To the members of the Laguna Beach Unified school community,

The balanced final budget for Laguna Beach Unified School District for the 2020-2021 fiscal year was developed maintaining the district's vision in mind of taking ownership of each child's learning in our schools, accepting no limits on potential.

We align our resources to support the strategic goals of our district, which are focused on student achievement, school culture, learning environments, staffing, and fiscal responsibility. We are mindful that there is always more work to do and we maintain an unwavering focus on continuous improvement in the ever-changing landscape of public education.

We value and share high expectations for our district for the benefit of our students. On behalf of Laguna Beach Unified Schools, I thank you for your interest and support of our district as it helps to inform our district goals and decisions.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a horizontal line.

## LAGUNA BEACH UNIFIED SCHOOL DISTRICT 2020/2021 All Funds Final Budget

I am pleased to present a balanced final budget for the Laguna Beach Unified School District for fiscal year 2020/2021.

This document includes:

- Program detail
- All standardized account code financial statements
- State criteria and standards
- Multi-year budget
- Technical review checklist

The attached budget contains the most up-to-date information available from the State Department of Education, Orange County Office of Education and the Orange County Tax Assessor.

Throughout the summer months, the local property tax rolls will be completed, the State will adopt a budget, and more information will become available.

Laguna Beach Unified School District is in strong financial condition with prudent reserves and a conservative balanced budget. Our budget is not a static document and the Board of Education will be regularly apprised of forthcoming information with accompanying recommendations for appropriate revisions.

Respectfully Submitted,

Jeff Dixon  
Assistant Superintendent, Business Services

## PURPOSE OF THE BUDGET

The Budget serves as both a policy document and a practical day-to-day guidance tool; it is an expression in dollars of the District's education program. It includes financial information, planning factors, fiscal policies and summaries of district funds. More specifically, the Budget serves as an outline for the estimated revenue and expenses for the fiscal year. In addition, the budget serves these primary objectives.

- ◆ A financial plan outlining proposed District actions.
- ◆ An accountability tool.
- ◆ A public information document.

## LCAP & FINAL BUDGET

The Local Control and Accountability Plan or LCAP is a critical part of California's new Local Control Funding Formula (LCFF). It is a three-year, district-level plan that is updated annually.

Given the uncertainties caused by the COVID-19 pandemic and the impact California's response has had on a local educational agency's (LEA's) ability to meaningfully engage with stakeholders, Executive Order N-56-20 was established.

Governor Gavin Newsom issued this directive on April 23, 2020, focusing on easing requirements for local educational agencies (LEAs) to complete their Local Control and Accountability Plans (LCAPs) for 2020–21. Executive Order N-56-20 delayed adoption of the full LCAP from July 1, 2020 to December 15, 2020, but replaced it with a new requirement.

Notably, the Executive Order requires school districts to complete a new report that explains the changes to program offerings that have been made in response to school closures to address the COVID-19 emergency and the major impacts of the closures on students and families. Therefore, the school board of education will adopt the report at the same meeting the annual budget is adopted.

## LOCAL CONTROL FUNDING FORMULA (LCFF)

California school districts are funded by a combination of local, state and federal sources. Since the early 1970s, most school districts received their general purpose or unrestricted funding under "Revenue Limit" formulas. Starting in 2013-14, the state of California instituted a new funding system for school districts.

The new system is called the Local Control Funding Formula, or LCFF. Most categorical programs were eliminated, with a few exceptions. Local property tax revenues for Laguna Beach Unified School District exceed the allocation we would receive from the state through LCFF. For this reason, Laguna Beach Unified School District will continue to be a community-funded school district.

## LAGUNA BEACH AT A GLANCE

The Laguna Beach Unified School District is located in the second largest county in California, in terms of population.

The District covers approximately 23 square miles or 14,720 acres in size and includes the cities of Laguna Beach and portions of Laguna Woods, Aliso Viejo, and Laguna Niguel as well as other unincorporated areas.

The District began operations as a unified school district in 1933. Currently, there are two elementary schools, one middle school, and one high school in the District for a total of four schools.

The District is governed by a Board of Education, the five members of which are elected to four-year terms in alternate slates of two and three.

The following is a quick overview of Laguna Beach schools.

## MISSION, VISION & CORE BELIEFS

We believe that the district-wide commitment to these core beliefs is vital at all levels of the organization and will enable students to succeed and become responsible citizens.

### VISION AND MISSION

**Vision**

We take ownership of each child's learning in our schools, accepting no limits on potential.

**Mission**

Each student gains the knowledge, experience, world perspectives, and skills needed to become a lifelong learner and producer in a competitive and interconnected world.

### STRATEGIC GOALS

**Student Achievement**

All students will demonstrate academic growth across content areas.

**School Culture**

Each student will strengthen connections to the school, community, and the world by engaging in activities that build skills and responsibility.

**Learning Environment**

Safe, attractive, clean, and well-equipped learning environments will be provided for each student.

**Staffing**

The District will recruit, hire, train, and retain high performing staff.

**Fiscal Responsibility**

The District will maintain fiscal solvency and transparency to ensure support of student learning.

### CORE VALUES

**Responsibility**

We hold ourselves responsible for consistently maintaining a clear focus on our mission, which frames the behavior of our students, staff, parents, community, and Board of Education.

**Commitment**

We are committed to a focus on student learning through collaboration, reflection, and openness to change, which results in the highest levels of excellence.

**Equity**

We equitably meet the needs of all students through systems, structures, and opportunities that promote success.

**Courtesy**

We treat everyone with dignity and respect, seeking to understand each point of view without making assumptions.

**Transparency**

We are transparent in all operations of the District, demonstrating ethics through open and honest practices.

# Budget Summary Section

## EXECUTIVE SUMMARY

The public health emergency associated with the coronavirus disease 2019 (COVID-19) pandemic has required schools to respond to unprecedented challenges, shifting from traditional educational settings to focusing on distance learning and student meal distribution.

The sudden nature of the outbreak and the rapid drop in economic activity have given companies very little time to make operational and financial adjustments to absorb the drop in the top line. During this period, the travel and recreation sectors of the economy have shut down, oil prices have plunged, credit spreads have widened dramatically thereby tightening financial conditions and the stock market has seen high volatility.

Eleven years of economic expansion came to a halt this year. California, once again, will bear a heavy share of the contraction in economic activity. In 1990 it was the aerospace industry, in 2001 the tech industry, and in 2008 residential construction; each of which were sectors that California was proportionately more exposed than the rest of the nation.

While there is no good time for a recession, the Laguna Beach Unified School District is in a strong position as far in cash position and district reserves. We are well poised for it. Yet, there are still many unknowns and information is rapidly evolving about the future course of the economy. The District remains cautious, particularly sensitive given the risks to the state and national economies.

As we look into reopening schools, we face many challenges ahead of us. Nonetheless, our main goal is to ensure we serve all our students by promoting student learning and keeping the overall health and well-being of children and educators.

### THE ECONOMY AND STATE REVENUES

Governor Newsom's May Revision reflects the dramatic impacts of the COVID-19 pandemic on our state's economy. The May Revision estimates a total deficit of \$54 billion over the three year-budget period. The governor framed his proposal as a budget focused on stopping the spread of COVID-19, while protecting the state's core functions, including public education.

While California is in a better position to confront this recession in comparison to the Great Recession, without an influx of significant federal funds, the May Revision proposes significant cuts to public education and other key programs.

Before this crisis, the state had been enjoying the longest economic expansion in history and anticipated a State Budget surplus of nearly \$6 billion going into 2020–21. Unemployment had reached historic lows both across the nation and in the state, and the average Californian's income increased by 25% since the Great Recession.

Now, economists expect the national gross domestic product to decline between 26% to 40% in the second quarter of this year, and California anticipates losing over 22% of revenues that we expected at the time the Governor released his January Budget proposal. The "big three" taxes of personal income, sales and use, and corporation tax will be considerably down from original January estimates.

These revenues make up the lion's share of the revenue the state relies on to fund most of its major programs, including education and child care. The May Revision proposal assumes that the state

faces a \$54 billion State Budget deficit as it heads into the fiscal year 2020–21. According to the Governor’s May Revision, this estimate includes a \$41 billion loss in state revenue compounded by the added costs of increases in the number of Californians participating in state-subsidized programs.

While Gov. Newsom includes various proposals to mitigate the impact of this recession on students, the proposals in totality represent a seismic reduction in public education funding. Unlike the prior year and many of the years during the Governor Brown era, it is anticipated that not all issues will be resolved by the end of June when the State Budget is enacted. With the delay of the income tax filing deadline from April to July, the final adjustments for the 2020–21 State Budget might not be known until August or September.

Nearly \$7 billion in cuts to the LCFF and K-12 categorical programs will be implemented should the federal government fail to intervene. It is important to note that the May Revision is not the final budget, but rather serves as the next step in the process. The Senate and Assembly will now weigh-in on the governor’s proposals and advocate for each house’s priorities. While only time will tell how the Legislature will choose to deal with the budget deficit, leaders in the state Assembly have stated their desire to “keep schools whole” and minimize the impacts on public education.

### K-12 CATEGORICAL PROGRAMS

The May Revision includes a roughly 50 percent reduction to various K-12 categorical programs, including the K-12 Strong Workforce Program and the Career Technical Education Incentive Grant Program.

### PENSION COSTS

The May Revision proposes buying down CalSTRS and CalPERS employer contribution rates over the next two years by redirecting funds included in last year’s budget. The proposal would reduce CalSTRS and CalPERS school employer rates by about 2 percent from projected levels. Specifically, under the proposal, CalSTRS rates would be 16.15 percent in 2020-21 and 16.02 percent in 2021-22, while CalPERS rates are estimated to be 20.7 percent and 22.84 percent.

## REVENUES-AT-A-GLANCE

General Fund revenues come from four major sources:

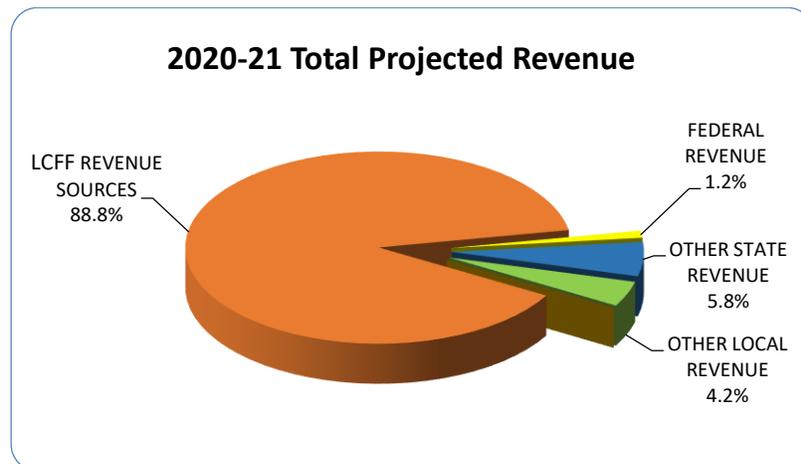

**LCFF Revenue Sources.** This category includes funds from local property taxes, LCFF hold harmless provision and Proposition 30, the Education Protection Act (EPA). Property taxes consisting of secured and unsecured taxes, homeowner's subventions, trailer coach fees and other subventions account for 88.8% of the District's total revenue.

**Federal Revenue Sources.** Federal assistance funds provide for specific categorical programs. These programs are designed to supplement the regular education programs of the District. Federal Revenue accounts for 1.2% of the District's total revenue.

**State Revenue Sources.** State funds that are allocated to the District for state categorical programs awarded to the District for which the state serves as the grantor agency. State revenue accounts for 5.8% of the District's total revenue.

**Local Revenue Sources.** Revenues that are received from interest earnings, donations, local grant/awards, leases and rental income, transportation fees, and other local sources. A major portion includes pass-through revenue for special education from the Special Educational Local Plan Area (SELPA). Local revenues account for 4.2% of the District's total revenue.

The following chart displays a summary of the District's revenue sources.

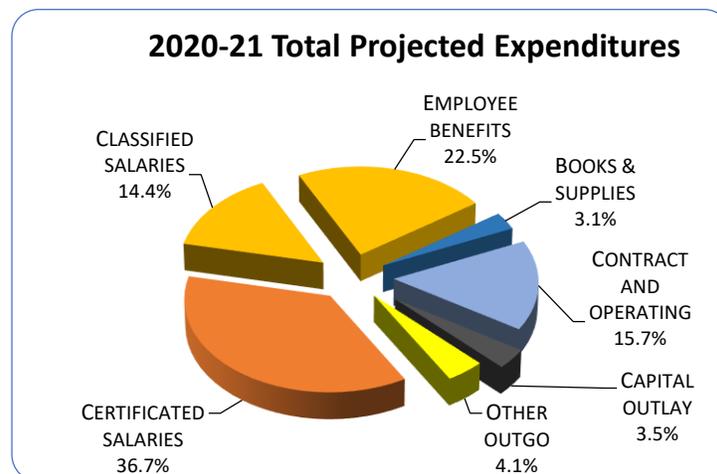

## EXPENDITURES-AT-A-GLANCE

The budget consists of seven expenditure areas:

1. Certificated Salaries
2. Classified Salaries
3. Employee Benefits
4. Books and Supplies
5. Capital Outlay
6. Contract and Operating
7. Other Outgo (inter-fund transfers, inter-agency tuition, etc.)

