Reopen Campus Planning

We believe that it is in the best interest of students to return to campus if they can safely do so.
We believe that students learn best when living and learning in a community of diverse thinkers.
We believe that students' emotional wellbeing will be impacted by prolonged social isolation.

Brewster is committed to doing everything possible to safely reopen campus for Fall 2020.

We recognize and respect that there are many factors that go into this decision, including some that are unique to each family and a number that are outside Brewster's control.

How Are We Making Our Decision to Reopen?

Has the Reopen Campus Strategy Team meticulously examined policies, procedures, and physical campus structures and adapted as necessary to keep the community safe?

YES

Are we clear of government or public health restrictions that prevent us from reopening, and are you able to travel from your home location to Brewster?

NO →

YES

Has your family determined that it is in your child's best interest to resume his or her studies on campus?

YES

Brewster

ONLINE

If the answer to any of the questions to the left is NO, Brewster is committed to ensuring that your student has access to high-quality instruction via Brewster Online.

Brewster faculty are actively working on curriculum enhancements to provide the most personalized and responsive online experience.

Reopening Plan

We will communicate Brewster's reopening plans, including any possible changes to the opening of school dates, as quickly as they are finalized. We encourage you to return to this page often for more information: brewsteracademy.org/reopening
