

## 2020 Community Summer Read Suggestions Memoir

Title	Author	Description
Tuesdays With Morrie	Albom, Mitch	<p>Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it.</p> <p>For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago.</p> <p>Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger?</p> <p>Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live.</p> <p><i>Tuesdays with Morrie</i> is a magical chronicle of their time together, through which Mitch shares Morrie's lasting gift with the world.</p>
The Other Wes Moore	Moore, Wes	<p>Two kids named Wes Moore were born blocks apart within a year of each other. Both grew up fatherless in similar Baltimore neighborhoods and had difficult childhoods; both hung out on street corners with their crews; both ran into trouble with the police. How, then, did one grow up to be a Rhodes Scholar, decorated veteran, White House Fellow, and business leader, while the other ended up a convicted murderer serving a life sentence? Wes Moore, the author of this fascinating book, sets out to answer this profound question. In alternating narratives that take readers from heart-wrenching losses to moments of</p>

		surprising redemption, <i>The Other Wes Moore</i> tells the story of a generation of boys trying to find their way in a hostile world.
Free Lunch	Ogle, Rex	<i>Free Lunch</i> is the story of Rex Ogle's first semester in sixth grade. Rex and his baby brother often went hungry, wore secondhand clothes, and were short of school supplies, and Rex was on his school's free lunch program. Grounded in the immediacy of physical hunger and the humiliation of having to announce it every day in the school lunch line, Rex's is a compelling story of a more profound hunger—that of a child for his parents' love and care. Compulsively readable, beautifully crafted, and authentically told with the voice and point of view of a 6th-grade kid, <i>Free Lunch</i> is a remarkable debut by a gifted storyteller.
They Called Us Enemy	Takei, George	<p>George Takei has captured hearts and minds worldwide with his captivating stage presence and outspoken commitment to equal rights. But long before he braved new frontiers in <i>Star Trek</i>, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future.</p> <p>In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard.</p> <p><i>They Called Us Enemy</i> is Takei's firsthand account of those years behind barbed wire, the joys and terrors of growing up under legalized racism, his mother's hard choices, his father's faith in democracy, and the way those experiences planted the seeds for his astonishing future.</p> <p>What does it mean to be American? Who gets to decide? When the world is against you, what can one person do? To answer these questions, George Takei joins co-writers Justin Eisinger &amp; Steven Scott and artist Harmony Becker for the journey of a lifetime.</p>
Hillbilly Elegy	Vance, J.D.	<i>Hillbilly Elegy</i> is a passionate and personal analysis of a culture in crisis—that of white working-class Americans. The disintegration of this group, a process that has been slowly occurring now for more than forty years, has been reported with

		growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck.
The Glass Castle	Walls, Jeannette	<p><i>The Glass Castle</i> is a remarkable memoir of resilience and redemption, and a revelatory look into a family at once deeply dysfunctional and uniquely vibrant. When sober, Jeannette's brilliant and charismatic father captured his children's imagination, teaching them physics, geology, and how to embrace life fearlessly. But when he drank, he was dishonest and destructive. Her mother was a free spirit who abhorred the idea of domesticity and didn't want the responsibility of raising a family.</p> <p>The Walls children learned to take care of themselves. They fed, clothed, and protected one another, and eventually found their way to New York. Their parents followed them, choosing to be homeless even as their children prospered.</p>
Educated	Westover, Tara	Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home.
We Are Displaced: My Journey and Stories From Refugee Girls Around the World	Yousafzai, Malala	This title features Malala's and others' experiences as young people displaced by war and violence. Their tales remind readers that many people around the world have been uprooted from the lives they knew and are struggling to be heard.