*Expenditures* related to employee compensation represent 73.6% of the general fund. The remaining 26.4% is spent on books and supplies, other services, capital outlay, and payments to other educational agencies. The following chart displays this data.

### **Beginning Fund Balance**

The total beginning unaudited general fund balance is estimated to be \$10,737,953. The 2019-20 Estimated Actuals continue to reflect a balanced budget. With the close of the 2019-20 fiscal year the actual beginning fund balance will increase due to carryover funds earmarked for specific programs and school sites. The actual 2020-21 beginning fund balance will be updated at the First Interim Period (after the 2019-20 financial records are closed).

### **Ending Fund Balance**

The ending fund balance is estimated to be \$11,773,003. The terminology for the District's ending fund balance for 2020-21 reflects categories of: nonspendable, restricted, committed, assigned and unassigned. The unassigned category is broken down for the Reserve for Economic Uncertainty (REU) and Other Unappropriated. The 2020-21 budget shows the General Fund operating income budget of \$67.0 million and the operating expense budget of \$65.9 million.

## GENERAL FUND SUMMARY

The following narrative is divided into the major categories of the budget and is a comparison of the Fiscal Year 2019-20 Estimated Actuals and the 2020-21 Budget. Actual revenues and expenditures for 2019-20 were considered in the development of this budget. The account code structure is designed to be in compliance with the State Standardized Account Code Structure as well as to be a more effective monitoring and reporting tool.

### Revenues

- ❖ LCFF Sources increased by \$1,980,354. 2020-21 Secured Property Tax revenue is projected at an increase of 2.5% over the 2019-20 Estimated Actual level.
- ❖ Federal revenue shows a decrease of \$101,197 attributed to proposed budget cuts for education and some notable K-12 programs. Among proposed changes is a restructuring of the Elementary and Secondary Education Act (ESEA), turning it into a block grant that would consolidate major programs into its fold, including the Every Student Succeeds Act's (ESSA's) Title I and Title II. No one knows the path that the recession will take, and if the federal government will provide any additional relief beyond the Coronavirus Aid, Relief, and Economic Security (CARES) Act.
- ❖ Other State Revenue is expected to decrease by \$694,050. The May Revision proposes reducing funding for various categorical programs. If federal funds materialize, then these cuts may be reversed.
- ❖ Local revenue has a decrease of \$1,079,495. Donation revenue is excluded at Budget Adoption and budgeted when received, except for the annual donation of \$250,000 from SchoolPower. Carryover funds from 2019-20 will be adjusted at the First Interim Reporting Period.

### Expenditures

#### ❖ **1000 – Certificated Salaries**

Salary costs have a net increase of \$1,034,571. Certificated salaries have been adjusted to reflect current position control and the needs of the district. The total certificated Full-Time Equivalent is projected to be 167.2 FTE for 2020-21.

Certificated negotiations have not been settled for 2020-21 and as a result, salary increases are not included in this budget. However, funds are reserved in the fund balance should a potential agreement materialize.

#### ❖ **2000 – Classified Salaries**

Salary costs have a net increase of \$470,879. Classified salaries have been adjusted to reflect current position control and the needs of the district. The total classified Full-Time Equivalent is projected to be 123.8 FTE for 2020-21.

At the time of budget preparation, a tentative agreement with CSEA has not concluded. Therefore, no negotiated salary increase has been included in the 2020-21 budget. However, funds are reserved in the fund balance should a potential agreement materialize.

❖ **3000 – Benefits**

Employee benefits have a net decrease of \$49,592. The May Revise reallocated funds towards long-term unfunded liabilities to further reduce employer contribution rates in 2020-21 and 2021-22. As result, The CalSTRS employer statutory rate is projected to decrease from 17.10% to 16.15%.

Employer contributions for the Public Employees' Retirement System have increased from 19.721% to 20.70% of classified salaries.

Statutory costs include Medicare (1.45%), Social Security (6.20% for classified employees only), State Unemployment Insurance (0.05%), and Worker's Compensation (1.326%, representing a slight increase of 0.07% from 2019-20).

The Districtwide hard cap for health and welfare benefits continues to be \$4,780,000 for all employees. The District will contribute an annual amount for eligible unit members based on a tiered structure. Eligible unit members will be responsible for any costs incurred over the individual district contribution.

❖ **4000 – Books & Supplies**

Books and Supplies have a net decrease of \$880,804 due to the exclusion of carryover and prior year one-time expenditures.

❖ **5000 – Contracted Services & Other Operating Expenses**

An increase of \$300,842 for Contracted Services & Other Operating Expenses is based on projected expenditures for routine maintenance, utilities, insurance, special education, pupil transportation and technology.

❖ **6000 – Capital Outlay**

A decrease of \$260,284 is budgeted for capital outlay costs for 2020-21.

❖ **7000 – Other Outgo**

Other Outgo has an increase of \$14,950.

❖ **Transfers Out**

The District continues to support school nutrition during this incredibly difficult time. It is anticipated that a contribution of \$250,000 will be required to maintain operations associated with serving meals. However, the outlook remains uncertain as social distancing may continue.

Based on the scheduled 10-year facilities master plan, the District plans to continue making deposits to replenish what is used and ensure all of the projects on the list can be accomplished in the planned timeframes.

A transfer of \$900,000 from the General Fund to the Special Reserve Fund (Capital Projects) Fund is budgeted for the facility, repair and replacement program (FRRP).

Finally, a transfer of \$1,200,000 from the General Fund to the Special Reserve Fund (Capital Projects) Fund is budgeted for the Capital Improvement Plan (CIP).

## TOTAL PROJECTED EXPENSES BY FUNCTION

The Standardized Account Code Structure (SACS) was mandated by the federal government to be utilized within the State of California to establish a uniform, comprehensive, and minimum chart of accounts. Its purpose is to improve financial data collection and comparability. While revenue is not tracked by function, this creates a logical framework to determine how schools allocate and distribute resources and provides standard information for use by the federal government, administrators, board members, legislators and others interested in school finance.

In fiscal year 2002-03, School Districts were mandated to follow General Accounting Standards Board Proclamation 34 (GASB 34), which requires districts to report by major function in their financial statements. This is the standard by which we will analyze data from one year to the next for public consumption. It is by no means the only way to look at the financial information of the district but it is a statewide standard that all districts adhere to.

Function represents a general operational area in a local education agency and groups together related activities. A function describes activities or services performed in order to accomplish a goal. School districts use all of the functions in the process of educating students or organizing resources to educate students. The function field is required of all expenditures of the district.

The following dissects major functions to provide for an understanding of reporting on the function level in addition to understanding how money is spent to educate students within the Laguna Beach Unified School District as shown in the following chart.

## MAJOR FUNCTION DESCRIPTIONS

### INSTRUCTION

Activities dealing directly with the interaction between teachers and students. Includes regular and special education services.

### INSTRUCTION RELATED SERVICES

These are services that provide administrative, technical and logistical support to facilitate and enhance instruction. (i.e. Curriculum development, staff development, library, media and technology as well as school administration).

### PUPIL SERVICES

Activities that involve guidance, counseling, psychological services, attendance and social work services as well as health services, and transportation.

### ANCILLARY SERVICES

School sponsored activities designed to motivate, provide enjoyment or improve skills in a competitive or non-competitive environment. (i.e. Athletics, band, clubs.)

### GENERAL ADMINISTRATION

Activities concerned with establishing policy and overall general administration of the district (i.e. Board, Superintendent, Fiscal Services, Human Resources and Data Processing).

### PLANT SERVICES

Activities concerned with keeping the physical plant open, comfortable and safe for use, keeping grounds, buildings, and equipment in working condition and state of repair.

### OTHER OUTGO

Outlay for debt service, transfers between agencies and interfund transfers.

## UNRESTRICTED FUNDS

The Local Control Funding Formula (LCFF) replaces the old revenue limit funding system and more than 40 categorical programs by consolidating them into one revenue stream on a permanent basis. Under the “revenue limit and categorical-funded programs” model, revenues were typically divided between unrestricted and restricted. Accountability for the use of the funds was lower on unrestricted dollars and tight on restricted dollars, and rule-based compliance was the norm.

Under the LCFF model, revenues are treated differently. Accountability for the use of funds extends to all LCFF dollars. In the standardized account code structure (SACS), all LCFF funding is accounted for as an unrestricted resource. School districts have the option of defining local codes in tracking expenditures.

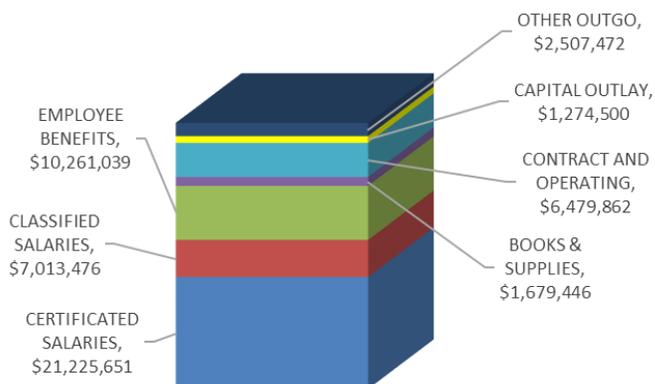

2020-21 Unrestricted General Fund Revenue

**96.8% of the District's General Fund Unrestricted Revenue is generated from Local Control Funding Formula Sources.**

Most of the District's General Fund of Unrestricted Revenue is generated from property taxes. Only a small percentage of unrestricted funds are derived from state apportionments and other local income sources.

2020-21 Unrestricted General Fund Expenditures

It takes people to teach students. **73.6% of total unrestricted expenditures are committed to the salaries and benefits for employees of the District.**

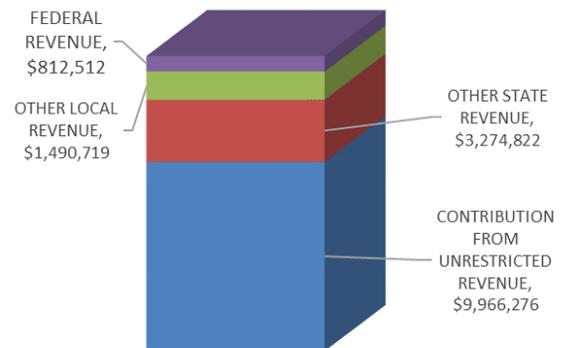

## RESTRICTED FUNDS

School districts also receive funds from federal and state agencies for categorical programs. Categorical programs are bound by various restrictions on how funds may be used, therefore, are categorized as restricted funds. Often, programs are designed to “augment” those services which are provided to all students. By law, districts must use categorical funds to “supplement, not supplant” the already available services.

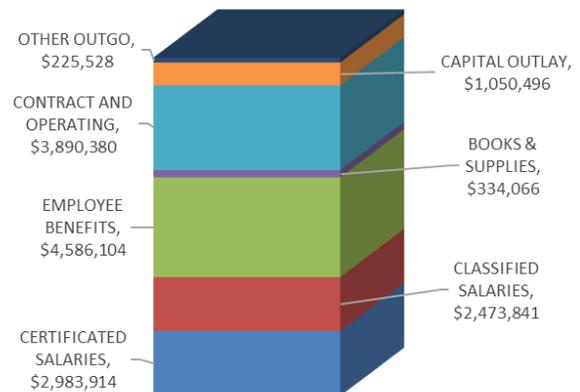

In past years, state categorical funds were the second largest source of revenue for school districts. However, the implementation of the Local Control Funding Formula has eliminated the majority of state categorical programs. The Special Education categorical program is the largest state categorical program still in existence.

In addition to funding received from state and federal sources, the educational programs of the district are enhanced by grants, awards, and/or donations received from the local community, corporations, school foundations, and other agencies. Generally, the donor stipulates the purpose for which the funds are to be used; therefore, these funds are also categorized as restricted funds.

## MAJOR STATE AND LOCAL FACTORS

**Property tax** is a tax imposed on the value of real property, such as land and buildings and recognized as “secured” property tax.

Personal business property, such as furniture, equipment, inventory and planes are classified as “unsecured” property tax. Property tax revenue is collected by the county and allocated according to state law among cities, counties, school districts and special districts.

The District's projected property tax revenues are above the estimated entitlements under the State of California Local Control Funding Formula (LCFF); therefore, the District remains a Community Funded District.

Property tax revenue growth reflects the cyclical nature of the economy and the assessed valuation of residential homes in Laguna Beach.

