

## GUIDE to MEASURING

This simple guide was developed by our supplier to help parents decide which size to order while the School Shop is closed due to social distances regulations during the coronavirus lockdown.

If the chest measurement is very close to a size and a pullover is to be worn under a blazer you may need to choose the next size up.

**STEP 1** - Measure the chest and waist with a tape measure

### STEP 2

Blazer sleeves can be easily shortened by sewing in a tack on each side after folding up to the right length.

The basic blazer specifications are below; please remember garments need ease in the chest so a size will always measure between 3 and 5 inches more than the wearers chest measurement:

Boys to Fit Size	UNIT	26	28	30	32	34	36	38	40	42	44	46 to 50
