

# WESTPORT HIGH REVISED PROPOSAL STAKEHOLDER FEEDBACK

Name \_\_\_\_\_

Zip Code \_\_\_\_\_

1

I  Live /  Work in the following neighborhood

Southmoreland

Old Hyde Park

Hyde Park

Other \_\_\_\_\_

I have attended previous Westport High repurposing meeting(s) with Kansas City Public Schools  Yes  No

2

The current agreement between Kansas City Public Schools (KCPS) and Sustainable Development Partners (SDP) does not allow for any development on the existing track/field area other than parking, open space and/or recreational space without written consent from KCPS Board. SDP has requested the use restriction be revised to also allow for residential/educational development. The current agreement also calls for the historic reuse of the existing school building. SDP has requested this be revised to historic use of the original building (which would allow for demolition of the addition(s)).

Do you support the SDP request to revise the use restriction to allow for residential/educational development (in addition to open green space) on the track/field area as approved by the City Plan Commission/City Council? Do you support the SDP request to limit the requirement for historic reuse to original building?

Yes

Yes, with conditions

Neutral

No

3

If you selected **Yes, with conditions**, please advise what conditions should apply.
