July 2014

Dear Parents, Guardians, Students and Staff:

The Asbestos Hazard Emergency Response Act (AHERA) requires the William Penn School District to engage EPA-accredited individuals to conduct a three-year inspection plan and to develop an Asbestos Management Plan.

The Asbestos Management Plan provides a description of the amount, type, location and condition of the Asbestos Containing Materials (ACM) found in school district buildings. The Plan also contains a detailed schedule of responses and activities for handling the ACM.

The Management Plan is available for review by interested parents, faculty and staff in the school offices during business hours.

Very truly yours,

A. Jeff Cuff
Business Administrator/
Board Secretary