**April 10 property tax deadline remained in effect.** State law governs when property taxes are due and payable, and the Orange County Treasurer-Tax Collector was not authorized to change the April 10 deadline. Property taxes fund critical local government services. Counties and other local governments, like community-funded school districts, primarily rely upon property taxes for their revenues.

During these unprecedented times, several payment options were extended to help property owners make their tax payments. Homeowners with significant demonstrated economic hardship due to COVID-19 were able to request a penalty cancellation or sign up for a 5-Year Payment Plan.

### **Fiscal outlook**

This is a unique and evolving situation and the economic uncertainty caused by this emergency will significantly affect the near-term fiscal outlook.

The District is a participant in the County's Teeter Plan. The County apportions to taxing agencies 100% of their secured levy (adjusted for roll changes), with the County owning the delinquent receivables. Property tax revenues for the 2019-20 fiscal year were not impacted to any significant degree.

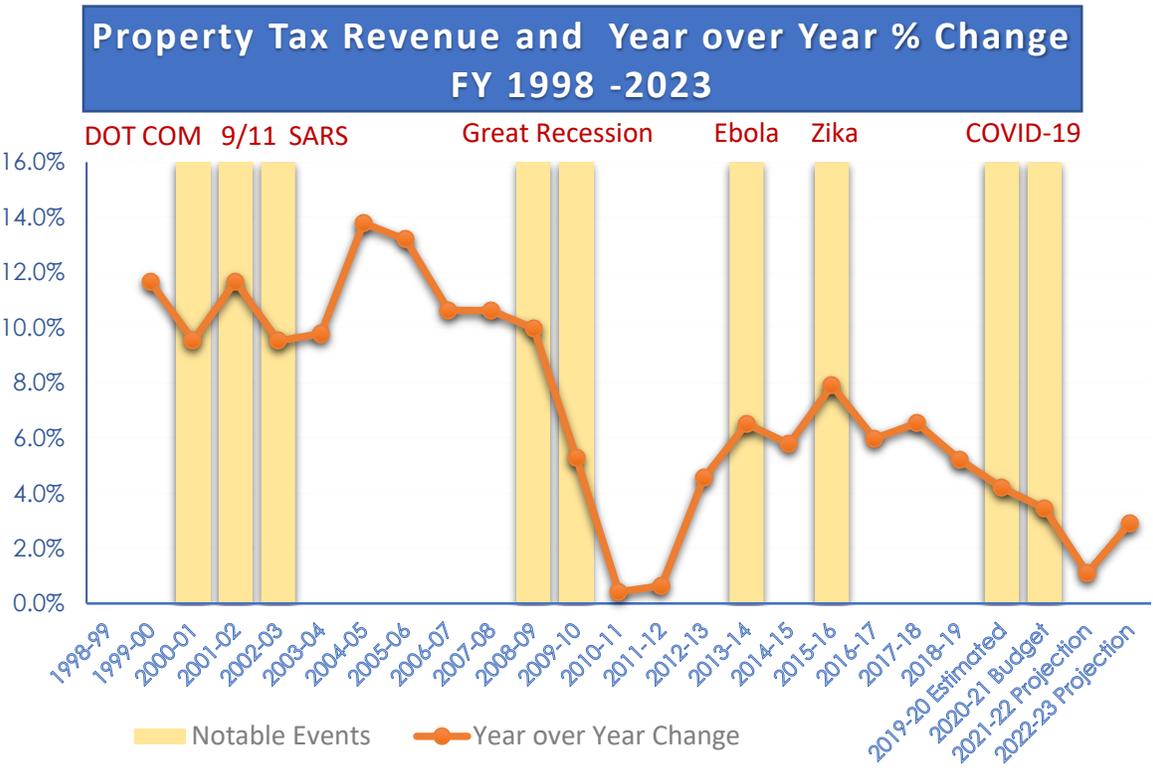

However, the real impact of sales occurring in the 2020 calendar year will impact the 2021-22 property tax forecast. If long term job losses continue, homeowners may have difficulty paying their mortgages and ultimately, we might see an uptick in foreclosures and the banks repossessing properties.

If the pandemic continues through the summer, we may expect that revenues for 2020-21 be reduced due to some level of delinquency and Assessor value reductions to reflect market values. The potential for such reductions will only become evident as time passes.

The impacts, large or small, of this crisis on assessed values will start to be seen in calendar year 2020 and will be reflected in the 2021-22 fiscal year.

The growth in property taxes in 2019-20 was approximately 4%. As we have seen in prior recessions, 2001 and 2008 were long disruptions to the economy. Without a doubt, this recession is projected to slow growth in property tax revenues. However, the extent is uncertain. In assessing uncertainty, using reference points for navigating uncharted waters can help envision possible outcomes.

The following chart displays the fiscal impact of historical events on property tax revenues. Given that this pandemic is a complex situation and the direction of future conditions is unpredictable, the district has lowered its projections for the next three years.

Fiscal Year	LCFF Sources Total Property Taxes	Year over Year Change
2019-20 Estimated	\$57,507,078	4.20%
2020-21 Budget	\$59,487,432	3.44%
2021-22 Projection	\$60,146,298	1.11%
2022-23 Projection	\$61,899,234	2.91%

The District will continue to monitor trending information relative to real estate sales impacting future value additions, annual sales transactions in the previous calendar year and the changing economic landscape. As more information becomes available, the multi-year projections will be updated to reflect new assumptions and possible outcomes.

## Pension Costs

As we continue to watch the ups and downs of the stock market, it is anticipated that significant losses will affect the full funding plan for pensions plans.

Investment earnings provide more than half of the funding for the California Public Employees' Retirement System (CalPERS) pension plan. Historically, CalPERS has targeted an annual average return on investments of 7.5% but has been reducing that over a three-year period. For the school employer investment pool, the target rate of return for 2019–20 is 7.25%, which will be reduced to 7% next year.

When investment earnings are less than the target for any given year, it has the effect of decreasing the funded status of the plan and potentially increasing employer contributions two years hence. Once the 2019–20 fiscal year ends and CalPERS assesses its earnings for the year, the actuarial report for that year will take into account any investment losses that the fund has suffered.

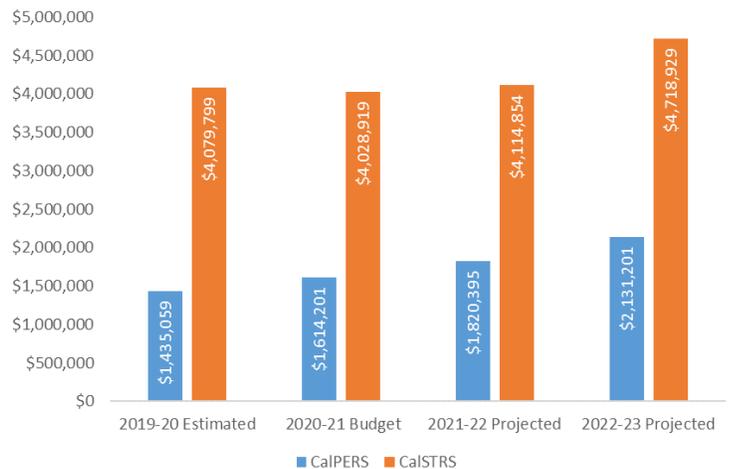

The California State Teachers' Retirement System (CalSTRS) is similarly funded, so any investment returns below the CalSTRS target of 7% will likely reduce the funded status of the plan. Under current law, CalSTRS is to be fully funded by 2046, based on a combination of employee, state, and employer contribution rate increases.

The CalSTRS Board has some authority to increase the contribution rates of both employers and the state. This authority has limitations (can only go up a certain percentage each year, and the employer rate caps out at 20.25%) and is to be adjusted based on meeting the goal of exhausting the unfunded liability for the state and employers, respectively, by 2046.

If the current crisis leads to less payroll, either through layoffs or CalSTRS member pay cuts, the employer contribution rate would need to increase as a percentage of payroll to keep employers on track to fund their portion of the unfunded liability. CalSTRS has modelled several different recession scenarios for its Board but the full effects of this pandemic are yet to be seen.

The bottom line is that investment losses will cause pressure to increase employer contribution rates in the future. In terms of dollars, the district's pension costs are expected to increase from \$5.5 million in 2019-20 to \$5.6 million in 2020-21.

Effective with the close of the books for 2014-15, the State's contribution to CalSTRS on-behalf of district employees must be recorded in the District's SACS financial records. The entry to recognize the State's on-behalf pension contribution accounts for both the revenue and expenditures of the financial assistance represented by the State's contribution; thus there is no impact to the bottom line. The on-behalf STRS contribution is projected to be \$2.5 million in 2020-21.

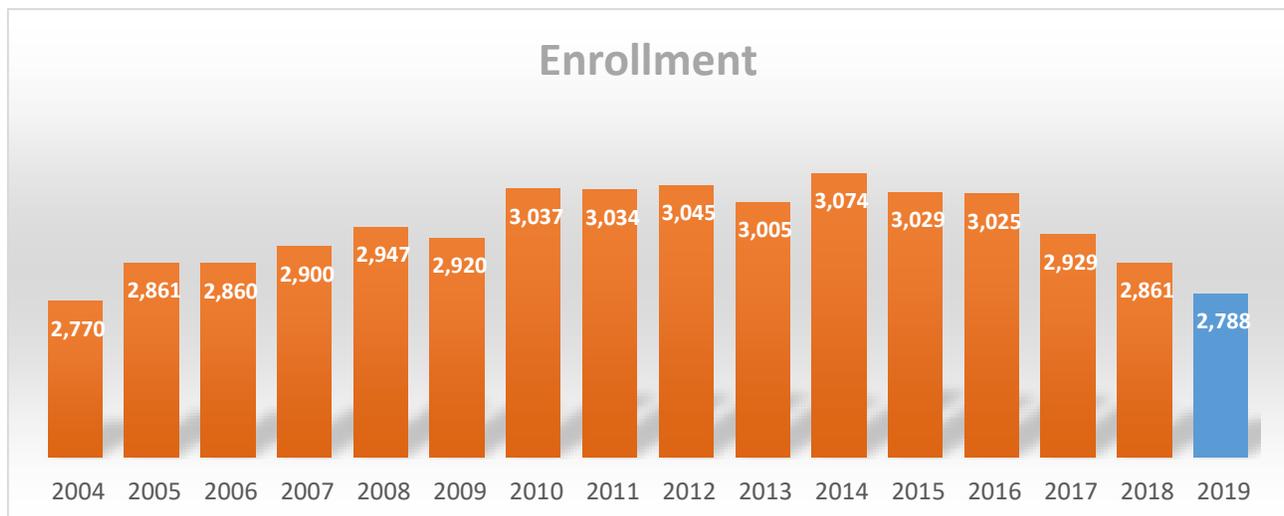

## FACILITIES PLAN SUMMARY

The Laguna Beach Unified School District currently owns and maintains roughly 312,400 square feet of building space, which is comprised of four schools, district offices, and a warehouse facility. In January of 2015, facilities staff developed a **10-year facilities plan** that identified maintenance projects, capital improvement projects, as well as major repair and replacement projects. The scope and timing of the projects was based on 3 primary sources of feedback:

- Facility Condition Assessment (2014)
- Online Community Survey
- Principal Feedback (Ongoing)

### Demographic Data

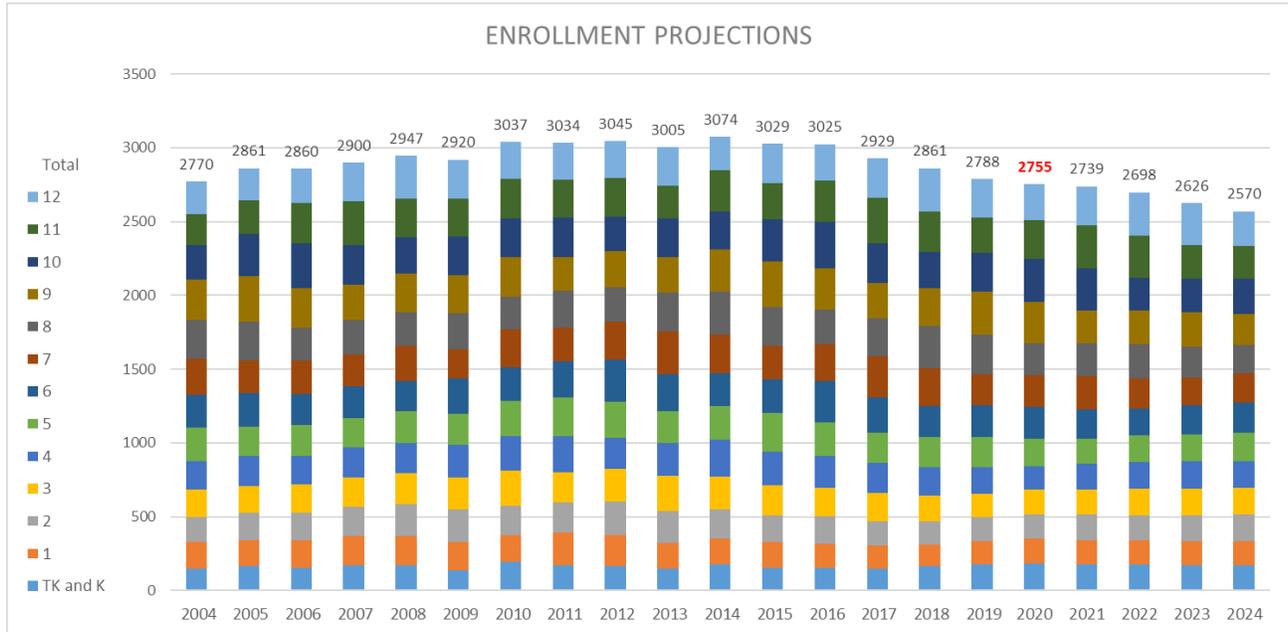

Looking back at historical enrollment, going as far back as the late 1960's, the district has experienced a steady rise and fall in terms of total enrollment. In the late 1960's through the early 80's the district had similar total enrollments as today. From 1982 through 1992 the enrollment fell steadily to roughly 2,000 students and then from 1992 through 2010 the enrollment grew a stable pace to about 3,000. The enrollment has remained stable and has slightly declined to roughly 2,788 total students.

