

### **BYOD Program**

LEE Elementary 2017-2018 3<sup>rd</sup> & 4<sup>TH</sup> GRADE

January 25, 2017

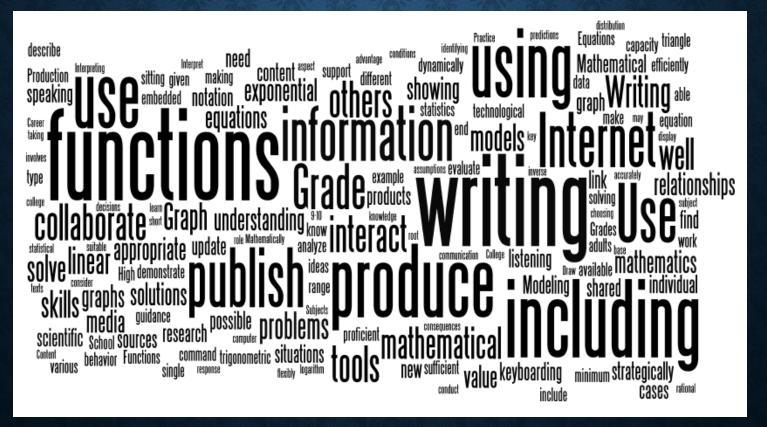

# What is 21<sup>st</sup> Century Education?

https://www.youtube.com/watch?v=773hbiCTkg4

# Education Now... Today's students are part of the digital generation

- A Changing World... Digital Natives
- 21<sup>st</sup> Century Skills and Literacies
  - Preparing students for College & Career
- Common Core State Standards
- Smarter Balanced Assessments-CAASPP
- Increase Engagement
- Play to the strengths and interests of students
- Align elementary practices with MS & HS expectations (Chromebooks, iPads, technology, etc.)

The following words are frequently used throughout the Common Core standards and are related to <u>instruction</u> and <u>technology</u>.

This could suggest the shift towards a growing acceptance that students should be narrating and sharing their learning with forms of media beyond just pencil and paper.

### CAASPP

CA Assessment of Student Performance & Progress

### **DID YOU KNOW??**

- Based on Common Core ELA Anchor Standard for College and Career Readiness for Speaking and Listening—
- YOUR CHILD MUST:

Make strategic use of digital media and visual displays of data to express information.

### Your child must...

 Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

### Your child must...

 Use technology, including the internet, to produce and publish writing and to interact and collaborate with others.

### Your child must...

 Gather relevant information from multiple print and digital sources...

### WHAT IS A 1:1 BYOD PROGRAM?

- O Bring Your Own Chromebook, 1:1 Program
  - 1 Chromebook: 1 student Every child has a Chromebook that is fully integrated into instruction at various points throughout the day and BEYOND
- O It is technology used as a <u>tool</u> to enhance instruction by allowing for active research, communication, the use of multimedia, real time assessment and feedback via student response systems, and the digitalization of classwork and homework.
- Teacher still plays a critical role in designing and facilitating learning - albeit via a digital platform.

### WHAT IS IT NOT?

- Students NOT using technology 100% of the day
- Students NOT researching outside the powerful firewalls
- Devices are NOT a substitute for classroom teacher

#### WHO ELSE IMPLEMENTS BYOD?

- Hundreds of public schools across L.A., Orange County, and across the U.S.
- Many school districts have adopted BYOD programs district wide (Manhattan Beach/Tustin)
- Other Los Al Schools?
  - McGaugh & Hopkinson 4th year using BYOD
  - All schools implementing BYOD-2017
  - LAHS & Middle Schools (Chromebooks & iPads)

### **Technology at LAHS**

# Dan Bennett LAHS Teacher & Educational Technology Coach

What will it look like in 5 years?

# BYOD PROGRAM HOME-SCHOOL PARTNERSHIP

- Home Component
  - O Provide:
    - Chromebook for your child's use at school
    - a case for the Chromebook
  - Parents would be asked to sign waiver provided by the school district to be able to send a personal device to school

### SCHOOL COMPONENT

How will it be supported by the school?

- Each 3rd & 4th grade classroom will contain:
  - Cluster of classroom dedicated Chromebooks
  - Chromebook Cart secured storage and charging for Chromebooks
  - Wireless printers
  - Chromecast
  - Designated wireless access point
  - Digital Citizenship and Safety instruction

### SCHOOL COMPONENT

(CONTINUED)

- Classroom experts who are passionate about using technology to enhance student learning and who are equipped with the technology to do so.
- Ongoing professional development for teachers to support and enhance student learning.
- Planning time to collaborate with and observe other teachers using a 1:1 platform.
- Student training on the use of Chromebooks in the classroom, internet safety/responsibility, and the proper handling and care of individual devices.

### BYOD VS. SCHOOL DEVICE

#### With BYOD:

- Access projects and assignments from home
  - Parents have an opportunity to see evidence/value of learning
  - Complete unfinished assignments at home
- Students extending their learning after the school day
- Complete homework at Kids Korner or after school club

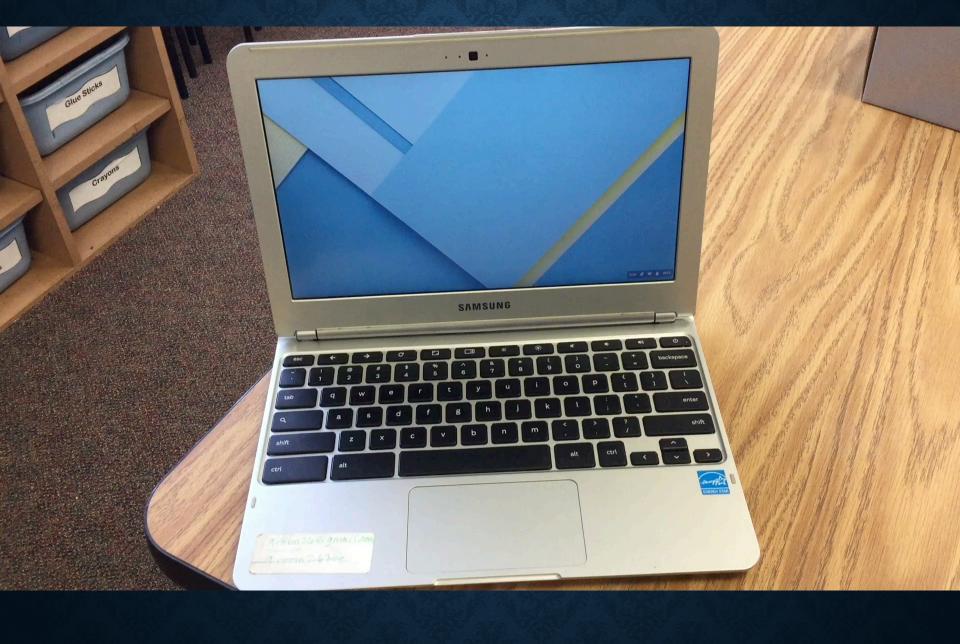

### BYOD VS. SCHOOL DEVICE

#### With BYOD:

- Students coming to school with ideas for new class projects (innovative and creative)
- Allows collaboration at home
- High Engagement = Motivation = Invested Learning
- Truly connecting home and school learning

### GOOGLE CLASSROOM

### Why Chromebooks?

### PROGRAM REQUIREMENTS

- 1. Chromebook
- 2. 4GB Ram (Memory)
- 3. Minimum-11 inch screen
- 4. Wireless Adapter--

Wireless 802.11AC highly recommended

1. Chromebook case
