possible for us to sustain and enhance our facilities and programs.

Current improvements in need of support:

- Modernization of classroom spaces and furnishings, including collaboration spaces, and added technology;
- Transformation of our Library into a new 21st century Learning Commons;
- Improved health & wellness through new fitness equipment and change rooms; and
- Enhancements to our music room.

Take advantage of this exciting chance to have your generosity matched dollar for dollar.