Projecting enrollment requires a complex mix of historical data, analysis and projection of existing trends, as well as making specific assumptions about the future. In general, the further out the projections go (in terms of years), the less reliable they tend to be. Therefore, it is recommended that projections be updated annually to better assess ongoing demographic changes. For a district like LBUSD, where all existing schools are landlocked, it will be of particular importance to maintain enrollment projections so that capacity needs can be addressed before it becomes an issue. A school's capacity is derived from multiple differentiating factors and is as much effected by the number and type of programs being offered as it is by the total number of students in attendance.

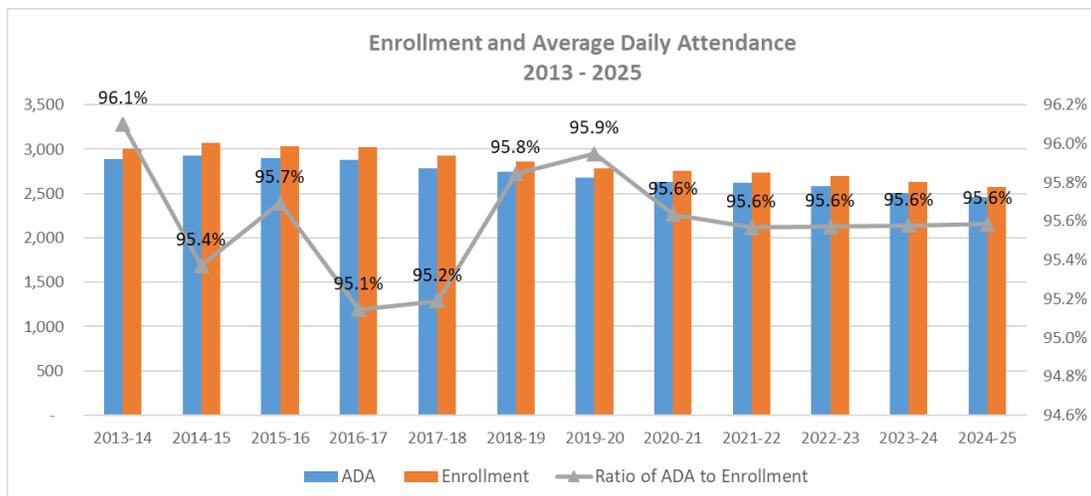

## ENROLLMENT PROJECTIONS

The following are current enrollment projections, by grade level, for Laguna Beach Unified School District. Enrollment for 2020-21 is projected to be 2,755, a decrease of 1.2 percent from 2019-20.

## AVERAGE DAILY ATTENDANCE (ADA)

For the purpose of preventing losses of attendance based funding as a result of reductions in ADA due to COVID-19, SB 117 provides that the ADA used for both the second period and the annual period apportionment includes all full school months from July 1, 2019 to February 29, 2020. The district's projected ADA to enrollment ratio for 2020-21 is 95.6%, which is within the historical average ratio for the three prior fiscal years.

## OVERVIEW OF MAJOR PROJECTS

The vast majority of projects identified in the facilities master plan are related to general maintenance and system replacement. Roofing and HVAC replacements remain a high priority.

District-wide re-keying is in progress and planned to be completed during the spring of 2020.

There are a number of projects at each site that are large in nature and represent an opportunity to greatly enhance the operational efficiency and maximize learning environments that are included in the facilities master plan. The Main Quad Modernization and Administration Office Renovation projects at the high school are to be completed in 2023/24.

### Thurston Middle School Field & Classroom Modernization Project

The District is currently in the design phase of a new capital project at Thurston Middle School. The scope of the project includes the conversion of the natural grass field to a multi-sport synthetic turf field, the removal of two leased portable classroom buildings, and the modernization of existing classroom space to house the students currently using the portable classroom buildings. The improved synthetic turf field space will increase safety, playability, and will lower the site's landscape irrigation water consumption.

The modernization of existing classroom space to house the students currently housed in leased portable classrooms will provide enhanced 21st century learning environments consistent with the standards of the school campus. This project is planned to be completed in 2021-22.

The 2020 facilities master plan update includes several changes in projects that were approved in the 2019 update. The changes include delaying, combining, adding, and reducing potential scope of some projects that are planned over the next 10 years.

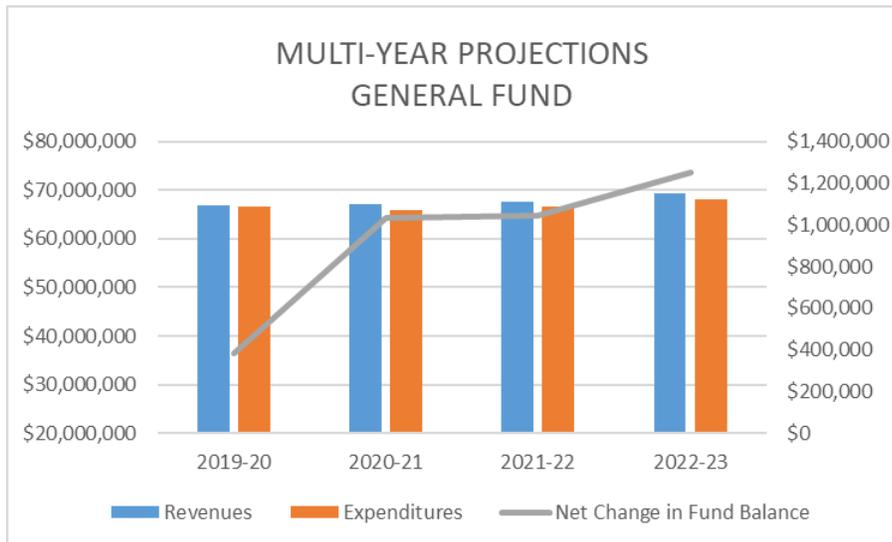

These significant proposed changes to the 2020 facilities master plan vary in scope but the main projects identified were the installation of a photovoltaic power generation system (Electric Rooftop Solar Panels) at El Morro Elementary School during the 2021/22 year and the installation of emergency power generators at each school site during the 2022/23 school year.

## MULTI-YEAR PROJECTIONS

Multi-year projections (MYPs) are required by AB 1200 and AB 2756. MYPs are projections, not forecasts. Consequently, projections are expected to change as various factors change. Projections are the mathematical result of today's decisions based on a given set of assumptions. Many school districts use an MYP as a focal point for their strategic planning. A well-constructed budget not only assists in the planning and decision making, but also establishes a professional brand for the district that provides significant value over time.

The following MYP reflects that the district is able to maintain the required reserves, meet its financial obligations and demonstrates that the district will continue to operate in the same manner with the planned expenditures in place. These include the costs of negotiated labor settlements, consumer price index, step-and-column adjustments, statutory benefit increases and other ongoing expenditures such as encroachment from special ed and pupil transportation. As the state budget continues to be revised, the district will continue to prepare updated projections.

## OTHER FUNDS

Certain funds are required when local educational agencies conduct certain activities that meet the criteria for using those funds. They are established to carry on specific activities or to attain certain objectives in accordance with special regulations, restrictions, or limitations.

The California Department of Education (CDE) has authorized five broad categories of funds which each offers various detailed funds within them. The broad categories of funds are as follows:

- General Fund—is the chief operating fund of all school districts. It is used to account for the ordinary operations of the district.
- Special Revenue Funds—used to account for specific revenue sources that are legally restricted to expenditures for specific purposes.
- Capital Project Funds—used to account for the acquisition and/or construction of capital facilities by the District.
- Proprietary Funds—include Enterprise Funds and Internal Service Funds.
- Fiduciary Funds—used to account for assets held in a trustee or agent capacity for others that cannot be used to support the District's own programs.

In addition to the General Fund, the Laguna Beach Unified School District operates several other funds; Adult Education Fund, Cafeteria Fund, Capital Facility Funds and Special Reserve Funds. Each of these programs are accounted for as an independent entity and separate from other programs and funds. **A brief description of the 2020-21 activities and budget for each of the other funds are on the succeeding pages.**

## ADULT EDUCATION (FUND 11)

### Fund Description

The Adult Education Fund is a separate fund used to account for state appropriations and to finance specific programs for the education of adults. Funds can be expended on salaries, benefits, supplies, books, services, and equipment related to adult education programs.

### Program Description

The Adult Education programs are designed to meet the needs of individuals and the community by providing adults with the skills and knowledge needed to become successful, productive citizens. The programs should represent the community in which they are offered provide the best resources available for our students, be accessible to all adults, be flexible in order to meet changing needs, and be accountable to our students and the community.

### Funding

Adult education providers have formed several regional consortia with boundaries that coincide with community college district service areas. Formal membership in consortia is limited to school and community college districts, county offices of education (COEs), and joint powers agencies (JPAs). Each formal member is represented by a designee of its governing board. With input from other adult education and workforce service providers (such as local libraries, community organizations, and workforce investment boards), the consortia have developed regional plans to coordinate and deliver adult education in their regions.

## CAFETERIA (FUND 13)

### Fund Description

The Cafeteria Fund accumulates financial transactions associated to the District's Nutrition Service operation. The Cafeteria Fund reflects all revenue and expenditure transactions attributable to the Nutrition Service operation including breakfast, snack and lunch programs in the District's schools, catering services for District meetings and other activities, and vending machine operations.

### Program Description

The purpose of the nutrition services program is to provide nutritious attractive meals to the students. The District participates in the National School Lunch program and the School Breakfast program. The District serves approximately 585 lunches and 325 breakfasts to the students from kindergarten through twelfth grade on a daily basis.

In response to the COVID-19 pandemic, the nutrition services program was dramatically altered at the end of the 2019-20 school year. With the transition to distance learning in mid-March, the nutrition staff made quick adjustments to offer curbside breakfast and lunch meal pick-up for families. Meals were offered free of charge and approximately 60 meals were distributed daily.

### Funding

Nutrition services generates revenue from the sale of food in the District's schools, and reimbursement through the National School Breakfast and Lunch Programs for qualified meals. Additional revenue is provided by state nutrition funds and miscellaneous local revenues such as sales to adults, catering, vending operations and interest earnings. This program has not been able to sustain itself with the above revenue sources and requires a General Fund transfer to maintain a positive ending fund balance.

## SPECIAL RESERVE FOR OTHER THAN CAPITAL OUTLAY PROJECTS (FUND 17)

### Fund Description

The Special Reserve Fund for Other Than Capital Outlay Projects exists primarily to provide for the accumulation of General Fund money for general operating purposes (Education Code Section 42842). Amounts from this special reserve fund must first be transferred into the General Fund before expenditures can be made.

Funds reserved for the Community Funded differential will be deposited into this fund.

The Special Reserve Fund for Other Than Capital Outlay Projects budget is as follows:

## CAPITAL FACILITIES (FUND 25)

### Fund Description

The Capital Facilities Fund exists to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property. The authority for these levies may be local government ordinances (GC 65970-65981) or private agreements between a school district and the developer. Expenditures from this fund are to be used for the purpose of funding the construction or reconstruction of school facilities (Education Code 17620).

### Current and Projected Funding

The developer fee rates are \$2.05 per square foot of qualifying residential construction. No large scale developments are included in the 2020-21 revenue projection. Interest earnings are based on the average fund balance and interest yield projections for the coming twelve months.

The Capital Facilities Fund budget is as follows:

## SPECIAL RESERVE FOR CAPITAL OUTLAY PROJECTS (FUND 40)

### Fund Description

The Special Reserve Fund exists to account for monies designated for special capital outlay purposes. These funds may be accumulated from the General Fund (EC 42840) or through other authorized transfers of revenue such as: 1) proceeds from the sale or lease with option to purchase real property (EC 39363), 2) rentals and leases of real property specifically authorized for deposit into the fund by the Board of Education (EC 41003), and 3) excess amounts sufficient to pay all unpaid bond obligations (EC 15235).

