Welcome to Hollywood Hill

Spring 2020

STARS are Safe, Respectful, and Responsible

Who is Hollywood Hill?

An amazing group of educators--dedicated, hard working and fun. We live here--we are stars, Our colors are blue and red. This year there were 13 teacher kids! [Video](#), [flipgrid](#).

What's changing?

We are adding EAP and Sensory. The entire staff will receive training on what it means to have students with Sensory IEPs in the building, and we believe that all students thrive in an environment where they get what they need. We will incorporate that learning into all classrooms. We do a lot of collaboration and individualized instruction and look forward to doing that even more with our EAP classrooms.

What will be the biggest change?

With preschool leaving, we will have a lot of room changes and set up so may need help at Community Serve Day!
