Captain  
Change

This week we investigated 'Growing Up'. We talked about all the ways people can change, for example; getting taller, getting older, being able to do more things and then asked: 'What does growing up mean?'

## Literacy

Our focus story this week has been 'When I grow up'. We investigated how we can 'use a range of tenses' when we discussed what we could do during different stages of our growth. We also looked at how our emotions change and the reasons why that is. For comprehension, we have been **sequencing two or more events** from a story using pictures.

## PHSE

We have introduced our **PSHE** curriculum to the children. This is in line with our mission statement; **Global Citizenship** and covers the areas of Health & Well-Being, Relationships, and Living in the Wider World. Our first theme for this half term is 'Dreams and Goals'.

This week we have focussed on 'obstacles and support'. For this our obstacle was not being able to see and the support was our friends guiding us safely around the FS1 garden whilst blindfolded.

## Phonics

This week, we practised our skills of segmenting and blending short words by listening to the sounds we could hear in these words. We played a game of **Buried Treasure** where we sounded out the word then decided if it was a true word or a fake word. If it was fake it was put into the 'bin'. We have also looked at words that begin with **i - ink/ insect** and **n - net/nest**

## Numeracy

This week in Numeracy we have 'ordered two or more items by length and height'. First we looked at all the children in class and decided who was the tallest and who was the shortest. We then looked at the size of our shoes and then drew around them we then measured them using cubifix blocks. We also investigated the different sizes in
