## AP EUROPEAN HISTORY SUMMER ASSIGNMENT

Welcome to the wonderful world of AP European History! Beginning in September, we will embark on an intensive study of the events that have shaped European History from the Renaissance through today. In order to get a jump start on the material for which you will be responsible, you will complete some reading and writing assignments over the summer. I will expect you to have completed the summer assignment and pass it in on **the first day of class**. Please do not hesitate to contact me at the AP Euro hotline at either of the email addresses above with any questions you may have. Use your free time over the summer wisely!

**PART I: Map of Modern Europe**. Complete the map of Modern Europe. I have attached an outline map with the European countries and capitals. You should be able to identify the country and capital (spelled correctly) on an outline map. We will have a map test on the first week we are back.

**NOTE:** Don't memorize country numbers because I change them for the test. You can practice your knowledge of European countries & capitals by taking the geography challenge on the following websites:  
<https://online.seterra.com/en/vgp/3007>  
<https://online.seterra.com/en/vgp/3225>

### **PART II: Textbook Outline**

Please read and outline chapter 11. While you may use any notes taking system you like, you are responsible for all material in the chapter including any primary or sources throughout the chapter. Please thoroughly answer all questions at the start of the chapter in good complete sentences. This should be completed after you read and take notes. We will be using the notes and answers in class.

### **PART III: DBQ Preparation**

Please read the attached sources and answer the questions for each source. If you struggle with any of the sources, do not leave the questions blank but rather identify what is confusing you and write a clarifying question. There will be a DBQ and class discussion on the material for a test grade the first week of school.
