[Approved by Governor October 01, 2015. Filed with Secretary of State October 01, 2015.]

LEGISLATIVE COUNSEL'S DIGEST

AB 329, Weber. Pupil instruction: sexual health education.

(1) Existing law, the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act, authorizes school districts to provide comprehensive sexual health education, consisting of age-appropriate instruction, in any of kindergarten and grades 1 to 12, inclusive, and requires school districts to ensure that all pupils in grades 7 to 12, inclusive, receive HIV/AIDS prevention education, as specified.

This bill would revise and recast these provisions to, among other things, integrate the instruction of comprehensive sexual health education and HIV prevention education. The bill would rename the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act the California Healthy Youth Act. The bill would specify additional purposes of the act. The bill would instead require school districts to ensure that all pupils in grades 7 to 12, inclusive, receive comprehensive sexual health education and HIV prevention education, as specified. By imposing additional requirements on school districts, this bill would impose a state-mandated local program.

(2) Existing law provides that these provisions do not apply to description or illustration of human reproductive organs in certain textbooks, or to instruction or materials that discuss gender, sexual orientation, or family life and do not discuss human reproductive organs and their functions.

This bill would revise the types of textbooks, instructions, and materials for which those provisions are

inapplicable.

(3) This bill would also make conforming changes.

(4) This bill would incorporate additional changes to Section 51938 of the Education Code proposed by AB 517 that would become operative if this bill and AB 517 are both enacted and this bill is enacted last.

(5) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Article 4. Notice and Parental Excuse

SEC. 13. Section 51937 of the Education Code is amended to read:

51937. It is the intent of the Legislature to encourage pupils to communicate with their parents or guardians about human sexuality and HIV and to respect the rights of parents or guardians to supervise their children's education on these subjects. The Legislature intends to create a streamlined process to make it easier for parents and guardians to review materials and evaluation tools related to comprehensive sexual health education and HIV prevention education, and, if they wish, to excuse their children from participation in all or part of that instruction or evaluation. The Legislature recognizes that while parents and guardians overwhelmingly support medically accurate, comprehensive sex education, parents and guardians have the ultimate responsibility for imparting values regarding human sexuality to their children.

SEC. 14. Section 51938 of the Education Code is amended to read:

51938. (a) A parent or guardian of a pupil has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent ("opt-out") process. (b) At the beginning of each school year, or, for a pupil who enrolls in a school after the beginning of the school year, at the time of that pupil's enrollment, each school district shall notify the parent or guardian of each pupil about instruction in comprehensive sexual health education and HIV prevention education and research on pupil health behaviors and risks planned for the coming year. The notice shall do all of the following:

(1) Advise the parent or guardian that written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education are available for inspection.

(2) Advise the parent or guardian whether the comprehensive sexual health education or HIV prevention education will be taught by school district personnel or by outside consultants. A school district may provide comprehensive sexual health education or HIV prevention education, to be taught by outside consultants, and may hold an assembly to deliver comprehensive sexual health education or HIV prevention education by guest speakers, but if it elects to provide comprehensive sexual health education or HIV prevention education in either of these manners, the notice shall include the date of the instruction, the name of the organization or affiliation of each guest speaker, and information stating the right of the parent or guardian to request a copy of this section, Section 51933, and Section 51934. If arrangements for this instruction are made after the beginning of the school year, notice shall be made by mail or another commonly used method of notification, no fewer than 14 days before the instruction is delivered.

(3) Include information explaining the parent's or guardian's right to request a copy of this chapter.

(4) Advise the parent or guardian that the parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV prevention education and that in order to excuse their child they must state their request in writing to the school district.

(c) Notwithstanding Section 51513, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex, may be administered to any pupil in grades 7 to 12, inclusive. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. A school district shall not require active parental consent ("opt-in") for these tests, questionnaires, or surveys in grades 7 to 12, inclusive. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must

state their request in writing to the school district.

SEC. 14.5. Section 51938 of the Education Code is amended to read:

51938. A school district shall not require active parental consent ("opt-in") for comprehensive sexual health education and HIV prevention education.

(b) At the beginning of each school year, or, for a pupil who enrolls in a school after the beginning of the school year, at the time of that pupil's enrollment, each school district shall notify the parent or guardian of each pupil about instruction in comprehensive sexual health education and HIV prevention education and research on pupil health behaviors and risks planned for the coming year. The notice shall do all of the following:

(1) Advise the parent or guardian that written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education are available for inspection and that during this inspection a parent or guardian may make copies at the parent's or guardian's pupil's school of any written educational material that will be distributed to pupils, if it is not copyrighted and has been or will be presented by an outside consultant or guest speaker.

(2) Advise the parent or guardian whether the comprehensive sexual health education or HIV prevention education will be taught by school district personnel or by outside consultants. A school district may provide comprehensive sexual health education or HIV prevention education, to be taught by outside consultants, or may hold an assembly to deliver comprehensive sexual health education or HIV prevention education by guest speakers, but if the school district elects to provide comprehensive sexual health education or HIV prevention education in either of these manners, the notice shall include the date of the instruction, the name of the organization or affiliation of each outside consultant and guest speaker, the training in comprehensive sexual health education and HIV prevention education of each outside consultant and guest speaker, and information stating the right of the parent or guardian to request a copy of this section, Section 51933, and Section 51934. If arrangements for this instruction are made after the beginning of the school year, notice shall be made by mail or another commonly used method of notification, no fewer than 14 days before the instruction is delivered.

(3) Include information explaining the parent's or guardian's right to request a copy of this chapter.

(4) Advise the parent or guardian that the parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV prevention education and that in order to excuse their child they must state their request in writing to the school district.

(c) A school district shall allow a pupil's parent or guardian to inspect any written or audiovisual educational material used in comprehensive sexual health education and HIV prevention education. A parent or guardian may, during inspection, make copies at the parent's or guardian's pupil's school of any written educational material that will be distributed to pupils, if it is not copyrighted and has been or will be presented by an outside consultant or guest speaker. If a parent or guardian elects to make copies, the school may charge up to ten cents (\$0.10) per page.

(d) Notwithstanding Section 51513, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex, may be administered to any pupil in grades 7 to 12, inclusive. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. A school district shall not require active parental consent ("opt-in") for these tests, questionnaires, or surveys in grades 7 to 12, inclusive.

Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to the school district.

(e) The use of outside consultants or guest speakers as described in paragraph (2) of subdivision (b) is within the discretion of the school district.

SEC. 15. Section 51939 of the Education Code is amended to read:

51939. (a) A pupil may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks, if the school has received a written request from the pupil's parent or guardian excusing the pupil from participation.

(b) A pupil may not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

(c) While comprehensive sexual health education, HIV prevention education, or anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks is being administered, an alternative educational activity shall be made available to pupils whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

SEC. 16. Section 14.5 of this bill incorporates amendments to Section 51938 of the Education Code proposed by both this bill and Assembly Bill 517. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2016, (2) each bill amends Section 51938 of the Education Code, and (3) this bill is enacted after Assembly Bill 517, in which case Section 14 of this bill shall not become operative.

SEC. 17. If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
