

LOLHS Math Department Summer Enrichment 2020

Dear Students,

If you would like to practice and reinforce concepts and skills that will be reviewed in your math classes this fall, the math department has provided **optional** practice topics and practice examples via Khan Academy.

To access the assignments, click on the link below for the course you are enrolled in for this fall. The link will take you to a Google Doc for that specific course with topics and links for you to access.

These videos and assignments are not assigned to you on your Khan Academy account and are not linked to your future teacher. Please be sure to be logged into your Khan Academy account to track all work that is completed.

All videos and assignments are **optional** and you are encouraged to speak or meet with your teacher in the fall if you would like to go over any of the content in the assignments.

If you have any questions please contact the department leader, Mrs. Leen (leenb@region18.org).

Have a safe & fun summer!

The LOLHS Mathematics Department

Choose the class you are taking this fall:

| LOLHS Math Department Summer Enrichment 2020 | |
|--|-------------------------------------|
| <u>Algebra 1</u> | <u>Geometry</u> |
| <u>Algebra 2</u> | <u>Pre-Calculus</u> |
| <u>Calculus</u> | <u>Statistics</u> |