General fund monies reserved for the facility repair and replacement program (FRRP) will be transferred into this fund. Fund 40 is separated into two (2) other sub-funds in accordance to Resolution #14-02 and #14-03, both dated February 11, 2014. Sub-fund 4041 exists to account for the Vista Aliso property reserve. The District holds a re-purchase agreement on the property. Sub-fund 4042 exists to account for capital reserves set aside for the purpose of creating a ten (10) year Capital Improvement Plan (CIP) that goes above and beyond prior commitments.

## BUDGET CALENDAR

Each year the Fiscal Department adopts a calendar for development of the budget for the subsequent fiscal year. The budget development calendar provides for all actions that must be taken to meet legal deadlines and those actions that need to be taken to prepare the Board for final adoption of the budget.

The budget development process begins in January with the Governor's proposed budget. In March, with the Second Interim Financial Report as a springboard, input is gathered and projections are built. The proposed budget is brought forward to the Board of Education in the first board meeting of June and approved by the Board of Education no later than June 30. Although there are numerous deadlines used in the development of the adopted budget, the following Budget Calendar highlights the main steps.

Budget Calendar Highlights	
January	Governors' Budget Proposal Release School Services of California Workshop on Proposed State Budget Develop Estimate of Enrollment and ADA LCAP Actions and Services
February	Facility Requests for School Sites Prepare Assumptions for LBUUSD Prepare Preliminary Staffing and Master Schedule Projections
March	Second Interim Financial Report Complete Analysis and Quantify Facility Projects Allocation for Schools Provide Position Control Reports for verification by administrators Meetings with Administrators regarding budget/needs Submit Future Facility Projects to the Board for Review Budget detail for allocation due to Business Office Verification of Staffing with Position Control Reports
May	Complete Budgets, exclusive of May Revise Impact Governors' May Revision Release School Services of California Workshop on May Revise Impact of May Revise on Budget - final adjustments
June	Complete Preliminary Budget Proposed Budget to Board of Education - Informational Final Approval of Adopted Budget by Board of Education
Prior to July 1	State Budget is adopted

## FINANCIAL POLICIES

### ACCOUNTING BY FUND

The accounts of the District are organized on the basis of funds, each of which is considered to be a separate accounting entity. There are six (6) funds maintained by the Fiscal Department, which are described below.

**The General Fund (Fund 01)** is the chief operating fund for Laguna Beach USD. It is used to account for the ordinary operations of the district. All transactions except those required or permitted by law to be in another fund are accounted for in this fund.

The salaries of our teachers, classroom aides, administrators, custodians, school secretaries and clerks, librarians, counselors, maintenance workers, district administrators and clerical support staff, and other certificated and classified staff are accounted for in the general fund. Textbooks, other books and supplies, utility costs, repair costs, consulting services, and equipment costs are also paid out of the General Fund.

The District's General Fund is divided into two sections: unrestricted funds and restricted funds. Restricted funds are monies received by the District that are categorical in nature (typically used for the purposes prescribed by the funding agency). The state and federal governments provide such funding for many special programs or projects. For example, special education funds are restricted. They can only be spent on students with identified special needs and in the manner outlined in state and federal law. Restricted funds are, in some cases, provided directly to the schools and in other cases are controlled centrally by the District. In either case, how the District spends these monies is determined by restrictions imposed by the granting agency.

**The Adult Education Fund (Fund 11)** is a separate fund used to account for state appropriations and to finance specific programs for the education of adults. Funds can be expended on salaries, benefits, supplies, books, services, and equipment related to adult education programs (Education Code Section 52616.4).

**The Cafeteria Fund (Fund 13)** is used to account separately for federal, state, and local resources to operate the food service program (Education Code sections 38090-38093). The purpose of the food service program is to provide nutritious meals to the students. The District participates in the National School Lunch Program and the School Breakfast Program. The District serves approximately 500-550 lunches and 200-230 breakfasts to the students from kindergarten through twelfth grade on a daily basis.

**The Special Reserve Fund for Other Than Capital Outlay Projects (Fund 17)** is used primarily to provide for the accumulation of moneys for general operating purposes other than for capital outlay (Education Code Section 42840). On May 11, 2004 the Board of Education approved the target of reserving two-thirds of the community-funded differential (the difference between Revenue Limit funding and Basic Aid funding) to be achieved by June 30, 2009. Funds reserved for the Community-Funded differential are deposited into this fund.

**The Capital Facilities Fund - Developer Fees (Fund 25)** exists to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property. The authority for these levies may be local government ordinances (GC 65970-65981) or private agreements between a school district and the developer. Expenditures from this fund are to be used for the purpose of funding the construction or reconstruction of school facilities (Ed Code sections 17620-17626).

**The Special Reserve Fund for Capital Outlay Projects (Fund 40)** exists to account for the accumulation of moneys for capital outlay purposes (Education Code Section 42840). This fund is separated into three sub-funds in accordance to resolutions #01-02, #14-02 and #14-03.

- **Sub-fund 4040** exists to account for the **Facility Repair and Replacement Program (FRRP)**.
- **Sub-fund 4041** exists to account for the **Vista Aliso property reserve**. The District holds a re-purchase agreement on the property.
- **Sub-fund 4042** exists to account for the **Capital Improvement Plan (CIP)** that goes above and beyond prior commitments for repair and replacement needs, but extends to improvements of facilities for program and enrollment growth. A ten-year plan will be developed and revised, at least annually, to prioritize major projects.

## FUND BALANCE POLICY

The District maintains the classification of Fund Balance in accordance with Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This policy applies to the District's governmental funds.

1. **Nonspendable Fund Balance** consists of funds that cannot be spent due to their form (e.g. inventories and prepaids) or funds that legally or contractually must be maintained intact.
2. **Restricted Fund Balance** consists of funds that are mandated for a specific purpose by external parties, constitutional provisions or enabling legislation.
3. **Committed Fund Balance** consists of funds that are set aside for a specific purpose by the district's highest level of decision making authority (governing board). Formal action must be taken prior to the end of the fiscal year. The same formal action must be taken to remove or change the limitations placed on the funds.
4. **Assigned Fund Balance** consists of funds that are set aside with the intent to be used for a specific purpose by the district's highest level of decision making authority or a body or official that has been given the authority to assign funds. Assigned funds cannot cause a deficit in unassigned fund balance.
5. **Unassigned Fund Balance** consists of excess funds that have not been classified in the previous four categories. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls.

## FINANCIAL RESERVES

The governing board maintains a minimum fund balance policy for the General Fund in order to protect the district against revenue volatility or unpredicted one-time expenditures. The Financial Reserves are composed of the following components within the General Fund and Special Reserve Funds:

1. A State mandated General Fund Reserve for uncertainty which is currently legally required to be maintained at least three percent (3%) of the District's current annual budget and a Reserve for Economic Uncertainty that is an additional two percent (2%) of the total General Fund Reserve for economic uncertainties.
2. Routine Restricted Maintenance Account (RRMA) under the School Facility Grant Program generally requiring deposit of a minimum of 3% of the total general fund expenditures for each fiscal year, including other financing uses for the applicable fiscal year. With the elimination of Deferred Maintenance, the RRMA will increase to incorporate the deferred maintenance projects. Under resolution No. 00-02, the RRMA is committed to maintain a 4% reserve balance in the General Fund.
3. A Facilities Repair and Replacement Plan (FRRP) Reserve, a restricted account based on a twenty-year projection of the cost of facility construction, repair, maintenance and modernization. The reserve is adjusted periodically for cost escalation in the original plan.
4. A Community-Funded Differential Reserve is maintained in perpetuity based on annual recommendations to the Governing Board on the amount of the annual contribution to this reserve necessary to maintain this level of funding. A Community-Funded Differential is the cost of maintaining the District's budget for a period of one year if funded at the Local Control Funding Formula (LCFF). Committed reserves in subfunds under the Special Reserve for Capital Outlay (Fund 40) are also considered in the differential calculation.
5. Aliso Property Reserve for the accelerated option under the Option to Re-purchase Agreement with National Church Residences of Laguna Beach. The agreement extends until 2041, but allows for the payoff of the Housing and Urban Development (HUD) loan and transfer of the grant deed in case of default. The executed grant deed is held in custody trust at U.S. Bank.
6. A Capital Improvement Plan (CIP) Reserve, separate and distinct from the FRRP, provides for the establishment of prioritized projects in a 10-year facilities master plan.
7. A Reserve for Specific Designations is established by the Board annually based on actual anticipated expenditures. The Reserve for Specific Designations is annually reevaluated when financial information regarding actual anticipated expenditures demonstrates that prudent financial management requires an allocation to this Reserve or a reallocation from it.

*Other Funds*

- The Adult Education Fund (11) is used to report costs for salaries, employee benefits and other operating costs to provide Adult Education.
- The Cafeteria Fund (13) is used to report costs for salaries, employee benefits and other operating costs to provide meals to students. Current and future projections include General Fund support to the Cafeteria Fund.
- The Special Reserve Fund for Other Than Capital Outlay Projects (17) is used primarily to provide for the accumulation of General Fund money for the community-funded differential.
- The Capital Facilities Fund (25) is intended to account for monies received as mitigation fees levied on developers, property owners or other agencies as a condition of approving new development or additions to existing real property.
- The Special Reserve Fund – Capital Projects (40) is intended to account for monies designated for special capital outlay purposes.
  - A. Funds reserved in accordance with the twenty-year program for the Facility Repair and Replacement Program (FRRP) will be deposited into subfund 4040;
  - B. The Aliso Property Reserve established in 2013-14 based on the amendment to the option to repurchase, is maintained in subfund 4041;
  - C. Funds for the Capital Improvement Plan (CIP), are maintained in subfund 4042, to improve facilities as set forth in the Facilities Master Plan or 10-Year Plan.

## BUDGET ASSUMPTIONS

The initial steps of the budget development process are devoted to establishing base-line assumptions for enrollment and the major revenue, expenditure and inter-fund transfer categories.

Base line assumptions are made based on all available information. An evaluation of each assumption is made with careful attention to trends, economic climate, and program needs.

The following base line assumptions were used in preparing the 2020-21 General Fund Budget.

### Fund Balance Assumptions

1. The total beginning unaudited General Fund balance is estimated at \$10,737,953. The ending balance in the 2019-20 Second Interim Report of \$9,344,953 was increased by \$1,393,000 for 2019-20 Estimated Actuals that reflect higher revenues and a shift in expenditures that resulted from the disruption caused by the pandemic.
2. The terminology for the District's ending fund balance for 2020-21 reflects categories of: nonspendable, restricted, committed, assigned and unassigned. The unassigned category is broken down for the Reserve for Economic Uncertainty (REU) and Other Unappropriated.
3. The governing board maintains a minimum fund balance policy for the General Fund in order to protect the district against revenue volatility or unpredicted one-time expenditures. The Financial Reserves are composed of the following components within the General Fund and Special Reserve Funds:
  - a. A State mandated General Fund Reserve for uncertainty which is currently legally required to be maintained at least three percent (3%) of the District's current annual budget and a Reserve for Economic Uncertainty that is an additional two percent (2%) of the total General Fund Reserve for economic uncertainties.
  - b. Routine Restricted Maintenance Account (RRMA) under the School Facility Grant Program generally requiring deposit of a minimum of 3% of the total general fund expenditures for each fiscal year, including other financing uses for the applicable fiscal year. With the elimination of Deferred Maintenance, the RRMA will increase to incorporate the deferred maintenance projects. Under resolution No. 00-02, the RRMA is committed to maintain a 4% reserve balance in the General Fund.
  - c. A Facilities Repair and Replacement Plan (FRRP) Reserve, a restricted account based on a twenty-year projection of the cost of facility construction, repair, maintenance and modernization. The reserve is adjusted periodically for cost escalation in the original plan.
  - d. A Community-Funded Differential Reserve is maintained in perpetuity based on annual recommendations to the Governing Board on the amount of the annual contribution to this reserve necessary to maintain this level of funding. A Community-Funded Differential is the cost of maintaining the District's budget for a period of one year if funded at the Local Control Funding Formula (LCFF). Committed reserves in subfunds under the Special Reserve for Capital Outlay (Fund 40) are also considered in the differential calculation.

- e. Aliso Property Reserve for the accelerated option under the Option to Re-purchase Agreement with National Church Residences of Laguna Beach. The agreement extends until 2041, but allows for the payoff of the Housing and Urban Development (HUD) loan and transfer of the grant deed in case of default. The executed grant deed is held in custody trust at U.S. Bank.
- f. A Capital Improvement Plan (CIP) Reserve, separate and distinct from the FRRP, provides for the establishment of prioritized projects in a 10-year facilities master plan.
- g. A Reserve for Specific Designations is established by the Board annually based on actual anticipated expenditures. The Reserve for Specific Designations is annually reevaluated when financial information regarding actual anticipated expenditures demonstrates that prudent financial management requires an allocation to this Reserve or a reallocation from it.

