**Clarification/Modifications**

**Attached are questions and answers received for this bid to date.**

**Questions:**

Can you please clarify what the service level would be for the totes? Are they used internally by the schools to transport recycling to the larger containers, so the monthly fee would be a rental fee or will they need to be emptied by our truck in addition to the larger recycling containers so we need to calculate a weekly service fee?

The totes are used internally to transport recycled goods to the larger containers. They require a monthly rental fee not a weekly service fee.
