Independent School District No. 197, West St. Paul-Mendota Heights-Eagan (District) has a responsibility to identify, evaluate, and make a free appropriate public education (FAPE) available to children with disabilities who reside in the District. If you would like more information about the evaluation process or the availability of special education services, please contact Molly Engle in Special Programs by email at [molly.enge@isd197.org](mailto:molly.enge@isd197.org) or by phone at 651-403-7011.

Parents of children with disabilities have the right to refuse special education services. If your child has met the eligibility criteria for special education, but you have decided not to have your child receive special education services from the District at this time, the District stands ready to serve your child in the event that you are interested in further evaluation or special education services in the future.