### Revenue Assumptions

4. Projected enrollment for 2020-21 is 2,755, a decrease of 33 pupils from 2019-20.
5. State Principal Apportionment is projected at \$548,204 for the Hold Harmless provision for state categorical revenue rolled into the Local Control Funding Formula.
6. Education Protection Act Funding of \$200 per pupil is projected at \$536,188.
7. Secured property taxes are currently projected to be \$55,150,200 which reflects a 2.5% increase from the level budgeted in the 2019-20 Estimated Actual level. Assumptions regarding property taxes are greatly influenced by activity through May 31, 2020 and trends in tax roll changes and refunds. County tax assessor estimates for tax revenues for 2020-21 are not available until September 2020.
8. All other taxes are as follows: Unsecured Roll Taxes of \$1,967,840; Homeowners exemption of \$285,000; prior year taxes of \$1,000,000. Because the district is in community-funded status, the District is not eligible to receive supplemental taxes.
9. Federal revenue for 2020-21 is projected lower due to proposed budget cuts for education and some notable K-12 programs. There is uncertainty in regards to the path that the economy will take, and if the federal government will provide any additional relief beyond the Coronavirus Aid, Relief, and Economic Security (CARES) Act.
10. Absent additional federal funds, the Governor's May Revision proposes a 10 percent reduction to the LCFF. This reduction includes the elimination of a 2.31 percent cost-of-living adjustment. This reduction will be triggered off if the federal government provides sufficient funding to backfill this cut.
11. Mandated costs are budgeted based on the selection of the block grant option at \$32.18 per K-8th grade ADA and \$61.94 per grades 9-12 ADA. The mandate block grant is estimated at \$119,301.
12. Lottery income is budgeted at a student rate of \$207 (\$153 unrestricted and \$54 restricted).

13. The net yield for the Orange County Educational Investment Pool (OCEIP) in the month of April 2020 was 1.45%. In the same period, U.S. Treasury yields plunged to new all-time lows after the onset of the coronavirus pandemic, reflecting a flight toward safety by investors, the prospect of a very deep recession, and large-scale purchases of Treasuries by the Federal Reserve. Taking a conservative approach, the district projects interest earnings to be lower in the year ahead.
14. Fee-paid busing is projected to generate \$325,000.
15. Revenue from facilities and grounds leases is projected to be \$50,700.

### Expenditure Assumptions

16. Certificated salaries are expected to be \$24,209,565, a net increase of \$1,034,571 reflecting current position control and the needs of the district. The total certificated Full-Time Equivalent is projected to be 167.2 FTE for 2020-21. Negotiations have not been settled for the Laguna Beach Unified Faculty Association (LaBUFA) for the 2020-21 school year and as a result, salary increases are not included in this budget. However, funds are reserved in the fund balance should a potential agreement materialize.
17. Classified salaries are expected to be \$9,487,317, a net increase of \$470,879 reflecting current position control and the needs of the district. The total classified Full-Time Equivalent is projected to be 123.8 FTE for 2020-21. At the time of budget preparation, a tentative agreement with the Classified School Employees' Association (CSEA) has not concluded. Therefore, no negotiated salary increase has been included in this budget. However, funds are reserved in the fund balance should a potential agreement materialize.
18. Benefits including statutory, retirement, and health and welfare costs decreased by \$49,592. The primary decrease is attributed to the Governor's proposal to buy down the CalSTRS and CalPERS employer contribution rates over the next two years by redirecting funds. Specifically, under the proposal, CalSTRS rates would be 16.5 percent in 2020-21 and 16.02 percent in 2021-22, while CalPERS rates are estimated to be 20.7 percent and 22.84 percent.

Statutory costs include Medicare (1.45%), Social Security (6.20% for classified employees only), State Unemployment Insurance (0.05%), and Worker's Compensation (1.326%, representing a slight increase of 0.07% from 2019-20).

The Districtwide hard cap for health and welfare benefits continues to be \$4,780,000 for all employees. The District will contribute an annual amount for eligible unit members based on a tiered structure. Eligible unit members will be responsible for any costs incurred over the individual district contribution.

19. Textbooks, supplies, services and equipment are budgeted based on school site allocations and department needs identified during collaborative budget development meetings.
20. Contracted services and other operating costs are based on projected expenditures for routine maintenance, utilities, insurance, special education, pupil transportation and technology.

21. Capital outlay is based on district needs and initiatives.

### Interfund Transfer Assumptions

22. A General Fund transfer to the Cafeteria Fund in the amount of \$250,000 is budgeted to maintain a positive ending fund balance. The revenue collected for food sales is not projected to be sufficient to pay for the food service staff and food cost attributed to this fund.
23. A transfer of \$900,000 from the General Fund to the Special Reserve Fund (Capital Projects) Fund is budgeted for the facility, repair and replacement program (FRRP).
24. A transfer of \$1,200,000 from the General Fund to the Special Reserve Fund (Capital Projects) Fund is budgeted for the Capital Improvement Plan (CIP).

## GLOSSARY OF TERMS

**Abatement** The return of part or all of an item of income or expenditure to its source during the current fiscal year.

**Accounts Payable** Amounts due and owed to private persons, business firms, governmental units, or others for goods received and services rendered prior to the end of the fiscal year. Includes amounts billed but not paid.

**Accounts Receivable** Amounts due and owed from private persons, business firms, governmental units, or others for goods received and services rendered prior to the end of the fiscal year. Includes amounts billed but not received.

**Apportionment** An allocation of state or federal aid, district taxes, or other monies to school districts or other governmental units.

**Apportionment Notice** A document notifying school districts when monies have been deposited with the county treasurer.

**Appropriation** An allocation of budgetary funds made by the governing board for specific purposes and limited as to the time when it may be expended.

**Appropriation For Contingencies** That portion of the current year's budget that is not appropriated for any specific purpose but is held subject to intrabudget transfer; i.e., transfer to other specific appropriations as needed during the fiscal year. (See Designated for Economic Uncertainties)

**ASB Funds** See Student Body Fund

**Assessed Value** The value of land, homes, or businesses set by the county assessor for property tax purposes. Assessed value is either the appraised value of any newly built or purchased property or the value on March 1, 1975, of continuously owned property, plus an annual increase. This increase is tied to the California Consumer Price Index (CPI) but may not exceed two (2) percent (see Proposition 13).

**Assigned Reserve** Consists of funds that are set aside with the intent to be used for a specific purpose by the district's highest level of decision making authority or a body or official that has been given the authority to assign funds.

**Available Balance** That portion of the appropriation available to be obligated. Appropriation amount, less pre-encumbrance amount, less encumbrance amount, less amount expended, equals the available balance.

**Available Cash** Cash on hand or on deposit in a given fund that is unencumbered and can be utilized for meeting current or future obligations.

**Average Daily Attendance (ADA)** Total approved days of attendance in the school district divided by the number of days the schools in the district are in session for at least the required minimum day.

**Balance Sheet** A financial statement that shows assets, liabilities, reserves, and fund balance of an entity at a specific date and is properly classified to exhibit the financial condition of the entity as of that specific date.

**Basic Aid** Under the Local Control Funding Formula (LCFF), a community-funded district is defined as a district that does not receive state aid to fund the base entitlement for transition to the LCFF or any portion of the LCFF at full implementation. The intent of the LCFF is that no school district incurs a total loss of state funding and that basic aid districts retain the growth in local property tax revenues. Also known as Community-Funded School Districts.

**Block Grant** A lump sum allocation of special purpose funds.

**Bonded Indebtedness** An obligation incurred by the sale of bonds for acquisition of school facilities or other capital expenditures. Districts may levy a local property tax to repay debts which were approved prior to June 1978; Proposition 13 prevents them incurring new indebtedness.

**Budget Act** The legislative vehicle for the state's budget appropriations. It must be passed by a two-thirds vote of each house and sent to the Governor by June 15 each year. The Governor may reduce or delete individual items but may not make increases.

**California Basic Educational Data System (CBEDS)** An annual collection of basic student and staff data; includes student enrollment, graduates, dropouts, course enrollment, enrollment in alternative education, gifted and talented education, and more.

**California School Information Services (CSIS)** Build capacity of Local Education Agencies (LEAs) to implement and maintain comparable, effective, and efficient student information systems that will support LEA daily program needs and promote the use of information for educational decision-making by school-site, district office and county staff. Enable the accurate and timely exchange of student transcripts between Local Education Agencies and to post secondary institutions. Assist Local Education Agencies to transmit state reports electronically to the California Department of Education, thereby reducing reporting burden of LEA staff.

**Capital Outlay** Amounts paid for the acquisition of fixed assets or additions to fixed assets, including land, buildings, building fixtures, service systems and equipment, or the improvement to or replacement of any of these assets.

**Categorical Aid** Funds from state or federal sources that are in addition to the general-purpose funding to serve a specific pupil population or to provide specific services and activities. These funds have varying degrees of fiscal and program compliance requirements.

**Certificated Employees** Employees who are required by the state to hold teaching credentials, including full-time, part-time, substitute or temporary teachers, and most administrators.

**Chart of Accounts** A list of accounts, systematically arranged, applicable to the district. The chart of accounts lists authorized account components (i.e., fund, site, function, cost center, object).

**Classified Employees** Employees who are not required to hold teaching credentials, such as school secretaries, cafeteria personnel, and some management personnel.

**Clearing Account** Account used to accumulate total receipts or expenditures for later distribution among the accounts to which such receipts or expenditures are properly allocated or for recording the net differences under the proper account. (See Revolving Cash Account and Petty Cash.)

**Common Core Standards** New standards developed through a state-led national initiative to establish consistent and clear education standards for English language arts and mathematics that would better prepare American students for success in college, career, and the competitive global economy.

**Collective Bargaining** A law passed by the California Legislature, which sets out the manner and scope of negotiating between school districts and employee organizations. The law also mandates a regulation board.

**Committed Reserve** Consists of funds that are set aside for a specific purpose by the district's highest level of decision making authority (governing board). Formal action must be taken prior to the end of the fiscal year. The same formal action must be taken to remove or change the limitations placed on the funds.

**Community-Funded School Districts** Also known as basic aid school districts and denotes that local property taxes collected exceed the LCFF funding mechanism. In those cases, the districts keep all their property taxes and get no LCFF money from the State.

**Consumer Price Index (CPI)** A measure of the cost-of-living compiled by the United States Bureau of Labor Statistics. Consumer Price Indexes SB 160 (1975) are calculated regularly for the United States, California, some regions within California, and selected cities. The CPI is one of several measures of economic change.

**Controlling Account** A summary account, usually maintained in the general ledger, in which is entered the aggregate of the debit and the credit postings to a number of identical, similar, or related accounts called subsidiary or detail account. Its balance equals the sum of the balances of the detail accounts.

**Cost-of-Living Adjustment (COLA)** An increase of funding for categorical programs. The amount of the COLA may or may not be related to inflationary increases in cost. The statutory COLA is established in accordance with Ed Code Section 42238 and may or may not be funded.

**Credit** The right side of a double-entry accounting posting. The credit will reduce assets and expenditures and increase liabilities, income and fund balance.

**Current Expense of Education** The current general fund operating expenditures of a school district for kindergarten and grades one through twelve excluding expenditures for food services, community services, facility acquisition and construction, and object codes 6000 and 7000.

**Debit** The left side of a double-entry accounting posting. The debit will increase assets and expenditure.

**Deferred Maintenance** Deferred maintenance funds are to be used for major repair or replacement of existing school building components. Typically, this includes plumbing, heating, air conditioning, electrical systems, roofing, interior/exterior painting, floor systems, etc.

**Deferred Revenue** Income received but unearned in a given period, set up as a liability to be included as income earned in subsequent periods.

**Deficit** Excess of liabilities over assets, or excess of expenditures over revenue.

**Designated For Economic Uncertainties (DEU)** A component of the ending fund balance specifically designated for unforeseen liabilities. The amount of DEU recommended by state guidelines is based on ADA. For LBUSD the amount of DEU is mandated at three-percent of general fund expenditures and other uses of funds. (See Appropriation For Contingencies.)

**Direct Support Charges** Charges for a support program and services that directly benefit other programs.

**Disbursements** Actual payments by currency, check or warrant. (The term is not synonymous with expenditures.)

**Education Code** The main body of law which regulates education in California. Additional regulations are contained in the California Administrative Code, Title 5 and 8, the Government Code and general statutes.

**Education Jobs and Medicaid Assistance Act of 2009 (Ed Jobs)** This is onetime federal funding with the primary focus of the funds directed to K-12 Education to be spent on saving or creating jobs at the school site level.

**Education Protection Account (EPA)** Provides local educational agencies (LEAs) with general purpose state aid funding pursuant to Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012. The EPA funding is a component of an LEA's total revenue limit or charter school general purpose entitlement.

