

# This is a commitment to Performing Arts

*If we want to be the intellectual, imaginative place that I know we are, we need space for our kids to show what they can do.*

- LOREN MOYÉ, DEAN OF FACULTY;  
DIRECTOR OF DIVERSITY

## This is our day!

### The Campaign for San Francisco Day School

#### A Dedicated Space

We believe experimenting and evolving in front of a supportive, accepting community builds confident learners. Performing arts is a highlight of our distinctive academic program. Our soirées, plays, jazz band, and curricular showcases give our students the opportunity to celebrate the skills they hone all year.

Today, the gym, cafeteria, and library all stand in for a stage, disrupting scheduled classes and athletics. With a new 2,000 square foot auditorium, our students will finally have the space their talents deserve.

*I can't wait to have a dedicated performance space for our musicians, dancers, actors, and creators to dream big and make things happen!*

#### Every Student Benefits

Our plans include a new auditorium with seating for up to 200 and an additional ensemble room for practice, classes, and staging. Seating for the new theatre will be flexible and allow us to customize the space for classes, performances, and gatherings. With a smaller footprint than our gym, this space presents an ideal scale for our youngest learners while also creating dedicated space for shows and showcases for every grade.

The auditorium will also offer a place for our full faculty to collaborate and learn together and for students and families to build and celebrate our school community. Importantly, a dedicated space for performing arts also ensures that our gym, classrooms, library, and cafeteria remain open and available to our students.
