AGREEMENT NO. IA 921-210

IN ACCORDANCE with Chapter 39.34 RCW - Interlocal Cooperation Act, this agreement is made and entered into by and between the Washington State Parks and Recreation Commission, hereinafter referred to as "State Parks," and Peninsula School District hereinafter referred to as the "School District".

IT IS THE PURPOSE OF THIS AGREEMENT to provide reimbursement to State Parks for the materials and installation of a standby generator for the potable water well at Kopachuck State Park.

THEREFORE, IT IS MUTUALLY AGREED THAT:

STATEMENT OF WORK

State Parks would like to install a permanent standby generator at the site of its existing well house located at Kopachuck State Park. Parks and the School District share the well and the water system. In order to allow the water system to continue to function normally during a power outage, the generator will be capable of powering the existing 25 HP well pump and the existing water treatment equipment on the site. State Parks' consultant firm has provided Technical Specifications, Plans and Cost Estimates for the project that will allow State Parks to procure and install the necessary equipment.

State Parks will partner with the School District to pay for the materials and installation of the generator. The actual costs of the procurement and installation will not be fully understood until the project is complete. For the purpose of this agreement the cost is estimated at \$70,000.00. Cost share will be 50% for each party.

PERIOD OF PERFORMANCE

Subject to its other provisions, the period of performance of this Agreement shall commence on the date signed by State Parks, and be completed on December 31, 2020, unless terminated sooner as provided herein. Agreement shall automatically expire on December 31, 2020, unless otherwise extended by amendment.

Payment for satisfactory performance of the work shall not exceed this amount unless the parties mutually agree to a higher amount prior to the commencement of any work which will cause the maximum payment to be exceeded.