**Employee Benefits** Amounts paid by the district on behalf of employees; these amounts are over and above gross salary. Although not paid directly to employees, employee benefits are a significant component cost of total compensation (salary and benefits). Examples of employee benefits are: group health and life insurance, contributions to employee retirement systems including FICA/OASDI (Social Security), workers' compensation, and unemployment insurance.

**Encroachment** The expenditure obligations in the form of purchase orders, contracts, salaries, and other commitments which exceed revenue to operate a restricted program and appropriate unrestricted general operating funds.

**Encumbrance** Reservation or restriction on an appropriation when issuing an obligation in the form of purchase orders, contracts, salaries, or other commitments.

**Entitlement** An apportionment based on specific qualifications. Funds for entitlements are earned when the funds are apportioned to the district. Funds not expended at year-end must be reported as Reserved Fund Balance on the financial statements.

**Excess Tax Revenue** Tax revenues which are greater than a governmental entity's allowable Gann appropriations limitation. The Gann Amendment requires that these funds be returned to taxpayers by revised tax rates or altered fee schedule.

**Expenditures** Amounts paid or liabilities incurred for all purposes. Accounts kept on an accrual basis include all charges whether paid or not. Accounts kept on a cash basis will include only actual cash disbursements.

**Fair Share** An amount equivalent to the State funding reduction to school district revenue limits. Since, a community-funded district does not receive state funding under the revenue limit calculation, the State has no revenue limit apportionment to reduce. Therefore, the State reduces state categorical funds for the equivalent amount.

**Fiscal Year** A period of one year, the beginning and ending dates of which are fixed by statute; for California public schools, the period beginning July 1 and ending June 30.

**Fixed Assets** Assets of a permanent character having continuing value; i.e., land, buildings, machinery, furniture, and equipment. The term capital asset is sometimes used in the same sense, however, fixed assets is preferred.

**Flexibility Provisions** Under extraordinary session action the State Legislature enacted funding rules that allow districts to treat revenues that were previously restricted to specific purposes to now utilize those resources in an unrestricted manner for any educational purpose.

**Four C's Learning Environment** The District's Technology Program provides powerful instructional tools as students work together in a 21st Century learning environment to participate and compete in today's global and digital community. The "4CLE" consists of critical thinking, communication skills, collaboration and creativity.

**Fringe Benefits** See Employee Benefits.

**Full-Time Equivalent (FTE)** The percentage of time a staff member works represented as a decimal. A full-time person is 1.0, a half-time person is 0.5 and a quarter-time person is 0.25.

**Fully Qualified Account (FQA)** An account that has been properly authorized by the Chart of Accounts and has been established in the LBUSD financial system for use.

**Fund** A sum of money or other resources set aside for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. A fund is a distinct financial or fiscal entity with a self-balancing set of accounts.

**Fund Balance** The difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. The fund equity of governmental and trust funds.

**Gann Limit** The initiative established a ceiling, or limit, on each year's appropriation of tax dollars by the state, cities, counties, school districts, and special districts. Using the base year of 1978-79, subsequent year limits are adjusted for the change in the California Consumer Price Index (CPI) or per capita personal income, whichever is smaller, and for any change in population. This has been revised as of June 1990 with the passage of Proposition 111.

**General Education Apportionment's** The majority of state fund allocated to K-12 education is provided to school districts as general education apportionments. These funds are allocated based upon a district's classification (elementary, high school, or unified) and size, as measured by Average Daily Attendance (ADA).

**General Fund** The fund used to finance the ordinary operations of the school district. It is available for any legally authorized purpose.

**General Ledger** A book, file, or other device in which accounts are kept to the degree of detail necessary to summarize the financial transactions of the school system.

**Government Accounting Standards Board (GASB)** The governing body for general accepted accounting standards for governmental agencies. This board issues statement which set the standards for financial reporting. The following are some recent statements that impact school districts:

- **GASB Statement No. 45**, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* (June 2004)
- **GASB Statement No. 54**, *Fund Balance Reporting and Governmental Fund Type Definitions* (February 2009)
- **GASB Statement No. 67**, *Financial Reporting for Pension Plans* (June 2012)
- **GASB Statement No. 68**, *Accounting and Financial Reporting for Pensions* (June 2012)
- **GASB Statement No. 74**, *Financial Reporting for Postemployment Benefit Plans Other Than Pensions Plans* (June 2016)
- **GASB Statement No. 75**, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (June 2017)

**Grant** A contribution, either in money or material goods, made by one entity to another. Grants may be for specific or general purposes. Funds for grants are earned when the district makes qualifying expenditures under the particular grant. Funds not expended at year-end must be reported as Deferred Revenue on the financial statements.

**Health Benefits Cap** Also referenced as H&W CAP, this is the maximum District obligation under labor union contract for health & welfare benefits. This maximum stays in effect until a change is expressly agreed to in labor contracts. Any benefit premiums above this amount would require an additional agreed upon contribution or would result in employee payroll deductions.

**Health Benefits Set Aside** This is a contribution agreed upon under labor union contract to be applied to employee health & welfare benefits, in order to reduce or eliminate employee deductions. A set aside is a onetime contribution and does not change the H&W CAP.

**Incentives** Financial rewards for implementing a new program, such as longer school day/year. Many of the “reforms” in SB 813 contain incentives.

**Income** Revenue and nonrevenue receipts. Revenue receipts are additions for which no obligations are incurred. Nonrevenue receipts are receipts of money in exchange for property of the school district or for which the district incurs an obligation.

**Indirect Cost Rate** A rate reflective of all indirect support charges to be applied to accounting units. The Indirect Cost Rate is usually applied as a percentage of total expenditures within a given accounting unit.

**Indirect Expense and Overhead** Those elements of indirect cost necessary in the operation of the district or in the performance of a service that are of such nature that the amount applicable to each accounting unit cannot be separately identified.

**Indirect Support Charges** Routine services not performed as a special service for a particular program but allocated to using programs through the application of an Indirect Cost Rate.

**Individual Education Program (IEP)** A written agreement between a school district and parents or guardians of a special education child specifying an educational program tailored to the needs of the child.

**Inflation Factor** See Cost-Of-Living Adjustment.

**Interfund Transfers** Money that is taken from one fund under the control of the governing board and added to another fund under the board's control. Interfund transfers are not considered revenues or expenditures of the school system.

**Joint School Districts** School districts with territory in more than one county.

**Journal** Any accounting record in which the financial transactions of the district are formally recorded; i.e., the cash receipts book; check register and journal voucher.

**Journal Voucher** A form provided for the recording of certain financial transactions or information in place of, or supplementary to, the journal or registers.

**Ledger** A group of accounts in which are recorded the financial transactions of a governmental unit or other organization.

**Legislation** The major California school finance laws, in chronological order, are:

**SB 90**, 1972 – instituted revenue limits.

**AB 65**, 1977 – initiated a “long-term” solution to the Serrano-Priest decision, the School Improvement Program, and several other programs.

**SB 90**, 1977 – allowed reimbursement for costs resulting from state mandates.

**SB 154**, 1978 – allocated property taxes to cities, counties, schools after Proposition 13 (bailout).

- AB8**, 1979 – defined the source and method of funding schools, counties, cities, and special districts, including adjusting the allocation of property taxes.
- AB 777**, 1981 – allowed waivers, revised revenue limit formulas, and consolidated some categorical programs at the local level.
- SB 813**, 1983 – superseded previous school finance laws and made many changes to the California Education Code covering curriculum, graduation requirements, testing, mentor teachers, teacher evaluation, firing and firing procedures, student discipline, incentive programs, funding for revenue limits and categorical programs, various commissions and studies, and the preparation of statewide curriculum standards.
- Prop 98**, 1988 – Requires a minimum of State's General Fund revenue be allocated to K-14 education.
- Prop 20**, 2000 – Requires fifty percent of any growth in lottery funds for education over the 1997-98 base fiscal year be allocated to be used for instructional materials.
- SBX3 4**, 2009 – Flexibility provision that allows state revenues classified as Tier III to be utilized for any educational purpose.
- ABX4 3**, 2009 – Requires the State to reduce basic aid districts for an equivalent amount as non-basic aid districts. The amount is to be reduced from the subsequent year categorical funding.
- AB 3632**, 2010 – Requires school district to assume the responsibility for the cost of mental health services as identified for resident pupils.
- SB 70**, 2011 – Extends to 2014-15, two additional years, flexibility provisions that allow state revenues classified as Tier III to be utilized for any educational purpose. It also increases the basic aid district fair share amount to a recalculated 8.92%.

**Leveling Down** Decreasing the level of per pupil limits statewide toward those districts with lower revenue limits.

**Leveling Up** Increasing the level of per pupil revenue limits statewide toward that of higher revenue limit districts.

**Local Control and Accountability Plan (LCAP)** An important component of the Local Control Funding Formula (LCFF). Under the LCFF all local educational agencies are required to prepare an LCAP, which describes how annual goals for all pupils will be met, with specific activities to address state and local priorities identified pursuant to Education Code Section 52060(d). The LCAP requires a collaborative process with stakeholders in developing the plan and must be adopted by June 30 prior to the fiscal year for which it is created.

**Local Control Funding Formula (LCFF)** Governor Jerry Brown's school finance reform plan that proposes to establish a new way of distributing money to schools by combining revenue limits and most categorical formulas into a new formula. LCFF contains a *hold-harmless provision* that protects all local educational agencies from getting reduced funding in 2013-14.

**Mandated Cost** School district expenses which occur because of federal or state laws, decisions of state or federal courts, federal or state administrative regulations, or initiative measures.

**Master Plan for Special Education** California categorical program for the education of all handicapped children, as enacted in SB 1870 (1980) and amended by SB 769 (1981).

**Mentor Teacher** A selected teacher who receives a stipend and additional monies for other costs under a program initiated in SB 813. The mentor teachers work with new and experienced teachers on curriculum and instruction and must spend at least 60 percent of their time in classroom teaching.

**Mental Health Services (AB 3632)** Services historically delivered by the County Department of Health Services. Sometimes these pupils identified for these services also require residential placement. The appropriations for these services were vetoed from the 2010-11 Health Department budget and legislation AB 3632 was enacted to shift the cost and responsibility of services to school districts.

**Nonspendable Reserve** Consists of funds that cannot be spent due to their form (e.g. inventories and prepaids) or funds that legally or contractually must be maintained intact.

**Object Code** A component of the account structure; the third element of the account structure (cost center) represents the state approved classification for recording revenue, expenditures, assets, liabilities and fund balance.

**P1** The first period report of attendance legally required to be filed with the State for the period of July 1 through December 31.

**P2** The second period report of attendance legally required to be filed with the State for the period of July 1 through April 15.

**PERB** Public Employment Relations Board (5 persons appointed by the governor) established to regulate collective bargaining disputes between school districts and employees. Formerly called EERB.

**Per Capita Personal Income** Income before taxes of California residents as estimated by the U.S. Department of Commerce.

**Petty Cash** A sum of money set aside for the purpose of making change or immediate payments of small amounts. (See also Revolving Cash Account.)

**PL 94-142** Federal law which mandates a "free and appropriate" education for all handicapped children.

**Proceeds of Taxes** Defined in the Gann Amendment as the revenue from taxes plus regulatory licenses, user charges, and user fees to the extent that such proceeds exceed the costs reasonably borne in providing the regulation product or service.

**Proficiency Requirements** Required examination of students' knowledge of basic skills according to standards set by local districts. Remedial help must be provided for those who fail to meet the standards; students must pass the tests to graduate. Different proficiency requirements apply to aides and new teachers.

**Proposition 2** Known as the Rainy Day Budget Stabilization Fund Act, this measure was approved by voters in November 2014. Proposition 2 amends the State Constitution to end the existing rules for a state budget reserve – the Budget Stabilization Act (BSA) – and replaces them with new rules. The new rules change how the state pays down debt and saves money in reserves.

Key changes resulting from Proposition 2 consist of:

#### State Debts

- Requires state to spend minimum amount each year to pay down specified debts.

#### State Reserves

- Changes amount that goes into a state budget reserve account (known as the Budget Stabilization Account, or BSA).
- Increases maximum size of the BSA.
- Changes rules for when state can put less money into the BSA.
- Changes rules for taking money out of the BSA.

#### School Reserves

- Creates state reserve for schools and community colleges.
- Sets maximum reserves that school districts can keep at the local level in some future years.
- 

**Proposition 4** See Gann Limits.

**Proposition 13** An initiative amendment passed in June 1978 adding Article XIII A to the California Constitution. Tax rates on secured property are restricted to no more than 1 percent of full cash value. Proposition 13 also defined assessed value and required a two-thirds vote to change existing taxes or levy other new taxes.

**Proposition 30** *The Schools and Local Public Safety Protection Act of 2012.* This proposition was approved by the voters on November 6, 2012. The measure temporarily increases the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. The revenue generated by the measure's temporary tax increases is included in the calculations of the Proposition 98 minimum guarantee - raising the guarantee by billions of dollars each year. A portion of the new revenues therefore would be used to support increased school funding, with the remainder helping to balance the state budget.

