To Whom It May Concern:

My child _____, will not be attending Outdoor Science School on

_____.

(Date)

I understand that my child is still expected to attend school every day during the week of OSS. Students who don't attend OSS have fifth grade curriculum to be completed at school during this week that mirrors the curriculum that students at OSS are receiving.

I am aware that there is financial assistance available to aid any family who desires to send their student to camp.
