

## Directions: Capture the Product

Materials: 1 recording sheet per pair, special dice

1. Player 1:
- |                      |                      |                      |
|----------------------|----------------------|----------------------|
|                      |                      | <input type="text"/> |
|                      | <input type="text"/> | <input type="text"/> |
| <input type="text"/> | <input type="text"/> | <input type="text"/> |
- Roll two dice (one special 0,1,2,3,5,10 and a 1-6 die)
- Roll two dice (one special 3,4,6,7,8,9 and a 1-6 die)
- Roll two dice (two special 3,4,6,7,8,9)

2. Multiply the digits. Record your number sentence.
  3. Player 2: Roll and record.
  4. Compare your products and fill in the appropriate symbol to show greater than, less than, or equal to. The player with the greater product gets 1 point.
  5. At the end of the game, add up your points. Whoever has the most has captured the most products!!
- 2011 Massachusetts Frameworks: 3.OA.7 Fluently multiply and divide within 100, using strategies such as the relationship between multiplication and division...know from memory all products of two one-digit numbers.
  - 2011 Massachusetts Frameworks: 2.NBT.4 Compare two three digit numbers using  $>$ ,  $=$ , and  $<$  symbols