**Proposition 98** The Classroom Instructional Improvement and Accountability Act. This proposition amended Article XIII B of the Government Spending Limitation. Approved by the voters in November 1988, Proposition 98 requires that a minimum amount of the state's General Fund revenues be allocated to K-14 education, based on either a percentage share of state's General Fund revenues or the prior year K-14 funding base adjusted for workload and inflation.

**Proposition 111** This proposition was passed June 1990 and has three basic parts as follows: 1) Revised the California constitution to expand the statutory, spending authority (Gann Limit); 2) Rewrite portions of proposition 98 which cap the potential additional funds directed to the potential additional funds directed to the K-14 education; 3) Increase gasoline tax and truck weight fees to improve the state transportation infrastructure.

**Prorating** The allocating of expenditures or revenue from a single source to two or more accounts to show the correct distribution of charges or revenue.

**Purchase Order** A document which, when issued to a vendor, authorizes the delivery of specified merchandise or the performance of certain services, and encumbers the obligation by restricting all or part of the related appropriation.

**Reclassification of Revenue or Expenditures** Redesignation of current year's income or expenditure items previously posted to one account and later determined to be more properly charged to a different account.

**Registers** A listing of transactions of like kind that may be totaled and summarized for convenience in posing; i.e., payroll registers, warrant registers, and attendance registers.

**Requisition** A document submitted initiating a purchase order to secure specified materials or services. A purchase requisition pre-encumbers all or part of the related appropriation in anticipation of issuing an obligation through a purchase order.

**Reserve** An amount set aside to provide for estimated future expenditures for losses, working capital, or other specified purposes.

**Reserve Cap** The balance in a school district's General Fund account is often referred to as a reserve. Consistent with accounting standards, districts classify monies in their reserves as nonspendable, restricted (by law or external condition), committed (earmarked for future use by the school board), assigned (earmarked by the superintendent or other district official), or unassigned (all other monies).

Districts have reserves for several reasons. They use their reserves to manage cash flow, mitigate volatility in funding, address unexpected costs, save for large purchases, and obtain higher credit ratings. State and federal actions also affect school district reserves. Recent legislation includes a provision capping district General Fund reserves if, during the previous year, the state made a deposit into the state school reserve recently established by Proposition 2. The caps vary according to district size, with assigned and unassigned reserves capped at 6 percent of expenditures for mid-size districts.

**Resource** A field in SACS that is used to classify revenues and resulting expenditures in accord with restrictions or special reporting requirements placed on either aspects of LEA financial activities by law or regulation. Further, because such revenues frequently are not fully expended within a fiscal year, and related liabilities are not completely liquidated, the resource code is also to reflect restrictions and special reporting obligations on balance sheet accounts.

**Restricted Funds** Monies the use of which is restricted by legal requirements.

**Restricted Reserve** Consists of funds that are mandated for a specific purpose by external parties, constitutional provisions or enabling legislation.

**Revolving Cash Fund** A stated amount of money used primarily for emergency payroll and may be used for small or sundry disbursements. Funds are reimbursed periodically through properly documented expenditures, which are summarized and charged to proper accounting classifications.

**ROP/C** Regional Occupation Program/Centers. Established by a school district, group of districts, or county offices of education, the centers provide training for entry level jobs, counseling, and upgrading of skills for youths ages 16-18.

**School Site Council** Parents, students, teachers, and other staff selected by their peers to prepare a school improvement plan and assist in seeing that the planned activities are carried out.

**Scope of Bargaining** The range of subjects which are negotiated between school districts and employee organizations during the collective bargaining process. Scope includes matters relating to wages, hours, and working conditions; PERB is responsible for interpreting disputes about scope.

**Secured Tax Roll** Assessed value of real property, such as land, buildings, secured personal property, or anything permanently attached to land as determined by each county assessor.

**Seniority** A statutory system for protecting the job security of employees who have the longest periods of service in a district. With certain exceptions, the seniority list is used to determine which employees will be the first to be laid off or rehired.

**Sequestration** A term used to describe the employment of automatic, across-the-board spending cuts in the face of annual budget deficits.

**Transfer** Interdistrict or interfund payments or receipts not chargeable to expenditures or credited to revenue.

**Trust Fund** A fund used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments, and/or other funds.

**Transitional Kindergarten** A program consisting of pre-kindergarten pupils that would have been within the former statute period for a normal kindergarten start date.

**Unassigned Reserve** The residual of all other funds that are not nonspendable, restricted, committed or assigned. All funds in this category are considered spendable resources. This category also provides the resources necessary to meet unexpected expenditures and revenue shortfalls.

**Unaudited Actuals** An annual statement reporting the financial activities of the LEA in which the data are not yet audited.

**Unearned Revenue** A liability for resources received prior to revenue recognition.

**Unencumbered Balance** That portion of an appropriation or allotment not yet expended or obligated.

**Unrealized Revenue** Estimated revenue less revenue received to date; also, the estimated revenue for the remainder of the fiscal year.

**Unsecured Roll** Assessed value of personal property other than secured property.

## Standardized Account Code Structure (SACS)

The Standardized Account Code Structure (SACS) came into existence in 1993 and 1995 when a statute was passed calling for development of a model accounting and budget structure. Prior to the statute, extensive research and input from the field was taken into account. Ernst and Young published a study in 1995 that developed the structure and prepared for plan conversion.

Prior to SACS, the State of California was one of the few states which could not report properly to the federal government and the data reported was not uniform or timely. These factors led to a difficulty in producing a multitude of detailed reports required by the State and Federal government.

With the implementation of SACS, school districts are able to provide better information for the public and reduce the number of financial reports due to the State. SACS has improved compliance with federal reporting requirements and improved decision-making at the state and local levels.

The reports submitted in this section are in the required SACS format.

**CRITERIA AND STANDARDS**

**1. CRITERION: Average Daily Attendance**

STANDARD: Funded average daily attendance (ADA) has not been overestimated in 1) the first prior fiscal year OR in 2) two or more of the previous three fiscal years by more than the following percentage levels:

Percentage Level	District ADA
3.0%	0 to 300
2.0%	301 to 1,000
1.0%	1,001 and over

District ADA (Form A, Estimated P-2 ADA column, lines A4 and C4):

**2B. Comparison of District Enrollment to the Standard**

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Enrollment has not been overestimated by more than the standard percentage level for the first prior year.

**Explanation:**  
(required if NOT met)

Moderate projections were used to plan for staffing needs since revenue projections are minimal.

1b. STANDARD NOT MET - Enrollment was estimated above the standard for two or more of the previous three years. Provide reasons for the overestimate, a description of the methods and assumptions used in projecting enrollment, and what changes will be made to improve the accuracy of projections in this area.

**Explanation:**  
(required if NOT met)

Moderate projections were used to plan for staffing needs since revenue projections are minimal.

**3. CRITERION: ADA to Enrollment**

STANDARD: Projected second period (P-2) average daily attendance (ADA) to enrollment ratio for any of the budget year or two subsequent fiscal years has not increased from the historical average ratio from the three prior fiscal years by more than one half of one percent (0.5%).

**3A. Calculating the District's ADA to Enrollment Standard**

DATA ENTRY: All data are extracted or calculated. Data should reflect district regular and charter school ADA/enrollment corresponding to financial data reported in the General Fund, only, for all fiscal years.

- 1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

**Explanation:**  
(required if NOT met)

**4. CRITERION: LCFF Revenue**

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

<sup>1</sup> Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

**4A. District's LCFF Revenue Standard**

Indicate which standard applies:

LCFF Revenue

Basic Aid

Necessary Small School

The District must select which LCFF revenue standard applies.

**9. CRITERION: Fund Balance**

STANDARD: Budgeted beginning unrestricted general fund balance has not been overestimated for two out of three prior fiscal years by more than the following percentage levels:

Percentage Level <sup>1</sup>	District ADA
1.7%	0 to 300
1.3%	301 to 1,000
1.0%	1,001 to 30,000
0.7%	30,001 to 400,000
0.3%	400,001 and over

<sup>1</sup> Percentage levels equate to a rate of deficit spending which would eliminate recommended reserves for economic uncertainties over a three year period.

DATA ENTRY: Click the appropriate Yes or No button for items S1 through S4. Enter an explanation for each Yes answer.

**S1. Contingent Liabilities**

1a. Does your district have any known or contingent liabilities (e.g., financial or program audits, litigation, state compliance reviews) that may impact the budget?

1b. If Yes, identify the liabilities and how they may impact the budget:

**S2. Use of One-time Revenues for Ongoing Expenditures**

1a. Does your district have ongoing general fund expenditures in the budget in excess of one percent of the total general fund expenditures that are funded with one-time resources?

1b. If Yes, identify the expenditures and explain how the one-time resources will be replaced to continue funding the ongoing expenditures in the following fiscal years:

**S3. Use of Ongoing Revenues for One-time Expenditures**

1a. Does your district have large non-recurring general fund expenditures that are funded with ongoing general fund revenues?

1b. If Yes, identify the expenditures:

The District contributes \$400,000 of ongoing revenues to maintain 4CLE Project. In addition, the District continues to contribute about \$2 million in transfers to Special Reserve funds to support facility enhancements approved on the 10-Year Facilities Master Plan.

**S4. Contingent Revenues**

1a. Does your district have projected revenues for the budget year or either of the two subsequent fiscal years contingent on reauthorization by the local government, special legislation, or other definitive act (e.g., parcel taxes, forest reserves)?

1b. If Yes, identify any of these revenues that are dedicated for ongoing expenses and explain how the revenues will be replaced or expenditures reduced:

**S5. Contributions**

Identify projected contributions from unrestricted resources in the general fund to restricted resources in the general fund for the budget year and two subsequent fiscal years. Provide an explanation if contributions have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether contributions are ongoing or one-time in nature.

Identify projected transfers to or from the general fund to cover operating deficits in either the general fund or any other fund for the budget year and two subsequent fiscal years. Provide an explanation if transfers have changed from the prior fiscal year amounts by more than \$20,000 and more than ten percent. Explanation should include whether transfers are ongoing or one-time in nature.

Estimate the impact of any capital projects on the general fund operational budget.

Do you have any capital projects that may impact the general fund operational budget? Yes

\* Include transfers used to cover operating deficits in either the general fund or any other fund.

**S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects**

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for item 1d.

1a. MET - Projected contributions have not changed by more than the standard for the budget and two subsequent fiscal years.

**Explanation:**  
(required if NOT met)

1b. MET - Projected transfers in have not changed by more than the standard for the budget and two subsequent fiscal years.

**Explanation:**  
(required if NOT met)

1c. NOT MET - The projected transfers out of the general fund have changed by more than the standard for one or more of the budget or subsequent two fiscal years. Identify the amount(s) transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers.

**Explanation:**  
(required if NOT met)

Decrease transfer to Fund 17 for Community Funded Differential in 20-21 due to economic uncertainties and proposed budget cuts. In addition, decrease transfer out to Fund 13 by \$175,000 in 20-21. Contribution in 19-20 was to support decrease in revenue lost by distance learning.

1d. YES - Capital projects exist that may impact the general fund operational budget. Identify each project, including a description of the project, estimated completion date, original project budget, original source of funding, and estimated fiscal impact on the general fund.

**Project Information:**  
(required if YES)

Many projects planned in Fund 40 for FRRP and CIP are supported by General Fund transfers, providing future funding stream for projects described in LBUSD 10-Year Facilities Plan. The District has reserves in Fund 17 to meet the cash flow needs without negatively impacting the General Fund.

**S8. Status of Labor Agreements**

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

**ADDITIONAL FISCAL INDICATORS**

---

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A1 through A9 except item A3, which is automatically completed based on data in Criterion 2.

- |   |                                  |
|---|----------------------------------|
| <b>A1.</b> Do cash flow projections show that the district will end the budget year with a negative cash balance in the general fund?   | <input type="text" value="No"/>  |
| <b>A2.</b> Is the system of personnel position control independent from the payroll system?   | <input type="text" value="Yes"/> |
| <b>A3.</b> Is enrollment decreasing in both the prior fiscal year and budget year? (Data from the enrollment budget column and actual column of Criterion 2A are used to determine Yes or No)   | <input type="text" value="Yes"/> |
| <b>A4.</b> Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior fiscal year or budget year?  | <input type="text" value="No"/>  |
| <b>A5.</b> Has the district entered into a bargaining agreement where any of the budget or subsequent years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment? | <input type="text" value="No"/>  |
| <b>A6.</b> Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?  | <input type="text" value="No"/>  |
| <b>A7.</b> Is the district's financial system independent of the county office system?  | <input type="text" value="No"/>  |
| <b>A8.</b> Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education)   | <input type="text" value="No"/>  |
| <b>A9.</b> Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?  | <input type="text" value="No"/>  |

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.

**Comments:**  
(optional)

A3. The District is in Community Funded status, therefore declining enrollment is not a loss in LCFF revenue.
