

ISU Merit & Needs Based Scholarship Programme

Purpose: To promote excellence by offering a partial scholarship to exceptionally achieving students.

The ISU scholarship programme aims to provide a pre-university education of international standards to academically gifted students commencing the Diploma Programme. The scholarships will be awarded for a two-year period. Students whose school fees are fully paid through an outside source are not eligible for this scholarship. The programme seeks to identify students who have the aptitude to thrive in an international setting, set a good example to their peers and become future leaders in their community and without this scholarship would not be able to financially attend ISU.
