

WELCOME TO AP STATS!!!

Enclosed you will find the summer work. It is chapter 4.

You will be reading chapter 4 and doing the assigned problems. Do your best. If you need help please email me and I will reply as soon as possible. You can also email each other, as I will be creating an email list to share with you all.

As you read the chapter and get to the problems, pay attention to the book. There are summaries at the end of each section. There are yield signs that offer advice and definitions listed throughout. This chapter is the only chapter without formulas. Much of this chapter is how you describe things, so your answer could be different from a friend and you can both be correct.
