

# News From FS1

Cairo English School FS Department.

Volume 1, Issue 5 - 10th October 2019

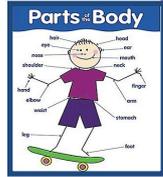

This week the theme of our learning has been 'All About my body' Look at all the fun things we have been doing.

## Literacy

Our theme for this week has been 'My Body'. We used talk to connect our ideas about what we know.

We learnt the names of different body parts, labelling them on a poster. We investigated our lungs and heart and what they do. We then listened to them before and after exercise using a stethoscope to see if changes occurred. Our focused book was 'My Body'. We had lots of fun doing some silly dancing.

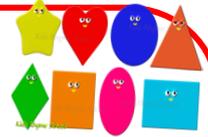

## Phonics

This week we have continued to investigate environmental sounds to further develop the children's listening skills and their awareness of sounds in the environment. We have played interactive and board games listening to household sounds and identifying them.

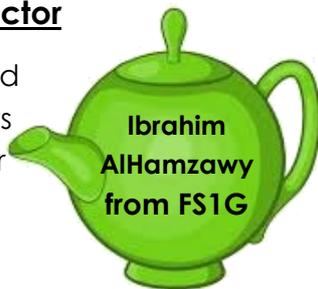

## Numeracy

This week we have been looking at the different shapes in our environment and we talked about what we know about them. We went on a shape hunt around the school to see which ones we could find. Keeping with the theme of our body we also counted how many body parts we have: such as how many eyes, ears, legs, toes and fingers we have.

## Tea with the Director
