Details of the workshops

Making the PYP Happen: Implementing agency English (Category 1)

Recommended for:

All Primary Years Programme (PYP) teachers (early years, primary years, new to PYP and with some experience of the PYP).

This workshop invites you to inquire into your own teaching practices and reflect on how you can develop the capabilities of a PYP teacher. By exploring the PYP framework, you will connect how voice, choice and ownership are recognized and developed in all members of the IB community. You will be supported in your understanding of learning and teaching in a transdisciplinary, concept-driven curriculum and how to design this in your own school context.

PYP Workshop
Encouraging Children's Creative Instincts in the Classroom
English (Category 3)

Recommended for:
Classroom and specialist teachers

More than four decades ago, psychoanalyst Dr Silvano Arieti (1976) identified that, regardless of the viewpoint or societal effects, creativity is a subject to be studied, cherished and cultivated. Now, more than ever, educationalists are agreeing with him. The questions “What competencies will be required for the future?” and “What should be taught in schools?” are becoming increasingly important as education shifts from the acquisition of knowledge to the promotion of a set of 21st century competencies. Creativity features prominently on the list. Although creativity itself is a vast and elusive concept, we can look at tangible ways to promote creativity in the classroom and equip children for the future. In this workshop, you will develop the following understandings:

- the nature of creativity
- models and approaches to creativity
- the role of creativity in education
- creativity in the curriculum (teaching creatively and promoting creativity in children)
- ways to promote creativity in yourself and in your teaching practice building learning communities that promote creativity.

DP workshop
Theory of Knowledge
English (Categories 1 & 2)

Recommended for:
Theory of Knowledge (TOK) teachers new to the Diploma Programme (DP) and to experienced teachers who have prepared students for one or more exam sessions as part of the DP. The workshop will focus on:

- the new TOK guide (first teaching September 2020, first assessment May 2022)
- structuring a TOK course that integrates authentic assessment and encourages students to make links across the DP that will enhance their understanding
- addressing aspects of assessment in TOK to ensure that teaching and learning activities promote student achievement
- examining the dynamic nature that exists between creativity, activity, service (CAS) and TOK when emphasizing the importance of reflection and developing self-awareness
- Implementing DP policies and procedures

NB: Prior to the training, you might be contacted to bring any required material for the workshop.

**WIAIBE (IB ED, PYP, MYP, DP and CP)
Developing Service Learning
(Category 3)**

Recommended for:

All educators, IB coordinators and school leaders or decision-makers at any point in their journey as life-long learners.

How can educators develop students' intrinsic motivation for service learning in the school community and beyond? Challenging learning environments help students to develop the imagination and motivation they need in order to meet their own needs and the needs of others.

- Explore the core elements of action and service learning.
- Examine social entrepreneurship in the school context and use different models to evaluate alternative ways for schools to approach and manage projects that deal with critical social, economic and environmental issues.

NB: Prior to the training, you might be contacted to bring any required material for the workshop.
