Please provide a list of up to ten of the most recent clients of similar scope and size including:

- ii. A description of recent (within the last three years) data warehousing experiences, particularly among governmental and K-12 educational clients.

Response 1: The District is looking for a list of ten most recent clients listing the District name and then a description of recent data warehousing experiences, particularly among governmental and K-12 educational clients. Then list four K-12 educational clients as references. These may be some of the same that you list above.
