CLARIFICATIONS

Below are Requests for Information (RFI) submitted to date, along with corresponding responses.

1. A few comments about the eSports laptops- Lenovo says that the requested video card can't be built with that laptop so they are going to provide a new laptop configuration. We also believe that these laptops are a bit underpowered for the games that RPS plays so we want to bid an alternative. We feel that desktops are a better option than laptops unless these were chosen because of a travel need. Will you accept an alternate bid?

We will accept alternates and corrected configurations, but they must be Lenovo.

2. Will you have different images for each type of computer?

There will be two images. One will be the universal image, one will be for the Project Lead the Way computers.

3. What are you referring to when you ask for a "Lenovo service tag"?

Please disregard the Lenovo service tag. This was listed in error.
