June 8, 2020

Dear Parent/Guardian:

Welcome to Woodrow Wilson Middle School! On behalf of our entire staff, I wish to invite you to view our Virtual Parent Orientation.

This orientation has been designed with you in mind. Your children will receive a separate virtual orientation from their 5th grade teacher or counselor. However, please feel free to watch the orientation together. A representative group of my staff will assist me in sharing information on a wide array of topics.

Understanding all the wonderful opportunities that lie ahead for your child is the first important step in helping to ensure a successful middle school experience.

I look forward to meeting you in September.

Sincerely,

Jennifer Blevins
Principal
