- Specify what work to be done
- Number of days to complete the work and the number of days needed to start the job after receiving authorization from a Participant.

Note: any specialized equipment which is rented by the Contractor for use on a project and is intended to be billed as a direct charge shall be identified on the initial Short Term Contract/Quotation Form and shall

be charged to the Participant(s) at the actual cost to the Roofing Contractor plus the percent mark-up over the Contractor's cost as per the proposal page.

Workers shall wear proper attire for the work being performed, including appropriate personal protective and safety equipment, provided by the Roofing Contractor at their own expense.

The Roofing Contractor shall coordinate with other trades performing work on designated projects (i.e.) general contractors, electricians, etc. if necessary. Participant(s) shall perform overall scheduling and phasing when other trades are involved.

TRAVEL TIME:

All labor shall be billed from the time bidder's employee arrives at; to the time he departs from the Participant's job site. Participants will not accept nor authorize payment for travel time or expenses of service personnel to any of the locations. The only billable time will be for service work performed.

WARRANTY:

The Contractor shall warranty all work performed for a period of one year upon completion of the work. Any repair or replacement for any and all failures within that period will be at the expense of the Contractor. Materials provided by the Contractor shall carry material manufacturer's standard guarantee.

All work under this contract shall have a minimum, a one (1) year warranty from the date of final acceptance thereof against any latent defects, caused by workmanship or installation.

Unplanned work/service calls - shall be provided during and after normal work hours, twenty four (24) hours a day, 7 days a week, including holidays. Contract Process - Once all the awards are made, the Participant(s) will contact the Prime vendor when a project comes up. The two parties will meet, discuss the project and establish all of the necessary criteria. The Participant(s) will then supply the vendor with a "Short Term Contract/Quote Form" (copy enclosed) detailing the projects requirements, start and end date as well as any other pertinent information. The vendor will insert a totally inclusive price for the project in the appropriate place, include or attach a breakdown separating labor and materials, then sign and return the form to the Participant(s) within two (2) working days (for non-emergency work). If the Participant(s) feels the quote is in line with its estimate, they will issue a purchase order to the vendor. The vendor should use the purchase order as a notice to proceed.

Should the Participant(s) deem the quote to be in excess of what the Participant(s) is willing to pay for that particular project, the Participant(s) reserves the right to reject the quote and go Second Vendor and request a quote for the same project scope & time frame.

Or if the Prime vendor does not return the Short Term Contract/Quote Form within the timeframe required, or is not available when contacted to perform emergency work, the Participants reserve the right to go to the Second Vendor for that particular project only.

If the Prime and the Second do not return the Short Term Contract/Quote Form within the timeframe required, not available when contacted to perform emergency work, or quotes are in excess of what the Participant(s) is willing to pay for the particular Project, the Participants reserve the right to go outside the contract for that particular project only.

The Participant(s) will always give the Prime vendor the opportunity to perform the service, unless a pattern of non-responsiveness is shown, at which time the vendor's contract may be terminated and the Second vendor shall become the Prime.

Note: No work is to proceed or materials ordered until such time as a purchase order is received by the vendor for each specific project.

Changes - If changes in the work are required, they will be directed in writing by field order. In the event a change requires adjustment in costs, the following methods may be used:

- a. Agreed upon lump sum
- b. Verified cost for time and materials, plus a mark-up of 10% overhead and 10% profit.
- c. Processed with work and review at later date
- d. In no event may the contractor stop the work due to an inability to arrive at an agreed upon method of billing, but must proceed "under protest".
