

# Middle School Summer Activity Adventure

## How to Play:

- Continue to follow health and safety guidelines outlined by Washington State while completing activities.
- Choose activities from the board to complete.
- Color in an activity after you've completed it and add up your points.
- Once you've completed 200 points worth of activities, please fill out this [form](#) to share about your Summer Activity Adventure. When your form is received, you'll receive more information about how the Northshore Schools Foundation wants to celebrate and recognize a number of students and their summer learning with a fun surprise!
- **Optional:** Upload pictures and videos [here](#) to share your progress and inspire others!

## Adaptations:

- We encourage you to make changes to meet your family's needs!
  - For example, writing activities can become drawing or speaking activities, reading activities can involve text to speech or audio books, etc. Also, students can participate in English or any language they know.
  - Set point incentives to help motivate your individual student (ex. When you earn 100 points you can earn your favorite home cooked meal, extra screen time, etc.).

Offer to lend a helping hand to a family member or neighbor. <b>10 points</b>	<u>Read</u> a book from a new genre. <b>5 points</b>	Write a letter to someone you care about or to a leader about an issue that is important to you. <b>10 points</b>	Learn how to say a greeting in 5 new languages you do not already know. <b>5 Points</b>	Try cooking (with the help and permission of an adult). <b>5 points</b>
