

IN PREPARATION FOR FALL 2020

MATH DIAGNOSTICS AND DRILL DOWNS

Teacher tools to help address the
summer slide and the soft closure

**JUNE 29, 2020 9 AM - 12:30 PM IN-PERSON
PDC (LIMIT OF 21 PARTICIPANTS)**

**JUNE 30, 2020 9 AM - 12:30 PM VIRTUAL
(NO PARTICIPANT LIMIT)**

This workshop is designed to inform
Mathematics Educators on the
implementation of mathematics diagnostic
tools (commonly referred to as "drill downs").

Capitalizing on the strengths of
heterogeneous grouping, K-12 math
educators will spend time creating, reflecting,
and planning to engage in and learn best
practice that will maximize instructional time
spent with students in the fall.

To Register: usbe.midaseducation.com

Course #: 58158

\$50 stipend for the first 60 people to register

3.5 Relicensure Hours
